3. Indirect Costs

This section applies to all grant recipients that request reimbursement of indirect costs in their grant application. In accordance with HHS Grants Policy Statement, Part II-27, IHS requires applicants to obtain a current indirect cost rate agreement prior to award. The rate agreement must be prepared in accordance with the applicable cost principles and guidance as provided by the cognizant agency or office. A current rate covers the applicable grant activities under the current award's budget period. If the current rate is not on file with the DGO at the time of award, the indirect cost portion of the budget will be restricted. The restrictions remain in place until the current rate is provided to the DGO.

Generally, indirect costs rates for IHS grantees are negotiated with the HHS Division of Cost Allocation <http://rates.psc.gov/> and the Department of the Interior (National Business Center) at <http://www.aqd.nbc.gov/indirect/indirect.asp>. If your organization has questions regarding the indirect cost policy, please contact the DGO at (301) 443-5204.

4. Reporting Requirements

The DDTP and the DGO have requirements for progress reports and financial reports based on the terms and conditions of this grant as noted below.

A. Progress Reports

Program progress reports are required semi-annually. These reports must include at a minimum: reporting of Best Practice measures; and a brief comparison of actual accomplishments to the goals established for the budget period or provide sound justification for the lack of progress.

B. Financial Status Reports

Annual financial status reports are required until the end of the project period. Reports must be submitted within 30 days of due dates. The final financial status report is due within 90 days after the end of the 24 month project period. Standard Form 269 (long form for those reporting program income; short form for all others) will be used for financial reporting.

Grantees are responsible and accountable for accurate reporting of the Progress Reports and Financial Status Reports (FSR). According to SF-269 instructions, the final SF-269 must be verified from the grantee records to support the information outlined in the FSR.

Failure to submit required reports within the time allowed may result in suspension or termination of an active grant, withholding of additional awards for the project, or other enforcement actions such as withholding of payments or converting to the reimbursement method of payment. Continued failure to submit required reports may result in one or both of the following: (1) The imposition of special award provisions; and (2) the non-funding or non-award of other eligible projects or activities. This applies whether the delinquency is attributable to the failure of the grantee organization or the individual responsible for preparation of the reports.

C. FY 2007 and FY 2008 Single Audit Reports

Applicants who have an active SDPI grant are required to be up-to-date in the submission of required reports.

Documentation of (or proof of submission) of current FY 2008 and FY 2007 Audit Reports is mandatory.

Telecommunication for the hearing impaired is available at: TTY (301) 443-6394.
