

United States during the period of investigation (“POI”). Pursuant to section 751(a)(2)(B)(i)(II) of the Act and 19 CFR 351.214(b)(2)(iii)(A), Maanshan Leader certified that, since the initiation of the investigation, it has never been affiliated with any exporter or producer who exported certain steel nails to the United States during the POI, including those not individually examined during the investigation. As required by 19 CFR 351.214(b)(2)(iii)(B), Maanshan Leader has also certified that its export activities are not controlled by the central government of the PRC.

In addition to the certifications described above, Maanshan Leader submitted documentation establishing the following: (1) the date on which it first shipped certain steel nails for export to the United States and the date on which the certain steel nails first entered, or withdrawn from warehouse, for consumption; (2) the volume of its first shipment; and (3) the date of its first sales to an unaffiliated customer in the United States.

Pursuant to section 751(a)(2)(B)(ii) of the Act and 19 CFR 351.214(d)(1), we are initiating this new shipper review for shipments of certain steel nails from the PRC produced and exported by Maanshan Leader.

We intend to issue preliminary results of this review no later than 180 days from the date of initiation, and final results of these reviews no later than 270 days from the date of initiation. *See* section 751(a)(2)(B)(iv) of the Act.

We will instruct U.S. Customs and Border Protection to allow, at the option of the importer, the posting, until the completion of the review, of a bond or security in lieu of a cash deposit for each entry of the subject merchandise from Maanshan Leader in accordance with section 751(a)(2)(B)(iii) of the Act and 19 CFR 351.214(e). Because Maanshan Leader certified that it both produced and exported the subject merchandise, the sale of which is the basis for this new shipper review request, we will apply the bonding privilege to Maanshan Leader only for subject merchandise which Maanshan Leader both produced and exported.

Interested parties requiring access to proprietary information in this new shipper review should submit applications for disclosure under administrative protective order in accordance with 19 CFR 351.305 and 351.306. This initiation and notice are in accordance with section 751(a)(2)(B) of the Act and 19 CFR 351.214 and 351.221(c)(1)(i).

Dated: September 21, 2009.

John M. Andersen,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Certain Frozen Fish Fillets From the Socialist Republic of Vietnam: Initiation of New Shipper Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: September 25, 2009.

SUMMARY: The Department of Commerce (“Department”) has determined that a request for a new shipper review of the antidumping duty order on certain frozen fish fillets from the Socialist Republic of Vietnam, received on July 31, 2009, meets the statutory and regulatory requirements for initiation. The period of review (“POR”) of this new shipper review is August 1, 2008, - July 31, 2009.

FOR FURTHER INFORMATION CONTACT: Javier Barrientos AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-2243.

SUPPLEMENTARY INFORMATION:

Background

The antidumping duty order on certain frozen fish fillets from the Socialist Republic of Vietnam was published in the **Federal Register** on August 12, 2003. *See Notice of Antidumping Duty Order: Certain Frozen Fish Fillets from the Socialist Republic of Vietnam*, 68 FR 47909 (August 12, 2003). On July 31, 2009, we received a timely request for a new shipper review from CUU Long Fish Joint Stock Company (“CL-Fish”) in accordance with 19 CFR 351.214(c) and 351.214(d)(2). CL-Fish has certified that it is both the producer and exporter of the subject merchandise upon which the request for the new shipper review is based.

Initiation of New Shipper Reviews

Pursuant to section 751(a)(2)(B)(i)(I) of the Tariff Act of 1930, as amended (“Act”), and 19 CFR 351.214(b)(2), CL-Fish certified that it did not export

certain frozen fish fillets to the United States during the period of investigation (“POI”). Pursuant to section 751(a)(2)(B)(i)(II) of the Act and 19 CFR 351.214(b)(2)(iii)(A), CL-Fish certified that, since the initiation of the less-than-fair-value investigation, it has never been affiliated with any exporter or producer who exported certain frozen fish fillets to the United States during the POI, including those not individually examined during the less-than-fair-value investigation. As required by 19 CFR 351.214(b)(2)(iii)(B), CL-Fish has also certified that its export activities are not controlled by the central government of Vietnam.

In addition to the certifications described above, CL-Fish submitted documentation establishing the following: (1) the date on which it first shipped certain frozen fish fillets for export to the United States and the date on which the certain frozen fish fillets first entered, or withdrawn from warehouse, for consumption; (2) the volume of its first shipment; and (3) the date of its first sales to an unaffiliated customer in the United States.

Pursuant to section 751(a)(2)(B) of the Act and 19 CFR 351.214(d)(1), we are initiating this new shipper review for shipments of certain frozen fish fillets from Vietnam produced and exported by CL-Fish.

We intend to issue preliminary results of this review no later than 180 days from the date of initiation, and final results of these reviews no later than 270 days from the date of initiation. *See* section 751(a)(2)(B)(iv) of the Act.

We will instruct the United States Customs and Border Protection (“CBP”) to allow, at the option of the importer, the posting, until the completion of the review, of a bond or security in lieu of a cash deposit for each entry of the subject merchandise from CL-Fish in accordance with section 751(a)(2)(B)(iii) of the Act and 19 CFR 351.214(e). Because CL-Fish certified that it both produced and exported the subject merchandise, the sale of which is the basis for this new shipper review request, we will apply the bonding privilege to CL-Fish only for subject merchandise which the respondent both produced and exported.

Interested parties requiring access to proprietary information in this new shipper review should submit applications for disclosure under administrative protective order in accordance with 19 CFR 351.305 and 351.306. This initiation and notice are in accordance with section 751(a)(2)(B) of the Act and 19 CFR 351.214 and 351.221(c)(1)(i).

specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT:

Tammy Adams or Amy Sloan, (301)713-2289.

SUPPLEMENTARY INFORMATION: The subject amendment is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*), and the regulations governing the taking and importing of marine mammals (50 CFR part 216).

Permit No. 358-1787, issued on March 10, 2006 (71 FR 14503; March 22, 2006), authorizes the permit holder to conduct surveys of, capture of, tissue sampling of, and attachment of tags and scientific instruments to harbor seals (*Phoca vitulina*), spotted seals (*P. largha*), ringed seals (*P. hispida*), ribbon seals (*P. fasciata*), and bearded seals (*Erignathus barbatus*) in Alaska. The purpose of the permitted research is to allow studies to describe the ecology and behavior of these pinnipeds in Alaska. The permit was modified on June 12, 2006, by minor amendment (Permit No. 358-1787-01) to extend the expiration date to December 31, 2011, and adjust the annual reporting period to accommodate the timing of field seasons. A second minor amendment (Permit No. 358-1787-02) was issued on April 4, 2008, to include within the existing allowance for incidental harassment "planned vessel approaches" of harbor seals that have been instrumented with heart-rate monitors and time-depth recorders. That minor amendment did not result in takes of more harbor seals than were already permitted; and the objective was to examine the potential effects of vessel traffic on the metabolic rate and energetic budgets of harbor seals.

The permit holder now requests to increase the number of ringed, bearded, spotted, and ribbon seals that may be captured, from 50 per year to 100 per year, to allow for selection of animals of specific age, sex, and molt condition. For these four species, the holder also requests to include permission to (1) administer diazepam as needed to sedate seals acting aggressively, (2) pull a whisker for stable isotope analyses of diet; and (3) include using a dip net from a boat as an additional capture method. The amendment would be valid for the duration of the permit, which expires on December 31, 2011.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically excluded from the requirement to

prepare an environmental assessment or environmental impact statement.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of this application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: September 21, 2009.

Chief, Permits, Conservation and Education Division, Office of Protected Resources, National Marine Fisheries Service.
