

After consideration of all relevant matter presented, including the information and recommendation submitted by the Committee and other available information, it is hereby found that this rule, as hereinafter set forth, will tend to effectuate the declared policy of the Act.

Pursuant to 5 U.S.C. 553, it also found and determined that good cause exists for not postponing the effective date of this rule until 30 days after publication in the Federal Register because handlers are already shipping prunes from the 2009–10 crop and the Committee needs to have sufficient funds to pay its expenses, which are incurred on a continuous basis. Further, handlers are aware of this action, which was recommended by the Committee at a public meeting and is similar to other assessment rate actions issued in past years. Finally, a 30-day comment period was provided for in the proposed rule.

Modification of Class E Airspace; Franklin, NC

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Direct final rule; confirmation of effective date.

SUMMARY: This action confirms the effective date of an airspace action, which was previously published as a

direct final rule in the **Federal Register**, for the Macon County Airport in Franklin, NC.

DATES: *Effective Date:* 0901 UTC, September 25, 2009. The Director of the Federal Register approves this incorporation by reference action under title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

SUPPLEMENTARY INFORMATION:

Confirmation of Effective Date

The FAA published this direct final rule with a request for comments in the **Federal Register** on December 17, 2008 (73 FR 76519), Docket No. FAA–2008–0986; Airspace Docket No. 08–ASO–15. The FAA uses the direct final rulemaking procedure for a non-controversial rule where the FAA believes that there will be no adverse public comment. This direct final rule advised the public that no adverse comments were anticipated, and that unless a written adverse comment, or a written notice of intent to submit such an adverse comment, were received within the comment period, the regulation would become effective on March 12, 2009. No adverse comments were received, and thus this notice confirms that effective date.
