

Validation, Group Quarters Advanced Visit, Group Quarters Enumeration, and the Count Review program.

The maps or spatial data that the Census Bureau provides to New Construction Program participants are for use as a reference for assigning census tract and block codes (geocoding) for each submitted address. The maps are offered in Portable Document Format (PDF) and spatial data are available from TIGER® in shapefile format that requires a Geographic Information System (GIS) software application for viewing.

For governments choosing maps in PDF, the Census Bureau will provide Adobe® Reader® software to view the PDF maps. For those participants who choose to use shapefiles, the Census Bureau will provide the MAF/TIGER Partnership Software (MTPS) to enter addresses and output them in the prescribed format. The MTPS is an easy-to-use desktop tool that makes participation easier for governments without a GIS system. The MTPS also provides map-viewing capability when used with the shapefiles provided by the Census Bureau. However, participants may use their own software to create a computer readable list of addresses in the prescribed format.

The Census Bureau will send out New Construction materials to registered participants during November 2009 through January 2010. The PDF package will contain the following:

- (1) The New Construction Quick Start Document
- (2) The New Construction User Guide
- (3) The New Construction Address List Template
- (4) Zip Software
- (5) CD Readme.txt File
- (6) PDF Software (Adobe® Reader®)
- (7) New Construction Map PDFs

The MTPS/Shapefile package will contain the following:

- (1) The New Construction Quick Start Document
- (2) The New Construction User Guide
- (3) The New Construction MTPS User Guide
- (4) The New Construction Address List Template
- (5) Zip Software
- (6) CD Readme.txt File
- (7) MTPS Software
- (8) Shapefiles

Participants must submit their New Construction address lists to the Census Bureau within forty-five (45) calendar days after receipt of the New Construction materials. "Receipt" as used herein is defined as the delivery date reported to the Census Bureau by the delivery service that delivers the

New Construction materials to the eligible government. The New Construction addresses must be returned in the Census Bureau's predefined format and each address must be "geocoded" or assigned to the census tract and block in which it is located as shown on the New Construction census maps (PDF or shapefiles).

Files that are submitted in the proper format are compared against the Census Bureau's Master Address File to check for any addresses already on the list. The Census Bureau, using the participant supplied addresses, will visit and attempt to enumerate each newly constructed housing unit that has been identified as missing from our list. The census enumeration process will determine the final housing unit status and population for each new unit.

SUPPLEMENTARY INFORMATION:

Summary of Information Collection

The Department of Defense established TRICARE Prime as a managed-care option, similar to a civilian HMO (health maintenance organization). Active duty service members are required to be enrolled in TRICARE Prime or TRICARE Prime Remote. They must take action to enroll by filling out the appropriate enrollment form and submitting it to the Managed Care Support Contractor (MCSC). TRICARE Prime is also available to other TRICARE beneficiaries who are also required to fill out the appropriate enrollment or disenrollment forms. TRICARE Prime enrollee's health care is coordinated by a primary care manager (PCM) whom could be a part of a military treatment facility, a civilian

network or TRICARE Prime Remote where eligible. In order to carry out this program, it is necessary that certain beneficiaries electing to enroll/disenroll in TRICARE Prime, TRICARE Prime Remote or change a PCM complete an enrollment application request. Completion of the enrollment forms is an essential element of the TRICARE Prime program.

Department of the Army

Fort Bliss Army Growth and Force Structure Realignment Draft; Environmental Impact Statement (DEIS)

AGENCY: Department of the Army, DoD.

ACTION: Notice of availability.

SUMMARY: The Department of the Army announces the availability of a DEIS identifying the potential environmental effects that would result from use of stationing and training capacity, land use changes, and training infrastructure improvements at Fort Bliss (Texas) to support Army growth and force structure realignment.

The DEIS tiers from the Army Growth and Force Structure Realignment Programmatic Environmental Impact Statement (GTA PEIS), for which a Record of Decision was signed in 2007.

DATES: The public comment period for the DEIS will end 60 days after publication of this NOA in the **Federal Register** by the U.S. Environmental Protection Agency.

ADDRESSES: Written comments should be sent to: Mr. John F. Barrera, IMWE-BLS-PWE, Building 624, Taylor Road, Fort Bliss, TX 79916-6812; *e-mail:* bliss.eis@conus.army.mil.

FOR FURTHER INFORMATION CONTACT: Ms. Jean Offutt, Public Affairs Officer, IMWE-BLS-PA; Fort Bliss, TX 79916-6812; *telephone:* (915) 568-6812; *fax:* (915) 568-2995; *e-mail:* jean.offutt@us.army.mil.

SUPPLEMENTARY INFORMATION: The Proposed Action would support the growth of the Army and allow for reasonably foreseeable future stationing actions, land use changes, and training infrastructure improvements that take advantage of the varied terrain at Fort Bliss; full suite of training ranges; collocation with heavy, light, and aviation combat units; and collocation with various support units.

Three categories of interrelated alternatives are analyzed in this document: stationing/training; land use changes; and training infrastructure improvements. Each category contains a No Action alternative and several action alternatives.

The stationing/training category of alternatives analyzes the stationing decision made in the GTA PEIS, with deployment (some units will not be present and training at Fort Bliss) and without deployment (assumes all units assigned to Fort Bliss will be there and training) scenarios. The document also
