SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on September 8, 2009, based on a complaint filed by The Lincoln Electric Company of Cleveland, Ohio and Lincoln Global, Inc. of City of Industry, California (collectively, “Lincoln”). 74 FR 46223 (Sept. 8, 2009). The complaint alleged violations of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) in the importation into the United States, the sale for importation, or the sale within the United States after importation of certain bulk welding wire containers and components thereof and welding wire by reason of infringement of certain claims of United States Patent Nos. 6,260,781; 6,648,141; 6,708,864; 6,913,145; 7,309,038; 7,398,881; and 7,410,111. *Id.* The complaint named five respondents: Atlantic China Welding Consumables, Inc., of Sichuan, China; ESAB AB, of Göteborg, Sweden (“ESAB AB”); Hyundai Welding Co., Ltd., of Seoul, Korea; Kiswel Co., Ltd. of Seoul, Korea; and Sidergas SpA, of Ambrogio (Verona) Italy. *Id.* at 46224.

On October 28, 2009, Lincoln filed an unopposed motion to amend the complaint and notice of investigation to remove ESAB AB from the investigation and add The ESAB Group, Inc. of Florence, South Carolina (“The ESAB Group”). Lincoln stated that ESAB AB has represented that it is not involved

in the manufacture, importation into the United States, sale for importation, or sale with the United States after importation of bulk wire containers, components thereof and welding wire. Lincoln further stated that the entity responsible for the activities that form the basis of Lincoln’s claim against ESAB AB is The ESAB Group, and that neither ESAB AB nor The ESAB Group oppose the motion.

On October 30, 2009, the ALJ issued Order No. 9 granting Lincoln’s motion. None of the parties petitioned for review of Order No 9. The Commission has determined not to review the ID.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in section 210.42(h) of the Commission’s Rules of Practice and Procedure (19 CFR 210.42(h)).

Issued: November 19, 2009.

By order of the Commission.

Marilyn R. Abbott,

Secretary to the Commission.

BILLING CODE 7020-02-P

DEPARTMENT OF JUSTICE

Notice of Lodging of a Consent Decree Under the Clean Water Act

Notice is hereby given that on November 13, 2009, a proposed Consent Decree in *United States v. City of Akron, Ohio and State of Ohio*, Civil Action No. 05:09-cv-0272 was lodged with the United States District Court for the Northern District of Ohio.

In this action the United States, and the State of Ohio in a cross-claim, sought civil penalties and injunctive relief for violations of the Clean Water Act, 33 U.S.C. 1251 *et seq.*, in connection with the City of Akron’s (“Akron’s”) operation of its municipal wastewater treatment facility and sewer system. The United States’ First Amended Complaint and the State’s cross-claim allege, among other things, that Akron violated the Clean Water Act and its National Pollution Discharge Elimination System (“NPDES”) Permit by discharging pollutants from Combined Sewer Overflow (“CSO”) points to navigable waters and waters of the State during dry weather, and during wet weather in a manner that violates the general effluent limitations of the NPDES Permit; diverting wastewater from secondary treatment at the treatment plant, known as the Water Pollution Control Station (“WPCS”); failing to monitor or report the results

of its monitoring; and releasing untreated sewage from its sewer system into buildings and onto public and private property.

Under the proposed Decree, Akron will develop and implement a comprehensive plan to eliminate or reduce (i) combined sewer overflows in its sewer system and (ii) bypasses around secondary treatment at the WPCS. Within eight years, Akron will expand secondary treatment capacity at the WPCS to at least 130 million gallons of wastewater per day and will construct separate sewer lines for five combined sewer outfall points. Akron will also implement capacity, maintenance and emergency response programs to improve sewer system performance and to eliminate or reduce releases from the sewer collection system, including basement backups, releases into buildings, and onto property. The proposed Decree requires Akron to pay a total civil penalty of \$500,000. Also, as a State Supplemental Environmental Project to improve water quality in the Cuyahoga River, Akron will pay \$900,000 towards the removal of the Brecksville (or Route 82) Dam.

The Department of Justice will receive for a period of sixty (60) days from the date of this publication comments relating to the proposed Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and either e-mailed to pubcomment-ees.enrd@usdoj.gov or mailed to P.O. The proposed Consent Decree may be examined at the Office of the United States Attorney, Northern District of Ohio, 208 Federal Building, Two South Main Street, Akron, OH 44308-1855 (contact Assistant United States Attorney James Bickett (330/761-0523), and at U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, IL 60604-3590 (contact Associate Regional Counsel Susan Perdomo (312/886-0557)).
