Total Sales

Total Quantity:

- Please report quantity on a metric ton basis. If any conversions were used, please provide the conversion formula and source.

Terms of Sales:

- Please report all sales on the same terms (e.g., free on board at port of export).

Total Value:

- All sales values should be reported in U.S. dollars. Please indicate any exchange rates used and their respective dates and sources.

Export Price Sales:

- Generally, a U.S. sale is classified as an export price sale when the first sale to an unaffiliated customer occurs before importation into the United States.
- Please include any sales exported by your company directly to the United States.
- Please include any sales exported by your company to a third-country market economy reseller where you had knowledge that the merchandise was destined to be resold to the United States.
- If you are a producer of subject merchandise, please include any sales manufactured by your company that were subsequently exported by an affiliated exporter to the United States.
- Please do not include any sales of subject merchandise manufactured in Hong Kong in your figures.

Constructed Export Price Sales:

- Generally, a U.S. sale is classified as a constructed export price sale when the first sale to an unaffiliated customer occurs after importation. However, if the first sale to the unaffiliated customer is made by a person in the United States affiliated with the foreign exporter, constructed export price applies even if the sale occurs prior to importation.
- Please include any sales exported by your company directly to the United States;
- Please include any sales exported by your company to a third-country market economy reseller where you had knowledge that the merchandise was destined to be resold to the United States.
- If you are a producer of subject merchandise, please include any sales manufactured by your company that were subsequently exported by an affiliated exporter to the United States.
- Please do not include any sales of subject merchandise manufactured in Hong Kong in your figures.

Further Manufactured:

- Sales of further manufactured or assembled (including re-packaged) merchandise is merchandise that undergoes further manufacture or assembly in the United States before being sold to the first unaffiliated customer.

- Further manufacture or assembly costs include amounts incurred for direct materials, labor and overhead, plus amounts for general and administrative expense, interest expense, and additional packing expense incurred in the country of further manufacture, as well as all costs involved in moving the product from the U.S. port of entry to the further manufacturer.

Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of a public meeting.

SUMMARY: The Pacific Fishery Management Council's (Council) Ad Hoc Salmon Amendment Committee (SAC) will hold a meeting to develop draft alternatives and plan analyses for an amendment to the Pacific Coast Salmon Fishery Management Plan (FMP) to address the Magnuson-Stevens Act (MSA) requirements for annual catch limits (ACL) and accountability measures (AM). This meeting of the SAC is open to the public.

DATES: The meeting will be held Thursday, November 5, 2009, from 8:30 a.m. to 4:30 p.m.

ADDRESSES: The meeting will be held at the Pacific Council Office, Large Conference Room, 7700 NE., Ambassador Place, Suite 101, Portland, OR 97220-1384; telephone: (503) 820-2280.

FOR FURTHER INFORMATION CONTACT: Mr. Chuck Tracy, Salmon Management Staff Officer, Pacific Council; telephone: (503) 820-2280.

SUPPLEMENTARY INFORMATION: The reauthorized MSA established new requirements to end and prevent

overfishing through the use of ACL and AM. Federal FMPs must establish mechanisms for ACL and AM by 2010 for stocks subject to overfishing and by 2011 for all others, with the exceptions of stocks managed under an international agreement or stocks with a life cycle of approximately one year.

On January 16, 2009, NMFS published amended guidelines for National Standard 1 (NS1) of the MSA to provide guidance on how to comply with new ACL and AM requirements. The NS1 guidelines include recommendations for establishing several related reference points to ensure scientific and management uncertainty are accounted for when management measures are established.

The purpose of this meeting is to develop alternatives to address those issues, and to plan analyses that will be used to evaluate those alternatives in a National Environmental Policy Act analysis.

Although non-emergency issues not contained in the meeting agenda may come before the SAC for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Ms. Carolyn Porter at (503) 820-2280 at least 5 days prior to the meeting date.

Dated: October 15, 2009.
