[EPA-R09-OAR-2009-0435; FRL-8966-4]

Approval and Promulgation of Implementation Plans; Corrections to the Arizona and Nevada State Implementation Plans

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to delete certain statutes and rules that were erroneously approved by EPA under the Clean Air Act as part of the Arizona and Nevada state implementation plans. The rules that are the subject of this proposal were adopted by Pima County Health Department in Arizona and the State Environmental Commission, Clark County District Board of Health, and Washoe County District Board of Health in Nevada. The statutes and rules that EPA is proposing to delete relate to general declarations of policy, advisory committees, variances, and incidental fees and nuisance odors. EPA is proposing to delete these statutes and rules under section 110(k)(6) of the Clean Air Act.

DATES: Any comments on this proposal must arrive by November 9, 2009.

ADDRESSES: Submit comments, identified by docket number EPA-R09-OAR-2009-0435, by one of the following methods:

1. Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the on-line instructions.

2. E-mail: allen.cynthia@epa.gov.

3. Mail or deliver: Cynthia Allen (AIR-4), U.S. Environmental Protection Agency Region IX, 75 Hawthorne Street, San Francisco, CA 94105-3901.

Instructions: All comments will be included in the public docket without change and may be made available online at <http://www.regulations.gov>, including any personal information provided, unless the comment includes Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Information that you consider CBI or otherwise protected should be clearly identified as such and should not be submitted through <http://www.regulations.gov> or e-mail.

The <http://www.regulations.gov> portal is an "anonymous access" system, and EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send e-mail directly to EPA, your e-mail address will be automatically captured and included as part of the public comment. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Docket: The index to the docket for this action is available electronically at <http://www.regulations.gov> and in hard copy at EPA Region IX, 75 Hawthorne Street, San Francisco, California. While all documents in the docket are listed in the index, some information may be publicly available only at the hard copy location (e.g., copyrighted material), and some may not be publicly available in either location (e.g., CBI). To inspect the hard copy materials, please schedule an appointment during normal business hours with the contact listed in the **FOR FURTHER INFORMATION CONTACT** section.

FOR FURTHER INFORMATION CONTACT: Cynthia Allen, Rules Office (AIR-4), U.S. Environmental Protection Agency, Region IX, (415) 947-4120, allen.cynthia@epa.gov.

SUPPLEMENTARY INFORMATION:

Throughout this document, "we," "us" and "our" refer to EPA. This proposal addresses a number of statutes and rules that EPA has determined were previously approved in error into the Arizona and Nevada state implementation plans (SIPs). EPA is proposing to delete these statutes and rules from the respective SIPs under section 110(k)(6) of the Clean Air Act, which provides EPA authority to remove these statutes and rules without additional State submission.

In the Rules and Regulations section of this **Federal Register**, we are deleting these statutes and rules in a direct final action without prior proposal because we believe the deletion of them is not controversial. Please see the direct final action for a list of the specific statutes and rules that are the subject of this action. If we receive adverse comments, however, we will publish a timely withdrawal of the direct final rule and address the comments in a subsequent action based on this proposed rule. Please note that if we receive adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, we may adopt as final those provisions of the rule that are not the subject of an adverse comment.

We do not plan to open a second comment period, so anyone interested in commenting should do so at this time. If we do not receive adverse comments, no further activity is planned. For further information, please see the direct final action.

Dated: September 15, 2009.

Laura Yoshii,

Acting Regional Administrator, Region IX.

Endangered and Threatened Wildlife and Plants; Revised Designation of Critical Habitat for the California Red-Legged Frog (*Rana aurora draytonii*)

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Proposed rule; reopening of comment period, availability of revised draft economic analysis, and amended required determinations.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), announce the reopening of the comment period on our September 16, 2008, and April 28, 2009, proposal to revise the designation of critical habitat for the California red-legged frog under the Endangered Species Act of 1973, as amended (Act). We also announce the availability of a revised draft economic analysis (DEA). We are reopening the comment period to allow all interested parties an opportunity to comment simultaneously on the proposed revision of critical habitat and the associated revised DEA. Comments previously submitted on this rulemaking do not need to be resubmitted. These comments have already been incorporated into the public record and will be fully considered in preparation of the final rule.

DATES: We will accept comments received on or before November 9, 2009.

ADDRESSES: You may submit comments by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments to Docket No. FWS-R8-ES-2008-0089.
- *U.S. mail or hand-delivery:* Public Comments Processing, Attn: FWS-R8-

ES-2008-0089; Division of Policy and Directives Management; U.S. Fish and Wildlife Service; 4401 N. Fairfax Drive, Suite 222; Arlington, VA 22203.

We will not accept e-mail or faxes. We will post all comments on <http://www.regulations.gov>. This generally means that we will post any personal information you provide us (see the Public Comments section below for more information).

SUPPLEMENTARY INFORMATION:

Public Comments

We will accept written comments and information during this reopened comment period on our proposed revision to critical habitat for the California red-legged frog published in the *Federal Register* on September 16, 2008 (73 FR 53492), and revised in the *Federal Register* on April 28, 2009 (74 FR 19184), and the current revised DEA (IEc 2009b) of the proposed revised designation. We will consider information and recommendations from all interested parties. We are particularly interested in comments concerning:

(1) The reasons why we should or should not designate habitat as critical habitat under section 4 of the Act (16 U.S.C. 1531 *et seq.*), including whether there are threats to the subspecies from human activity, the degree of which can be expected to increase due to the designation, and whether that increase in threat outweighs the benefit of designation such that the designation of critical habitat is not prudent.

(2) Specific information on:

- The amount and distribution of California red-legged frog habitat,
- Locations within the geographical area occupied at the time of listing that contain features essential to the conservation of the subspecies that we should include in the designation and why, and
- Locations not within the geographical area occupied at the time of listing that are essential to the conservation of the subspecies and why.

(3) Land use designations and current or planned activities in the subject areas and their possible impacts on proposed revised critical habitat.

(4) Probable economic, national security, or other relevant impacts of

designating particular areas as critical habitat. We are particularly interested in any impacts on small entities, and the benefits of including or excluding areas that exhibit these impacts.

(5) The potential exclusion from final revised critical habitat, and whether such exclusion is appropriate and why, of non-Federal lands:

- Covered by the East Contra Costa County Habitat Conservation Plan (ECCHCP),
- Owned and managed by the East Bay Regional Park District within the boundaries of the ECCHCP,
- Covered by the Western Riverside County Multiple Species Habitat Conservation Plan (MSHCP), and
- Covered by the Bonny Doon Settlement Ponds Habitat Conservation Plan.

(6) Whether the lands proposed as critical habitat on Department of Defense land at Vandenberg Air Force Base in Santa Barbara County and Camp San Luis Obispo in San Luis Obispo County should be exempted under section 4(a)(3) of the Act or excluded under section 4(b)(2) of the Act and why.

(7) Whether the U.S. Forest Service lands managed under the Sierra Nevada Forest Plan Amendment within the units being proposed as critical habitat should be excluded under section 4(b)(2) of the Act and why.

(8) Whether Unit CAL-1 (Young's Creek) in Calaveras County should be excluded under section 4(b)(2) of the Act and why.

(9) Whether changes made to the proposed critical habitat Unit MEN-1 in Mendocino County appropriately reflect the current knowledge of the subspecies distribution and occurrence within the area and whether that area should be designated as critical habitat.

(10) Information on the extent to which any Federal, State, and local environmental protection measures we reference in the revised DEA were adopted largely as a result of the subspecies' listing.

(11) Information on whether the revised DEA identifies all Federal, State, and local costs and benefits attributable to the proposed revision of critical habitat, and information on any costs or benefits that we may have overlooked.

(12) Information on whether the revised DEA makes appropriate assumptions regarding current practices and any regulatory changes that likely may occur if we designate revised critical habitat.

(13) Information on whether the revised DEA correctly assesses the effect on regional costs associated with any land use controls that may result from
