Forest Service

Shasta-Trinity National Forest, CA; Supplemental Environmental Impact Statement for the Gemmill Thin Project

AGENCY: Forest Service, USDA.

ACTION: Notice of intent to supplement an environmental impact statement.

SUMMARY: On April 16, 2009, J. Sharon Heywood, Forest Supervisor for the Shasta-Trinity National Forest, issued a Record of Decision (ROD) for the Gemmill Thin Project Final Environmental Impact Statement (FEIS). The decision to implement Alternative 1 (proposed action) as described in the FEIS and ROD was appealed by the Klamath Siskiyou Wildlands Center and the Conservation Congress on behalf of Citizens for Better Forestry and the Klamath Forest Alliance. On July 23, 2009, Appeal Deciding Officer/Deputy Regional Forester, Beth Pendleton, reversed the decision due to the lack of a reasonable range of alternatives analyzed in the FEIS. The Shasta-Trinity National Forest will prepare a supplemental environmental impact statement (SETS) for the Gemmill Thin Project to provide analysis of additional alternatives to the proposed action.

DATES: The draft SETS is expected to be issued in November 2009 and the final SETS is expected in March 2010.

ADDRESSES: Shasta-Trinity National Forest, 3644 Avtech Parkway, Redding, CA 96002.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION: The Forest Service is proposing to prepare a supplement to the final environmental impact statement for the Gemmill Thin Project in accordance with FSH 1909.15—Chapter 10—Section 18.1 and Section 18.2.

This "SEIS will address and respond specifically to the Appeal Reviewing Officer's Findings and Recommendations" found in the Appeal Deciding Officer's letter dated July 23, 2009, which states: "Appeal Reviewing Officer (ARO), Tina Terrell, Forest Supervisor of the Sequoia National Forest found that Forest Supervisor Sharon Heywood's decision was an appropriate and reasonable response to direction in the Northwest Forest Plan and the Shasta-Trinity National Forest Land and Resource Management Plan. The Forest Supervisor provided information supporting the logic and rationale in selecting the proposed alternative and the associated activities. Documentation provided by the Forest Supervisor demonstrated compliance with the Forest Land and Resource Management Plan in light of the appeal issues. However, the Forest Supervisor failed to analyze a reasonable range of alternatives in the FEIS. ARO Tina Terrell recommended reversing the Forest Supervisor's decision. I agree with the ARO's analysis as presented in the recommendation letter. All appeal issues raised have been considered. I reverse the Forest Supervisor's decision to implement Alternative 1 due to the lack of a reasonable range of alternatives analyzed in the FEIS."

The original notice of intent for this project was published in the **Federal Register** December 12, 2005, and again June 1, 2007. The notice of availability of the Gemmill Thin Project draft environmental impact statement was published in the **Federal Register** on November 11, 2008, and the notice of availability of the FEIS was published in the **Federal Register** on May 1, 2009. The April 2009 ROD for the Gemmill Thin Project FEIS and other relevant documentation can be found on the Forest Web site at: <http://www.fs.fed.us/>
