

Environmentally Preferred Alternative, requires researchers who study material obtained under a Scientific Research and Collecting Permit to enter into benefits-sharing agreements with the NPS before using their research results for any commercial purpose. This Environmentally Preferred Alternative has three potential variations regarding the disclosure of royalty rate or related information: Always disclose, never disclose, or comply with confidentiality laws regarding disclosure. The Preferred Alternative implements the benefits-sharing agreement requirement, while complying with confidentiality laws regarding disclosure of royalty rate or related information.

DATES: The National Park Service will execute a Record of Decision (ROD) no sooner than 30 days following publication by the Environmental Protection Agency of the Notice of Availability of the Final Environmental Impact Statement.

ADDRESSES: Information will be available for public inspection online at <http://parkplanning.nps.gov> (select "Washington Office" from the park menu and then follow the link for benefits-sharing), in the office of the National Park Service Associate Director for Natural Resource Stewardship and Science, 1849 C Street, NW., Washington, DC, and in the office of the Superintendent, Yellowstone National Park, Wyoming.

FOR FURTHER INFORMATION CONTACT: Susan Mills, Benefits-Sharing EIS, Center for Resources, P.O. Box 168, Yellowstone National Park, Wyoming 82190, (307) 344-2203, benefitseis@nps.gov.

Dated: October 5, 2009.

Daniel N. Wenk,

Deputy Director, National Park Service.

BILLING CODE 4312-CT-P

DEPARTMENT OF THE INTERIOR

National Park Service

Final Environmental Impact Statement; Marin Headlands—Fort Baker Transportation Infrastructure and Management Plan; Golden Gate National Recreation Area; Marin County, CA; Notice of Approval of Record of Decision

SUMMARY: Pursuant to section 102(2)(c) of the National Environmental Policy Act of 1969 (Pub. L. 91-190, as amended) and the regulations promulgated by the Council on Environmental Quality (40 CFR 1505.2),

the Department of the Interior, National Park Service has prepared and approved a Record of Decision (and Wetlands Statement of Findings) for the *Final Environmental Impact Statement* (Final EIS) for Transportation Infrastructure and Management Plan for Marin Headlands and Fort Baker areas of Golden Gate National Recreation Area. The requisite no-action "wait period" was initiated March 20, 2009, with the Environmental Protection Agency's **Federal Register** notification of the filing of the Final EIS.

Decision: As soon as practical Golden Gate National Recreation Area will begin to (1) rehabilitate or reconstruct roadway infrastructure and improve parking facilities; (2) provide for enhanced transit options; (3) protect or enhance wetlands and sensitive species habitat; (4) improve hiking trails and bicycle access; and (5) implement other resource stewardship strategies and area improvements identified and analyzed as the Preferred Alternative (Alternative 3) presented in the Final EIS. The full range of foreseeable environmental consequences was assessed, and appropriate mitigation measures identified. Both a No Action alternative and two additional "action" alternatives were also identified and analyzed. The selected alternative was deemed to be the "environmentally preferred" course of action.

Copies: Interested parties desiring to review the Record of Decision may obtain a copy by contacting the Superintendent, Golden Gate National Recreation Area, Building 201, Fort Mason, San Francisco, CA 94123 or via telephone request at (415) 561-2841.

Dated: November 11, 2009.

Jonathan B. Jarvis,

Regional Director, Pacific West Region.

BILLING CODE P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[CACA49575, LLCAD0000, L14300000, DS0000]

Notice of Intent To Prepare an Environmental Impact Statement for the Proposed Daggett Ridge Wind Farm, San Bernardino County, CA, and Possible Land Use Plan Amendment

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of intent.

SUMMARY: In compliance with the National Environmental Policy Act (NEPA) of 1969, the California

Environmental Quality Act (CEQA), and the Federal Land Policy and Management Act of 1976, as amended, the Bureau of Land Management (BLM) California Desert District (CDD), Moreno Valley, California, together with the County of San Bernardino (County) intend to prepare an Environmental Impact Statement (EIS)/Environmental Impact Report (EIR), which may include an amendment to the California Desert Conservation Area (CDCA) Plan of 1980, as amended, and by this notice are announcing the beginning of the scoping process to solicit public comments and identify issues. The BLM will be the lead agency for NEPA compliance and the County will be the lead agency for CEQA compliance.

DATES: This notice initiates the public scoping process for the EIS/EIR and possible plan amendment. Comments on issues may be submitted in writing until December 23, 2009. The date(s) and location(s) of any scoping meetings will be announced at least 15 days in advance through local media, newspapers, and the BLM Web site at: <http://www.blm.gov/ca/st/en/fo/cdd.html>. In order to be considered in the Draft EIS/EIR, all comments must be received prior to the close of the scoping period or 15 days after the last public meeting, whichever is later. We will provide additional opportunities for public participation upon publication of the Draft EIS/EIR.

ADDRESSES: You may submit comments on issues and planning criteria related to the Daggett Ridge Wind Farm by any of the following methods:

- **Web site:** <http://www.blm.gov/ca/st/en/fo/cdd.html>.

- **E-mail:** cadaggettridge@blm.gov.

- **Fax:** (951) 697-5299.

- **Mail or hand delivery:** ATTN:

Lynnette Elser, BLM California Desert District Office, 22835 Calle San Juan de Los Lagos, Moreno Valley, California 92553-9046.

The administrative record of this proposal may be examined at the California Desert District Office or the BLM's California State Office, 2800 Cottage Way, Sacramento, California 95825.

FOR FURTHER INFORMATION CONTACT: For further information or to have your name added to our mailing list, contact Lynnette Elser, telephone (951) 697-5233; address BLM California Desert District Office, 22835 Calle San Juan de Los Lagos, Moreno Valley, California 92553-9046; e-mail cadaggettridge@blm.gov.

SUPPLEMENTARY INFORMATION: The applicant, AES Wind Generation, has

requested a right-of-way (ROW) authorization to construct, operate, maintain, and decommission the Daggett Ridge Wind Farm. The proposed energy facility would generate 82.5 megawatts (MW) of renewable power using wind resources. The project would include approximately 10 miles of new roads. It would also include one substation on private land. The project would require the BLM to approve an amendment to Southern California Edison's current Slash X ROW to allow telecommunication use. It would also require the BLM to approve two amendments to the Boulder Canyon Project permit to allow: (1) The construction and installation of additional poles within the existing ROW for telecommunication use; and (2) a new 500-foot line from the proposed Seaggett Substation, which would include the replacement of one pole on BLM-managed land. The proposed project would involve new or expanded utility corridors. The proposed project would use 1,577 acres of BLM-managed land and 380 acres of private property, all of which is located in unincorporated San Bernardino County, southeast of Barstow and southwest of Daggett, California. It will have a total of 33 wind turbines—28 on BLM-managed land and five on private land.

The purpose of the public scoping process is to determine relevant issues that will influence the scope of the environmental analysis, including alternatives, and guide the process for developing the EIS/EIR. At present, the BLM and the County have identified the following preliminary issues: Special status species, vegetation communities, special area designations, cultural resources, social impacts, visual resources, cumulative effects and areas of high potential for renewable energy development.

Authorization of this proposal may require amendment of the CDCA Plan (1980, as amended). By this notice, the BLM is complying with requirements in 43 CFR 1610.2(c) to notify the public of potential amendments to land use plans, predicated on the findings of the EIS. If a land use plan amendment is necessary, the BLM will integrate the land use planning process with the NEPA process for this project.

The BLM will use the NEPA commenting process to satisfy the public involvement process for Section 106 of the National Historic Preservation Act (16 U.S.C. 470f) as provided for in 36 CFR 800.2(d)(3). Native American Tribal consultations will be conducted in accordance with BLM policy, and Tribal concerns will be given due consideration, including

impacts on Indian trust assets. Federal, State, and local agencies, tribes, and other stakeholders that may be interested or affected by the BLM's or the County's decision on this project, are invited to participate in the scoping process and, if eligible, may request or be requested by the BLM or the County to participate as a cooperating agency.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority: 40 CFR 1501.7 and 43 CFR 1610.2.

Thomas Pogacnik,

Deputy State Director, Natural Resources, California State Office.

Notice of Intent To Prepare an Environmental Impact Statement/Staff Assessment for the NextEra Ford Dry Lake Solar Power Plant, Riverside County, CA and Possible Land Use Plan Amendment

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of intent.

SUMMARY: In compliance with the National Environmental Policy Act of 1969 (NEPA), as amended, and the Federal Land Policy and Management Act of 1976, as amended, the Bureau of Land Management (BLM) Palm Springs-South Coast Field Office, together with the California Energy Commission (CEC), intend to prepare an Environmental Impact Statement (EIS) and Staff Assessment (SA), which may also include an amendment to the California Desert Conservation Area (CDCA) Plan (1980, as amended), and by this notice are announcing the beginning of the scoping process to solicit public comments and identify issues.

DATES: This notice initiates the public scoping process for the EIS/SA and possible plan amendment. Comments

on issues may be submitted in writing until December 23, 2009. The date(s) and location(s) of any scoping meetings, information hearings, and site visits will be announced at least 15 days in advance through local media, newspapers and the BLM Web site at: <http://www.blm.gov/ca/st/en/fo/palmsprings.html> and the CEC's Web site at: http://energy.ca.gov/sitingcases/genesis_solar/index.html. In order to be considered in the Draft EIS/SA, all comments must be received prior to the close of the scoping period or 15 days after the last public meeting, whichever is later. We will provide additional opportunities for public participation upon publication of the Draft EIS/SA.

ADDRESSES: You may submit comments on issues and planning criteria related to the NextEra Ford Dry Lake Solar Power Plant Draft EIS/SA by any of the following methods:

- **Web site:** <http://www.blm.gov/ca/st/en/fo/palmsprings.html> or http://energy.ca.gov/sitingcases/genesis_solar/index.html.

- **E-mail:** CAPSSolarNextEraFPL@blm.gov or mmonasmi@energy.state.ca.us.

- **Fax:** (760) 251-4899.

- **Mail or hand delivery:** Mike Monasmi, Project Manager Siting, Transmission and Environmental Protection Division, CEC, 1516 Ninth Street, MS-15, Sacramento, California 95814 or Allison Shaffer, Project Manager, Palm Springs-South Coast Field Office, BLM, 1201 Bird Center Drive, Palm Springs, California 92262.

FOR FURTHER INFORMATION CONTACT: For further information or to have your name added to our mailing list, contact Allison Shaffer, BLM Project Manager, telephone (760) 833-7100; address 1201 Bird Center Drive, Palm Springs, CA 92262; e-mail

CAPSSolarNextEraFPL@blm.gov or Mike Monasmi, CEC Project Manager, telephone (916) 653-8236; address 1516 9th Street, MS-15, Sacramento, CA 95814; e-mail mmonasmi@energy.state.ca.us.

SUPPLEMENTARY INFORMATION: The applicant, NextEra, LLC has requested a right-of-way authorization to develop an 1,800-acre, 250-megawatt (MW) solar generation facility, including a substation, administration facilities, operations and maintenance facilities, evaporation ponds, surface storm water control facilities, and temporary construction lay-down areas.

The project is located approximately 25 miles west of the city of Blythe, California, on BLM-managed lands. The project area is south of the Palen/McCoy Wilderness Area and north of Ford Dry
