SUPPLEMENTARY INFORMATION:

Why Were These Documents Prepared?

Executive Order 13508, Chesapeake Bay Protection and Restoration, dated May 12, 2009 (74 FR 23099, May 15, 2009), requires a Federal Leadership Committee composed of seven Federal agencies to prepare and publish a set of reports and a draft strategy for public review and comment within 180 days of the date of the order. The deadline for publication of the draft strategy is November 9, 2009. The Federal agency draft reports required by E.O. 13508 Sections 202(a) through (g) were submitted to the Federal Leadership Committee for the Chesapeake Bay on September 9, 2009 and released to the public on September 10, 2009. The Federal Leadership Committee for the Chesapeake Bay has considered the draft reports pursuant to the order, and has prepared a draft coordinated strategy to restore the Bay, the availability of which is being announced through this notice. The September 9, 2009, draft reports were reviewed by the Federal Leadership Committee for the Chesapeake Bay, in consultation with relevant State agencies. The revised Section 202 reports reflect consideration of the comments received during State consultation and preliminary public input. The reports will be available later in November for comment. During the next six months, review and incorporation of comments will continue and will be incorporated as appropriate.

How Can I Access the Docket and/or Submit Comments?

Docket: EPA has established a public docket for this Notice under Docket ID No. EPA-HQ-OW-2009-0761. The E.O. Section 203 draft strategy document is available in the docket at <http://www.regulations.gov>, as well as at <http://executiveorder.chesapeakebay.net>. The revised Section 202 reports will be available later in November. Assistance and tips for accessing the docket can be found at <http://executiveorder.chesapeakebay.net>. The seven Section 202 reports as well as the draft Section 203 strategy will be included as separate documents within the same docket number EPA-HQ-OW-

2009-0761. Comments via e-mail are not being accepted. Instead, comments will be accepted through <http://www.regulations.gov> and by mail. If you are commenting on the Section 203 draft strategy, submit comments to this specific document within the docket and identify the page number(s) at which each comment is directed. All comments received, including any personal information provided, will be included in the public docket without change and will be made available online at <http://www.regulations.gov>, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information, the disclosure of which is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through <http://www.regulations.gov>. It is recommended that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If your comment cannot be read due to technical difficulties and we are unable to contact you for clarification, we will not consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about the public docket visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>. Publicly available docket materials are available electronically either at <http://www.regulations.gov> as well as at the EPA Docket Center, EPA/DC, EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The telephone number for this docket is 202-566-2426. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744. Certain material, such as copyrighted materials, will be publicly available only in hard copy at the Docket Center.

Why Is EPA Posting These Reports and Draft Strategy for Public Comment?

Executive Order 13508 requires the Federal Leadership Committee for the Chesapeake Bay to prepare and publish a set of reports and a coordinated strategy for protecting and restoring the Chesapeake Bay. As required by E.O. 13508 Section 202, lead agencies prepared reports focusing on:

(a) Defining the next generation of tools and actions to restore water quality in the Chesapeake Bay and describing the changes to be made to regulations, programs, and policies to implement these actions;

(b) Targeting resources to better protect the Chesapeake Bay and its tributary waters;

(c) Strengthening storm water management practices at Federal facilities and on Federal lands within the Chesapeake Bay watershed and developing storm water best practices guidance;

(d) Assessing the impacts of a changing climate on the Chesapeake Bay and developing a strategy for adapting natural resources programs and public infrastructure to the impacts of a changing climate on water quality and living resources of the Chesapeake Bay watershed;

(e) Expanding public access to waters and open spaces of the Chesapeake Bay and its tributaries from Federal lands and conserving landscapes and ecosystems of the Chesapeake Bay watershed;

(f) Strengthening scientific support for decision making to restore the Chesapeake Bay and watershed, including expanded environmental research; and

(g) Developing focused and coordinated habitat and research activities that protect and restore living resources and water quality of the Chesapeake Bay and its watershed. E.O. 13508 Section 203 requires the Federal Leadership Committee for the Chesapeake Bay to prepare and publish a strategy for coordinated implementation of existing programs and projects to guide efforts to protect and restore the Chesapeake Bay. The strategy should to the extent permitted by law:

(a) Define environmental goals for the Chesapeake Bay and describe milestones for making progress toward attainment of these goals;

(b) Identify key measureable indicators of environmental condition and changes that are critical to effective Federal leadership;

(c) Describe the specific programs and strategies to be implemented, including the programs and strategies described in draft reports developed under Section 202 of the order;

(d) Identify the mechanisms that will assure that governmental and other activities, including data collection and distribution, are coordinated and effective, relying on existing mechanisms where appropriate; and

(e) Describe a process for the implementation of adaptive management principles, including a periodic evaluation of protection and restoration.

Acknowledging the strong public interest in the future of the Chesapeake

Bay and the actions being taken to improve conditions in the Bay and its watershed, the Federal Leadership Committee for the Chesapeake Bay looks forward to receiving comments on these documents.

What Are the Next Steps in the Process for Collecting Public Comment?

The agencies will review public comments on the draft strategy and agency reports. The comments will be taken into consideration as the Federal Leadership Committee for the Chesapeake Bay develops the final Section 203 strategy. A response to comments document will be released at the same time as the final E.O. 13508 Section 203 strategy with anticipated release by May 12, 2010. The Federal agencies plan to hold a series of stakeholder meetings throughout the Chesapeake Bay watershed to discuss the draft strategy. The details of these meetings will be announced at: <http://executiveorder.chesapeakebay.net>.

Dated: November 4, 2009.

National Drinking Water Advisory Council's Climate Ready Water Utilities Working Group Meeting Announcement

AGENCY: Environmental Protection Agency.

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA or Agency) is announcing the first teleconference meeting of the Climate Ready Water Utilities (CRWU) Working Group of the National Drinking Water Advisory Council (NDWAC). The purpose of this conference call is to provide a forum for the CRWU Working Group members to introduce themselves, to discuss the ground rules and standard operating procedures, and to develop an estimated time frame and approach to complete the Working Group charge. Any interested person or organization may attend or dial into the conference call (see the **FOR FURTHER INFORMATION CONTACT** section and the **SUPPLEMENTARY INFORMATION** section of this notice for more information).

DATES: The first CRWU Working Group conference call will take place from 3

p.m. to 5:30 p.m., Eastern Standard Time, on November 23, 2009.

FOR FURTHER INFORMATION CONTACT:

Interested participants from the public should contact Lauren Wisniewski, Designated Federal Officer, U.S. Environmental Protection Agency, Office of Ground Water and Drinking Water, Water Security Division (Mail Code 4608T), 1200 Pennsylvania Avenue, NW., Washington, DC 20460. Please contact Lauren Wisniewski at wisniewski.lauren@epa.gov or call 202-564-2918 to register and receive pertinent details such as the telephone number and extension to participate in the conference call.

SUPPLEMENTARY INFORMATION:

Public Participation: The CRWU Working Group encourages public participation and a limited number of phone lines have been reserved for the public. The Designated Federal Officer (DFO) will provide available teleconferencing lines on a first-come, first-serve basis. To ensure adequate time for public involvement, oral statements will be limited to two minutes, and it is preferred that only one person present the statement on behalf of a group or organization. Any person who wishes to file a written statement can do so before or after the CRWU Working Group meeting. Written statements received prior to the meeting will be distributed to all members of the Working Group before any final discussion or vote is completed. Any statements received after the meeting will become part of the permanent meeting file and will be forwarded to the CRWU Working Group members for their information. Any person needing special accommodations for this teleconference should contact the DFO, at the number or e-mail listed under the **FOR FURTHER INFORMATION CONTACT** section, at least five business days before the meeting so that appropriate arrangements can be made.

Background: The Agency's *National Water Program Strategy: Response to Climate Change* (2008) document identified the need to provide drinking water and wastewater utilities with easy-to-use resources to assess the risk associated with climate change and to identify potential adaptation strategies. NDWAC, established under the Safe Drinking Water Act, as amended (42 U.S.C. 300f *et seq.*), provides practical and independent advice, consultation and recommendations to the Agency on the activities, functions and policies related to the implementation of the Safe Drinking Water Act. On May 28, 2009, the NDWAC voted on and approved the formation of the CRWU
