The Proposal

This action proposes to amend Title 14, Code of Federal Regulations (14 CFR), Part 71 by establishing Class E airspace extending upward from 700 feet above the surface for SIAPs operations at Albany Municipal Airport, Albany, TX. Controlled airspace is needed for the safety and management of IFR operations at the airport.

Class E airspace areas are published in Paragraph 6005 of FAA Order 7400.9T, signed August 27, 2009 and effective September 15, 2009, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle 1, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in subtitle VII, part A, subpart I, section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would establish controlled airspace at Albany Municipal Airport, Albany, TX.

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

1. The authority citation for part 71 continues to read as follows:

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.9T, Airspace Designations and Reporting Points, signed August 27, 2009, and effective September 15, 2009, is amended as follows:

Transfer of Accumulated Benefit Payments

AGENCY: Social Security Administration (SSA).

ACTION: Notice of proposed rulemaking.

SUMMARY: We propose to amend our regulations to allow a representative payee who will no longer be serving in that capacity to transfer accumulated

benefit payments and interest directly to a beneficiary if we determine that it would be in the best interest of the beneficiary. This change would give us more flexibility in deciding how conserved funds should be handled in these circumstances. The change would also reduce or eliminate delays in the delivery of conserved funds to some beneficiaries.

DATES: To be sure that we consider your comments, we must receive them by December 14, 2009.

ADDRESSES: You may submit comments by any one of four methods—Internet, fax, mail, or hand delivery. Do not submit the same comments multiple times or by more than one method. Regardless of which method you choose, please state that your comments refer to Docket No. SSA-2009-0067 so that we may associate your comments with the correct regulation.

Caution: You should be careful to include in your comments only information that you wish to make publicly available. We strongly urge you not to include in your comments any personal information, such as Social Security numbers or medical information.

Electronic Version

The electronic file of this document is available on the date of publication in the **Federal Register** at <http://www.gpoaccess.gov/fr/index.html>.

Background

Our representative payment regulations are in Subpart U of part 404 and subpart F of part 416. In certain cases, we will appoint a representative payee to receive benefit payments on behalf of a beneficiary. Generally, we appoint a representative payee if we have determined that the beneficiary is not able to manage his or her own benefits or direct the management of benefit payments in his or her interest. The payee must use the payments only for the beneficiary's use and benefit. The payee must conserve or invest for the beneficiary any funds remaining after paying for the beneficiary's current needs.

If a payee is no longer going to serve in that capacity, our regulations require the payee to return conserved funds to us or transfer them to a successor payee, as we will specify. The payee is not permitted to transfer these conserved funds to a beneficiary directly. 20 CFR 404.2060 and 416.660. The payee's inability to directly transfer funds to a beneficiary can cause difficulty for both the beneficiary and the representative payee. When we determine that a payee is no longer needed because the beneficiary has become capable of managing his or her own benefits, this two-step process delays our payment of the conserved funds to the beneficiary.

Our regulatory process is particularly problematic for those beneficiaries transitioning out of foster care and for their payees. These beneficiaries might need immediate access to the conserved funds to pay for rent or other necessities. Additionally, at least one State law requires State agency representative payees for beneficiaries in foster care to turn over all conserved funds directly to the beneficiary when he or she transitions out of foster care.

Explanation of Changes

We propose to revise §§ 404.2060 and 416.660 of our regulations to permit a payee to transfer conserved funds to a beneficiary if we so specify. The

proposed change would give us the discretion to authorize a payee-to-beneficiary transfer of conserved funds and make the representative payment process more efficient. Allowing direct transfer would conserve our scarce administrative resources and provide faster access to beneficiaries who have become capable of managing their own benefits.

Clarity of These Proposed Rules

Executive Order 12866 requires each agency to write all rules in plain language. In addition to your substantive comments on these proposed rules, we invite your comments on how to make them easier to understand. For example:

- Have we organized the material to suit your needs?
- Are the requirements in the rules clearly stated?
- Do the rules contain technical language or jargon that is not clear?
- Would a different format (grouping and order of sections, use of headings, paragraphing) make the rules easier to understand?
- Would more (but shorter) sections be better?
- Could we improve clarity by adding tables, lists or diagrams?
- What else could we do to make the rules easier to understand?

When Will We Start To Use These Rules?

We will not use these rules until we evaluate the public comments we receive on them, determine whether they should be issued as final rules, and issue final rules in the **Federal Register**. If we publish final rules, we will explain in the preamble how we will apply them, and summarize and respond to the significant public comments. Until the effective date of any final rules, we will continue to use our current rules.

Regulatory Procedures

Executive Order 12866

We have consulted with the Office of Management and Budget (OMB) and determined that these proposed rules do not meet the requirements for a significant regulatory action under Executive Order 12866. Thus, they were not reviewed by OMB.

Regulatory Flexibility Act

We certify that these proposed rules, if published in final, would not have a significant economic impact on a substantial number of small entities because they would affect primarily individuals. Accordingly, a regulatory flexibility analysis as provided in the

Regulatory Flexibility Act, as amended, is not required.

Paperwork Reduction Act

This rule does not create any new, or affect any existing, collections, and therefore, does not require OMB approval under the Paperwork Reduction Act.
