Title: TARP—Making Home Affordable Participants.

OMB Number: 1505-0216.

Abstract: Authorized under the Emergency Economic Stabilization Act (EESA) of 2008 (Pub. L. 110-343), the Department of the Treasury has implemented several aspects of the Troubled Asset Relief Program. Among these components is a voluntary foreclosure prevention program—Making Home Affordable (MHA) program, under which the Department will use TARP capital to lower the mortgage payments of qualifying borrowers. The Treasury will do this through agreements with mortgage servicers to modify loans on their systems. All servicers are eligible to participate in the program. The information will be used to set the servicers up on the data system, ensure that the servicers can be paid for the loan modifications that they undertake, check for compliance, and report out on the effectiveness of the program.

Current Actions: Continuation of application.

Type of Review: Extension.

Affected Public: Financial Institutions.

Estimated Number of Respondents: 130.

Estimated Total Annual Burden Hours: 5,985 hours.

Request for Comments: Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.
