to 0.3 ppm because the Agency's tolerance spreadsheet determined that the lower value was more appropriate based on the field trial data. EPA increased the tolerance for sorghum, grain, grain (termed sorghum, grain in PP#8F7385) from 0.5 ppm to 0.60 ppm because the Agency's tolerance spreadsheet determined that the higher value was more appropriate based on the field trial data.

V. Conclusion

Therefore, tolerances are established for combined residues of pyraclostrobin (carbamic acid, [2-[[[1-(4-chlorophenyl)-1H- pyrazol-3-

yl]oxy]methyl]phenyl]methoxy-, methyl ester) and its desmethoxy metabolite (methyl N-[[[1-(4-chlorophenyl)-1Hpyrazol-3-yl]oxy]methyl]phenyl carbamate), expressed as parent compound, in or on coffee, bean, green at 0.3 ppm; fruit, stone, group 12 at 2.5 ppm; sorghum, grain, forage at 5.0 ppm; sorghum, grain, grain at 0.60 ppm; and sorghum, grain, stover at 0.80 ppm

VI. Statutory and Executive Order Reviews

This final rule establishes tolerances under section 408(d) of FFDCA in response to a petition submitted to the Agency. The Office of Management and Budget (OMB) has exempted these types of actions from review under Executive Order 12866, entitled Regulatory Planning and Review (58 FR 51735, October 4, 1993). Because this final rule has been exempted from review under Executive Order 12866, this final rule is not subject to Executive Order 13211, entitled Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use (66 FR 28355, May 22, 2001) or Executive Order 13045, entitled Protection of Children from Environmental Health Risks and Safety Risks (62 FR 19885, April 23, 1997). This final rule does not contain any information collections subject to OMB approval under the Paperwork Reduction Act (PRA), 44 U.S.C. 3501 et seq., nor does it require any special considerations under Executive Order 12898, entitled Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations (59 FR 7629, February 16, 1994).

Since tolerances and exemptions that are established on the basis of a petition under section 408(d) of FFDCA, such as the tolerance in this final rule, do not require the issuance of a proposed rule, the requirements of the Regulatory Flexibility Act (RFA) (5 U.S.C. 601 *et seq.*) do not apply.

This final rule directly regulates growers, food processors, food handlers, and food retailers, not States or tribes. nor does this action alter the relationships or distribution of power and responsibilities established by Congress in the preemption provisions of section 408(n)(4) of FFDCA. As such, the Agency has determined that this action will not have a substantial direct effect on States or tribal governments, on the relationship between the national government and the States or tribal governments, or on the distribution of power and responsibilities among the various levels of government or between the Federal Government and Indian tribes. Thus, the Agency has determined that Executive Order 13132, entitled Federalism (64 FR 43255, August 10, 1999) and Executive Order 13175, entitled Consultation and Coordination with Indian Tribal Governments (65 FR 67249, November 9, 2000) do not apply to this final rule. In addition, this final rule does not impose any enforceable duty or contain any unfunded mandate as described under Title II of the Unfunded Mandates Reform Act of 1995 (UMRA) (Public Law 104-4).

This action does not involve any technical standards that would require Agency consideration of voluntary consensus standards pursuant to section 12(d) of the National Technology Transfer and Advancement Act of 1995 (NTTAA), Public Law 104–113, section 12(d) (15 U.S.C. 272 note).

VII. Congressional Review Act

The Congressional Review Act, 5 U.S.C. 801 et seq., generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of this final rule in the Federal Register. This final rule is not a "major rule" as defined by 5 U.S.C. 804(2).

SUPPLEMENTARY INFORMATION:

I. Background

In FR Doc. E8-18663 of August 27, 2009 (74 FR 43754), the final rule with comment period entitled "Medicare Program; Changes to the Hospital Inpatient Prospective Payment Systems for Acute Care Hospitals and Fiscal Year 2010 Rates and to the Long-Term Care Hospital Prospective Payment System and Rate Year 2010 Rates'' (hereinafter referred to as the FY 2010 IPPS/RY 2010 LTCH PPS final rule) there were a number of technical errors that are identified and corrected in the Correction of Errors section below. The provisions in this correction notice are effective as if they had been included in the document published August 27 2009. Further, changes to our rates have already been made through PRICER and joint signature memoranda. Accordingly, the corrections are effective October 1, 2009.

II. Summary of Errors

A. Errors in the Preamble

On page 43889, in our discussion of the submission period for annual electronically acknowledgement of the completeness and accuracy of data, the submission period was incorrectly indicated as once between January 1, 2010 and August 15, 2010. Therefore, in section III.A.1. of this notice, we are correcting our discussion to require hospitals to electronically acknowledge their data accuracy and completeness once between July 1, 2010 and August 15, 2010 for the FY 2011 payment determination.

On page 43920, in our discussion of hospital emergency services under the Emergency Medical Treatment and Labor Act (EMTALA), we made a technical error in a parenthetical phrase by noting that emphasized text was underlined instead of italicized. Therefore, in section III.A.2. of this notice, we are correcting the phrase "(which are underlined)" to read "(which are italicized)."

On page 43934, in our discussion regarding critical access hospitals (CAHs) and provider-based entities, we inadvertently provided the following incorrect example "For example, a CAH-based RHC with 50 or more beds is a provider-based entity because it is paid based on the RHC payment methodology at 42 CFR 405.2462." In section III.A3. of this notice, we are correcting the example.

On page 43994, we inadvertently misnumbered the heading for sections "XI. MedPAC Recommendations" and "XII. Other Required Information" and we are correcting these numbering errors in section III.A.4. of this notice.

B. Errors in the Addendum

On pages 44011, 44015, 44017, 44019, 44020, 44021, and 44031, we inadvertently cited that the forecast of the FY 2006-based capital input price index (CIPI) for FY 2010 is 1.4 percent. However, the FY 2006-based CIPI for FY 2010 is forecast 1.2 percent, as stated in the preamble of the FY 2010 IPPS/RY 2010 LTCH PPS final rule. We are correcting this error in the update to the capital rates. We are also correcting that capital outlier offset since outlier payments are determined based on the capital rates. (See sections III.B.3. through 7. of this notice.)

On page 44031, in Table 1A-National Adjusted Operating Standardized Amounts. Labor/Nonlabor (68.8 Percent Labor Share/31.2 Percent Nonlabor Share If Wage Index Is Greater Than 1) and Table 1B-National Adjusted Operating Standardized Amounts, Labor/Nonlabor (62 Percent Labor Share/38 Percent Nonlabor Share If Wage Index Is Less Than or Equal to 1), we are correcting a typographical error in the column headings for the "reduced update." Section 1886(b)(3)(B)(viii) of the Act provides for a reduction of 2.0 percentage points from the update percentage increase (also known as the market basket update) for FY 2007 and subsequent fiscal years. As stated in the preamble to the FY 2010 IPPS/RY 2010 LTCH PPS final rule, the market basket update to the national adjusted operating standardized amounts for FY 2010 is 2.1 percent. Therefore, the reduced update to the national adjusted operating standardized amounts for hospitals that fail to submit quality data consistent with section 1886(b)(3)(B)(viii) of the Act for FY 2010 is 0.1 percent (that is, 2.1 percent minus 2.0 percent). However, Tables 1A and 1B erroneously cite that the reduced update is 1.1 percent; and therefore, we are correcting

this error in the column headings. (See section III.B.7. of this notice.)

On page 44031, in Table 1D—Capital Standard Federal Payment Rate, we are correcting an inadvertent error in the update to the capital rates, wherein the Addendum of the FY 2010 IPPS/RY 2010 LTCH PPS final rule, in establishing the capital update, we erroneously cited the CIPI forecast for FY 2010 as 1.4 percent. However, as stated in the preamble of that final rule, the CIPI for FY 2010 is 1.2. We are correcting this error in the update to the capital rates (*see* section III.B.7. of this notice).

On pages 44032 through 44078, in Table 2.—Acute Care Hospitals Case-Mix Indexes for Discharges Occurring in Federal Fiscal Year 2008; Hospital Wage Indexes for Federal Fiscal Year 2010; Hospital Average Hourly Wages for Federal Fiscal Years 2008 (2004 Wage Data), 2009 (2005 Wage Data), and 2010 (2006 Wage Data); and 3-Year Average of Hospital Average Hourly Wages, we are correcting technical errors in hospitals' wage data or geographic classifications that were used in calculating the wage index that was published in the FY 2010 IPPS/RY 2010 LTCH PPS final rule. We are correcting Table 2 by adding the wage data for provider 230105, which through an inadvertent typographical error was omitted from the table. In addition, we are correcting inadvertent errors in the case mix index and FY 2010 wage index for provider 110230. We note that the correction of these errors do not require us to recalculate the wage indexes for other providers that are located in or reclassified to the same geographic area because provider 110230 is a new provider and has no average hourly wage data. Also, in accordance with our regulations regarding midvear corrections to the wage index (42 CFR 412.64(k)(2)(ii)), we are correcting the wage data for 4 providers (310034, 310052, 310073, and 330005). Other corrections to Table 2 address the addition of a hospital's wage and occupational mix data that were erroneously excluded from the final FY 2010 wage index (provider 050335) and the removal of a hospital's wage data that were erroneously included in the final FY 2010 wage index (provider 050325). In addition, we are correcting errors in geographic classifications for 5 providers (providers 150015, 230195, 330106, 340010, and 390201). As a result of the wage data, occupational mix data, and geographic classification corrections made for the 11 providers noted, we are also correcting the wage index for other providers that are located in or reclassified to the same

geographic area. (*See* section III.B.8. of this notice.)

On page 44079, in Table 3A—FY 2010 and 3-Year* Average Hourly Wage for Acute Care Hospitals in Urban Areas by CBSA and Table 3B—FY 2010 and 3-Year* Average Hourly Wage for Acute Care Hospitals in Rural Areas by CBSA, we are correcting certain area average hourly wages based on corrections to errors in hospital wage data for several providers. As discussed previously, in Table 2 we are correcting the wage data for 4 providers. The corrections to the wage data for provider 330005 also require a correction in the associated area average hourly wage. Therefore, in section III.B.9. of this notice, we are correcting the area average hourly wage for CBSA 15380 (Buffalo-Niagara Falls, NY). (The corrections to the wage data for providers 310034, 310052, 310073 do not result in a change to the associated area average hourly wage.)

On page 44084, in Table 3B—FY 2010 and 3-Year* Average Hourly Wage for Acute Care Hospitals in Rural Areas by CBSA, we are correcting an area average hourly wage based on corrections to errors in the wage data for two providers. As discussed previously, in Table 2 we are correcting the wage and occupational mix data for providers 050335 and 050325. The corrections to the wage data for these providers also require correction of the associated area average hourly wage. Therefore, in section III.B.10. of this notice, we are correcting the area average hourly wage for CBSA 05 (California).

On pages 44085 through 44095, in Table 4A.—Wage Index and Capital Geographic Adjustment Factor (GAF) for Acute Care Hospitals in Urban Areas, Table 4B.—Wage Index and Capital Geographic Adjustment Factor (GAF) for Acute Care Hospitals in Rural Areas and Table 4C.—Wage Index and Capital Geographic Adjustment Factor (GAF) for Acute Care Hospitals that are Reclassified, we are correcting technical errors in hospitals' geographic classifications that were used in calculating the wage index that was published in the FY 2010 IPPS/RY 2010 LTCH PPS final rule. After correcting the geographic classification for provider 230195 (that is, removing the provider from Table 9A), there are no longer any hospitals that are reclassified to CBSA 19804 for the FY 2010 wage index. (See sections III.B.11. through 13. of this notice.)

On page 44121 and 44122, in Table 4J—Out-Migration Adjustment for Acute Care Hospitals—FY 2010, we are correcting a technical error in the data that were used in computing the outmigration adjustments that were published in the FY 2010 IPPS/RY 2010 LTCH PPS final rule. We are correcting the outmigration adjustment for providers in Wayne County, MI, only. However, this correction has no impact on the wage index values in Tables 2, 4A, and 4B because all of the Wayne County providers are reclassified instead to Ann Arbor, MI (CBSA 11460). Therefore, they are ineligible to receive the outmigration adjustment. (*See* section III.B.14. of this notice.)

On page 44140, in Table 6E.—Revised Diagnosis Code Titles, we made a typographical error in the description of diagnosis code 793.99. Therefore, we are correcting the phrase "radiological and other examination" to read "radiological and other examinations." (See section III.B.15. of this notice.)

On page 44161 and 44173, in Table 9A.—Hospital Reclassifications and Redesignations-FY 2010, we are correcting technical errors in hospitals' geographic classifications that were used in calculating the wage index that was published in the FY 2010 IPPS/RY 2010 LTCH PPS final rule. Providers 110230, 150015, 230195, and 390201 were erroneously listed in Table 9A of the Addendum to that final rule as being reclassified; and therefore, we are correcting the table by removing these providers. Conversely, provider 330106 was inadvertently omitted from the Table 9A: and therefore, we are correcting this error by adding this provider. (See section III.B.16. of this notice.)

On page 44173, in Table 9C.— Hospitals Redesignated as Rural Under Section 1886(d)(8)(E) of the Act—FY 2010, we inadvertently omitted provider 340010. Therefore we are correcting this error by adding this provider. (*See* section III.B.17. of this notice.)

On pages 44195 and 44212, in Table 12A.—LTCH PPS Wage Index for Urban Areas for Discharges Occurring From October 1, 2009 Through September 30, 2010 and Table 12B.—LTCH PPS Wage Index for Rural Ares for Discharges Occurring From October 1, 2009 Through September 30, 2010, consistent with the corrections to the IPPS wage data discussed in this notice, we are correcting technical errors in hospitals' wage data that were used in calculating the LTCH PPS wage index that was published in the FY 2010 IPPS/RY 2010 LTCH IPPS final rule. (See sections III.B.18. and 19. of this notice.)

On pages 44213, 44228 through 44230, and 44234 through 44235, we are correcting the impact analysis to reflect the correct CIPI of 1.2 percent rather than 1.4 percent and the payment estimates associated with the CIPI. (*See* sections III.B.20. through 24. of this notice.)

III. Waiver of Proposed Rulemaking and Delay in Effective Date

We ordinarily publish a notice of proposed rulemaking in the **Federal Register** to provide a period for public comment before the provisions of a rule take effect in accordance with section 553(b) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). However, we can waive this notice and comment procedure if the Secretary finds, for good cause, that the notice and comment process is impracticable, unnecessary, or contrary to the public interest, and incorporates a statement of the finding and the reasons therefore in the notice.

Section 553(d) of the APA ordinarily requires a 30-day delay in effective date of final rules after the date of their publication in the **Federal Register**. This 30-day delay in effective date can be waived, however, if an agency finds for good cause that the delay is impracticable, unnecessary, or contrary to the public interest, and the agency incorporates a statement of the findings and its reasons in the rule issued.

We are waiving proposed rulemaking and the 30-day delayed effective date for the technical corrections in this notice. This notice merely corrects typographical and technical errors in the preamble, and addendum of the FY 2010 IPPS/RY 2010 LTCH PPS final rule and does not make substantive changes to the policies or payment methodologies that were adopted in that final rule. As a result, this notice is intended to ensure that the FY 2010 IPPS/RY 2010 LTCH PPS final rule accurately reflects the policies adopted in that final rule and it would be impracticable, unnecessary, and contrary to the public interest to undertake further notice and comment procedures to incorporate these corrections into that final rule or delaying the effective date of these changes, especially in light of the October 1, 2009 start date for FY 2010.

Further, the changes that are being made to the Addendum by this Correction Notice, including the changes to reflect the correct CIPI of 1.2 percent, do not constitute rules subject to notice and comment rulemaking under section 553 of the Administrative Procedure Act, as the changes merely ensure that the Addendum conforms to the rules and methodologies that have already been adopted through such notice and comment rulemaking.

AGENCIES: General Services Administration (GSA), Office of the Acquisition Policy. **ACTION:** Final rule.

SUMMARY: The General Services Administration (GSA) is amending the General Services Administration Acquisition Regulation (GSAR) by revising the regulations pertaining to Improper Business Practices and Personal Conflicts of Interest. This rule is a product of the GSAM Rewrite Initiative undertaken by GSA to revise the regulation to maintain consistency with the FAR and implement streamlined and innovative acquisition procedures for contractors, offerors, and GSA contracting personnel. The GSAM incorporates the General Services Administration Acquisition Regulation (GSAR) as well as internal agency acquisition policy.

DATES: Effective Date: October 7, 2009.

SUPPLEMENTARY INFORMATION:

A. Background

This final rule is a result of the General Services Administration Acquisition Manual (GSAM) Rewrite initiative undertaken by GSA to revise the GSAM to maintain consistency with the FAR and to implement streamlined and innovative acquisition procedures that contractors, offerors, and GSA acquisition personnel can use when entering into and administering contractual relationships. The GSAM incorporates the General Services Administration Acquisition Regulation (GSAR) as well as internal agency acquisition policy.

An Advanced Notice of Proposed Rulemaking was published at 71 FR 7910, February 15, 2006, for the GSAM Rewrite Projects and public comments were received. However, none of the comments were specific to Part 503. The case was assigned to GSAM Part 503 Rewrite Team on February 18, 2008. A Team report was completed on March 3, 2008.

To ensure completeness, internal comments were solicited and received from GSA Regions 1, 2, 3, 6, 7, 8, 10, and 11, GSA published a proposed rule with request for comments in the **Federal Register** at 73 FR 45194, August 4, 2008. The public comment period closed October 3, 2008. One response was received with three comments. This final rule reconciles the conclusions from the Team report with the internal comments, and public comment as follows:

Public Comments

Comment: The respondent was concerned that the requirement in 503.204(c) for an agency fact-finding official to be designated by GSA Board of Contract Appeals was not revised to indicate that the Civilian Board of Contract Appeals (CBCA) would designate the official as means of ensuring that disputes over gratuities violations are handled independently and objectively.

Response: The CBCA will not designate an agency fact-finding official for the treatment of violations under 503.204, as its current operating procedures do not encompass the activity. The Senior Procurement Executive will refer matters under the jurisdiction of GSAR 503.204 to the Suspension and Debarment Official, in accordance with GSAR 509.403, because the Suspension and Debarment Official is the individual who can appoint a factfinding official, should one be necessary.

Comment: The respondent was concerned that 503.1004 does not provide a specific rationale for establishing a lower threshold, or why that threshold would be \$1,000,000. The respondent believes that the subsection makes the threshold sound arbitrary.

Response: FAR 3.1004(b)(1)(i) provides for agencies to establish a threshold lower than \$5,000,000. Pursuant to FAR 1.302(b), agency acquisition regulations may supplement the FAR to include additional policies and procedures that satisfy the specific needs of the agency. GSA's lower threshold of \$1,000,000 is based on GSA's unique acquisition mission and the dollar amount of an order that may be placed by GSA, under a task and delivery order contract. Further, the lower threshold insures greater visibility for the detection of fraud in Federal contracts ensuring protection for the taxpayer.

Comment: 503.1004(b)—The fill-in includes the acronym "OIG". Spell out as Office of the Inspector General. The FAR does otherwise include a reference to OIG.

Response: GSA concurs with the respondent and will make the change accordingly.

The Rewrite of Part 503

This final rule contains revisions to Part 503, Improper Business Practices and Personal Conflicts of Interest. There are no substantive changes to the policies. The rule revises GSAR Subpart 503.1 Safeguards; deletes 503.104-1 and 503.104-9, to ensure consistency with the GSAM that provides that the acquisition of leasehold interests in real property is established by GSAM Part 570; deletes 503.104-4, because post employment restrictions are covered under Federal conflicts of interest laws and the Procurement Integrity Act that every employee has a responsibility to know; adds 503.104-2, to indicate that acquisition officials are responsible for knowing the post-employment restrictions in FAR 3.104-2(b)(3) and in the Procurement Integrity Act; renumbers 503.104-5 to 503.104-4 and revises 503.104-4, adds appropriate GSAM and FAR references for the release of information to outside evaluators and deletes inappropriate forms and language already addressed in other GSAM subsections; and renumbers 503.104-10 to 503.104-7, for consistency with the FAR numbering sequence.
