

(A) .zip—generated using utilities such as WinZip and/or UNIX zip command;

(B) .Z—generated using UNIX compress command; or

(C) .gz—generated using UNIX gzip command.

(iii) Zipped files shall be named in the same fashion as described in paragraph (e)(5) of this section, except that such zipped files shall use the applicable file extension compression name described in this paragraph (e)(6).

(7) *Files with headers.* (i) If a service elects to submit files with headers, the following elements, in order, must occupy the first 14 rows of a report of use:

(A) Name of service;

(B) Name of contact person;

(C) Street address of the service;

(D) City, state and zip code of the service;

(E) Telephone number of the contact person;

(F) E-mail address of the contact person;

(G) Start of the reporting period (YYYYMMDD);

(H) End of the reporting period (YYYYMMDD);

(I) Report generation date (YYYYMMDD);

(J) Number of rows in data file, beginning with 15th row;

(K) Text indicator character;

(L) Field delimiter character;

(M) Blank line; and

(N) Report headers (Featured Artist, Sound Recording Title, etc.).

(ii) Each of the rows described in paragraphs (e)(7)(i)(A) through (F) of this section must not exceed 255 alphanumeric characters. Each of the rows described in paragraphs (e)(7)(i)(G) through (I) of this section should not exceed eight alphanumeric characters.

(iii) Data text fields, as required by paragraph (d) of this section, begin on row 15 of a report of use with headers. A carriage return must be at the end of each row thereafter. Abbreviations within data fields are not permitted.

(iv) The text indicator character must be unique and must never be found in the report's data content.

(v) The field delimiter character must be unique and must never be found in the report's data content. Delimiters must be used even when certain elements are not being reported; in such case, the service must denote the blank data field with a delimiter in the order in which it would have appeared.

(8) *Files without headers.* If a service elects to submit files without headers, the following format requirements must be met:

(i) ASCII delimited format, using pipe (|) characters as delimiters, with no headers or footers;

(ii) Carats (^) should surround strings;

(iii) No carats (^) should surround dates and numbers;

(iv) A carriage return must be at the end of each line;

(v) All data for one record must be on a single line; and

(vi) Abbreviations within data fields are not permitted.

**§ 370.5 Designated collection and distribution organizations for reports of use of sound recordings under statutory license.**

(a) *General.* This section prescribes rules under which reports of use shall be collected and distributed under section 114(f) of title 17 of the United States Code, and under which reports of such use shall be kept and made available.

(b) *Notice of Designation as Collective under Statutory License.* A Collective shall file with the Licensing Division of the Copyright Office and post and make available online a "Notice of Designation as Collective under Statutory License," which shall be identified as such by prominent caption or heading, and shall contain the following information:

(1) The Collective name, address, telephone number and facsimile number;

(2) A statement that the Collective has been designated for collection and distribution of performance royalties under statutory license for digital transmission of sound recordings; and

(3) Information on how to gain access to the online Web site or home page of the Collective, where information may be posted under this part concerning the use of sound recordings under statutory license. The address of the Licensing Division is: Library of Congress, Copyright Office, Licensing Division, 101 Independence Avenue, SE., Washington, DC 20557-6400.

(c) *Annual Report.* The Collective will post and make available online, for the duration of one year, an Annual Report on how the Collective operates, how royalties are collected and distributed, and what the Collective spent that fiscal year on administrative expenses.

(d) *Inspection of Reports of Use by copyright owners.* The Collective shall make copies of the Reports of Use for the preceding three years available for inspection by any sound recording copyright owner, without charge, during normal office hours upon reasonable notice. The Collective shall predicate inspection of Reports of Use upon information relating to identity, location

and status as a sound recording copyright owner, and the copyright owner's written agreement not to utilize the information for purposes other than royalty collection and distribution, and determining compliance with statutory license requirements, without express consent of the Service providing the Report of Use. The Collective shall render its best efforts to locate copyright owners in order to make available reports of use, and such efforts shall include searches in Copyright Office public records and published directories of sound recording copyright owners.

(e) *Confidentiality.* Copyright owners, their agents, and Collectives shall not disseminate information in the Reports of Use to any persons not entitled to it, nor utilize the information for purposes other than royalty collection and distribution, and determining compliance with statutory license requirements, without express consent of the Service providing the Report of Use.

(f) *Termination and dissolution.* If a Collective terminates its collection and distribution operations prior to the close of its term of designation, the Collective shall notify the Licensing Division of the Copyright Office, the Copyright Royalty Board and all Services transmitting sound recordings under statutory license, by certified or registered mail. The dissolving Collective shall provide each such Service with information identifying the copyright owners it has served.

Dated: October 7, 2009.

BILLING CODE 1410-72-P

**ENVIRONMENTAL PROTECTION AGENCY**

**40 CFR Part 52**

[EPA-R09-OAR-2009-0620; FRL-8956-9]

**Revisions to the California State Implementation Plan, San Diego Air Pollution Control District**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Direct final rule.

**SUMMARY:** EPA is taking direct final action to approve revisions to the San Diego Air Pollution Control District portion of the California State Implementation Plan (SIP). These revisions concern volatile organic compound (VOC) emissions from cold

solvent cleaning and vapor degreasing operations. We are approving two local rules that regulate these emission sources under the Clean Air Act as amended in 1990 (CAA or the Act).

**DATES:** This rule is effective on December 14, 2009 without further notice, unless EPA receives adverse comments by November 12, 2009. If we receive such comments, we will publish a timely withdrawal in the **Federal Register** to notify the public that this direct final rule will not take effect.

**ADDRESSES:** Submit comments, identified by docket number EPA-R09-OAR-2009-0620, by one of the following methods:

1. *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the on-line instructions.

2. E-mail: [steckel.andrew@epa.gov](mailto:steckel.andrew@epa.gov).  
3. *Mail or deliver:* Andrew Steckel (Air-4), U.S. Environmental Protection Agency Region IX, 75 Hawthorne Street, San Francisco, CA 94105-3901.

*Instructions:* All comments will be included in the public docket without change and may be made available online at <http://www.regulations.gov>, including any personal information provided, unless the comment includes Confidential Business Information (CBI) or other information whose disclosure is

restricted by statute. Information that you consider CBI or otherwise protected should be clearly identified as such and should not be submitted through <http://www.regulations.gov> or e-mail. <http://www.regulations.gov> is an “anonymous access” system, and EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send e-mail directly to EPA, your e-mail address will be automatically captured and included as part of the public comment. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

*Docket:* The index to the docket for this action is available electronically at <http://www.regulations.gov> and in hard copy at EPA Region IX, 75 Hawthorne Street, San Francisco, California. While all documents in the docket are listed in the index, some information may be publicly available only at the hard copy location (e.g., copyrighted material), and some may not be publicly available in either location (e.g., CBI). To inspect the hard copy materials, please schedule an

appointment during normal business hours with the contact listed in the **FOR FURTHER INFORMATION CONTACT** section.

**FOR FURTHER INFORMATION CONTACT:** Nicole Law, EPA Region IX, (415) 947-4125, [law.nicole@epa.gov](mailto:law.nicole@epa.gov).

**SUPPLEMENTARY INFORMATION:** Throughout this document, “we,” “us” and “our” refer to EPA.

**I. The State’s Submittal**

*A. What rules did the State submit?*

Table 1 lists the rules we are approving with the dates that they were adopted by the local air agency and submitted by the California Air Resources Board.

TABLE 1—SUBMITTED RULES

Local agency	Rule No.	Rule title	Adopted	Submitted
SDAPCD .....	67.6.1 .....	Cold Solvent Cleaning and Stripping Operations .....	05/23/07	03/07/08
SDAPCD .....	67.6.2 .....	Vapor Degreasing Operations .....	05/23/07	03/07/08

On April 17, 2008, EPA determined that the submittal for SDAPCD Rules 67.6, 67.6.1, and 67.6.2 met the completeness criteria in 40 CFR Part 51 Appendix V, which must be met before formal EPA review.

*B. Are there other versions of these rules?*

SDAPCD Rule 67.6 was approved into the SIP on December 13, 1994 (59 FR 64132). It was locally rescinded by SDAPCD on May 23, 2008 and replaced by Rules 67.6.1 and 67.6.2. There are no previous versions of Rules 67.6.1 and 67.6.2. The SDAPCD adopted these rules on May 23, 2007, and CARB submitted them to us on March 7, 2008.

*C. What is the purpose of the submitted rules?*

VOCs help produce ground-level ozone and smog, which harm human health and the environment. Section 110(a) of the CAA requires States to submit regulations that control VOC emissions. The revised rules limit VOC

emissions from cold solvent cleaning and vapor degreasing operations. EPA’s technical support documents (TSD) have more information about these rules.

**II. EPA’s Evaluation and Action**

*A. How is EPA evaluating the rules?*

Generally, SIP rules must be enforceable (see section 110(a) of the Act), must require Reasonably Available Control Technology (RACT) for each category of sources covered by a Control Techniques Guidelines (CTG) document as well as each major source in nonattainment areas (see sections 182(a)(2) and (b)(2)), and must not relax existing requirements (see sections 110(l) and 193). The SDAPCD regulates an ozone nonattainment area (see 40 CFR part 81), so Rules 67.6.1 and 67.6.2 must fulfill RACT.

Guidance and policy documents that we use to evaluate enforceability and RACT requirements consistently include the following:

1. “Issues Relating to VOC Regulation Cutpoints, Deficiencies, and Deviations,” EPA, May 25, 1988 (the Bluebook).

2. “Guidance Document for Correcting Common VOC & Other Rule Deficiencies,” EPA Region 9, August 21, 2001 (the Little Bluebook).

3. “Control Techniques Guidelines: Industrial Cleaning Solvents” EPA 453/R06-001, September 2006.

4. “Determination of Reasonable Available Control Technology and Best Available Retrofit Control Technology for Organic Solvent Cleaning and Degreasing Operations,” CARB, July 18, 1991.

*B. Do the rules meet the evaluation criteria?*

We believe these rules are consistent with the relevant policy and guidance regarding enforceability, RACT, and SIP relaxations. The TSDs have more information on our evaluation.

### C. EPA recommendations to further improve the rules

The TSDs describe additional rule revisions that we recommend for the next time the local agency modifies the rules.

### D. Public comment and final action

As authorized in section 110(k)(3) of the Act, EPA is fully approving the submitted rules because we believe they fulfill all relevant requirements. We do not think anyone will object to this approval, so we are finalizing it without proposing it in advance. However, in the Proposed Rules section of this **Federal Register**, we are simultaneously proposing approval of the same submitted rules. If we receive adverse comments by November 12, 2009, we will publish a timely withdrawal in the **Federal Register** to notify the public that the direct final approval will not take effect and we will address the comments in a subsequent final action based on the proposal. If we do not receive timely adverse comments, the direct final approval will be effective without further notice on December 14, 2009. This will incorporate these rules into the federally enforceable SIP.

Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment.

### III. Statutory and Executive Order Reviews

Under the Clean Air Act, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA's role is to approve State choices, provided that they meet the criteria of the Clean Air Act. Accordingly, this action merely approves State law as meeting Federal requirements and does not impose additional requirements beyond those imposed by State law. For that reason, this action:

- Is not a "significant regulatory action" subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993);
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);

- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);

- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);

- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);

- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);

- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);

- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and

- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because the SIP is not approved to apply in Indian country located in the State, and EPA notes that it will not impose substantial direct costs on tribal governments or preempt tribal law.

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United

States Court of Appeals for the appropriate circuit by December 14, 2009. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. Parties with objections to this direct final rule are encouraged to file a comment in response to the parallel notice of proposed rulemaking for this action published in the proposed rules section of today's **Federal Register**, rather than file an immediate petition for judicial review of this direct final rule, so that EPA can withdraw this direct final rule and address the comment in the proposed rulemaking. This action may not be challenged later in proceedings to enforce its requirements (see section 307(b)(2)).
