SUPPLEMENTARY INFORMATION:

I. Background

The Alien Medical Records system of records is maintained by the Department of Homeland Security (DHS) U.S. Immigration and Customs Enforcement (ICE) Division of Immigration Health Services (DIHS), a division within the Office of Detention and Removal Operations (DRO). As noted above, the information described in this notice was previously covered by the Department of Health and Human Services (HHS) 9-15-0002 Patients Medical Record System Public Health Service Hospitals HHS/HRSA/BPHC System of Records (August 3, 2009, 74 FR 38456). This system of records maintains medical, mental health, and dental records that document the medical screening, examination, and treatment of aliens whom ICE arrests and detains for violations of the Immigration and Nationality Act (INA). The records contain the medical information for aliens detained in facilities owned and operated by ICE or its contractors, or in other facilities for ICE detainees where medical care is provided by ICE DIHS. It also maintains information about prisoners of the U.S. Marshals Service (USMS) who are housed in a detention facility operated by or on behalf of ICE pursuant to an agreement between the USMS and ICE. The system of records also supports the dissemination of medical information about these individuals in the case of infectious diseases especially in the event of a public health emergency, such as an epidemic or pandemic.

Before October 1, 2007, DHS and HHS maintained annual interagency agreements through which ICE DIHS, a component of HHS's Health Resources and Services Administration (HRSA), provided health care for ICE detainees. Medical records created by HRSA in providing those services were covered under a HHS Privacy Act system of records notice titled HHS 9-15-0002 Patients Medical Record System Public Health Service Hospitals HHS/HRSA/BPHC System of Records (August 3, 2009, 74 FR 38456). On August 23, 2007, a new agreement between DHS and HHS was signed to facilitate the transfer of the Federal detainee health care program responsibilities from HHS to DHS and detailed Public Health Service Commissioned Corps Officers to DHS on an open-ended basis to provide medical care for ICE detainees. HRSA has disbanded its DIHS, and ICE has
