Public Disclosure Statement: The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

Comments: Before submitting an ICR to OMB, PRA section 3506(c)(2)(A) requires each agency “* * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *”. Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

Agencies must also estimate the non-hour paperwork cost burdens to respondents or recordkeepers resulting from the collection of information. Therefore, if you have costs to generate, maintain, and disclose this information, you should comment and provide your total capital and startup cost components or annual operation, maintenance, and purchase of service components. You should describe the methods you use to estimate major cost factors, including system and technology acquisition, expected useful life of capital equipment, discount rate(s), and the period over which you incur costs. Capital and startup costs include, among other items, computers and software you purchase to prepare for collecting information, monitoring, and record storage facilities. You should not include estimates for equipment or services purchased: (i) Before October 1, 1995; (ii) to comply with requirements not associated with the information collection; (iii) for reasons other than to provide information or keep records for

the Government; or (iv) as part of customary and usual business or private practices.

We will summarize written responses to this notice and address them in our submission for OMB approval. As a result of your comments, we will make any necessary adjustments to the burden in our submission to OMB.

Bureau of Indian Affairs

Final Determination Against Federal Acknowledgment of the Little Shell Tribe of Chippewa Indians of Montana

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice of Final Determination.

SUMMARY: Pursuant to 25 CFR 83.10(l)(2), notice is hereby given that the Department of the Interior (Department) has determined the Little

Shell Tribe of Chippewa Indians of Montana, P.O. Box 1384, Great Falls, Montana 59403, is not entitled to be acknowledged as an Indian Tribe within the meaning of Federal law. This notice is based on a determination the petitioner does not satisfy all seven mandatory criteria set forth in 25 CFR 83.7, and thus does not meet the requirements for a government-to-government relationship with the United States.

DATES: This determination is final and will become effective 90 days from publication of this notice in the **Federal Register** on February 1, 2010, pursuant to 25 CFR 83.10(l)(4), unless a request for reconsideration is filed pursuant to 25 CFR 83.11.

ADDRESSES: Requests for a copy of the summary evaluation under the criteria should be addressed to the Office of the Assistant Secretary—Indian Affairs, Attention: Office of Federal Acknowledgment, 1951 Constitution Avenue, NW., MS: 34B-SIB, Washington, DC 20240, and the decision is available at http://www.bia.gov/ofa_recent_cases.html.

FOR FURTHER INFORMATION CONTACT: R. Lee Fleming, Director, Office of Federal Acknowledgment, (202) 513-7650.

This notice is based on a determination the Little Shell Tribe of Chippewa Indians (LS), based on the complete record of available evidence, does not meet all seven of the mandatory criteria for acknowledgment in 25 CFR 83.7. Specifically, the LS petitioner does not meet criteria 83.7(a), (b), and (c).

On July 21, 2000, the AS-IA published notice of a proposed finding (PF) to acknowledge the Little Shell petitioner in the **Federal Register**. 65 FR 45394 (July 21, 2000). The PF concluded that, in a departure from certain practices and precedent related to how to weigh the available evidence at the time, the petitioner met all seven mandatory criteria under the acknowledgment regulations. The notice and PF invited public comment on these proposed departures. The LS petitioner was also strongly encouraged to provide additional evidence during the comment period to demonstrate that it met all the mandatory criteria. The notice and PF stated that additional evidence from the LS could create a different record and a more complete factual basis for the FD, thus eliminating
