SECURITIES AND EXCHANGE COMMISSION**Proposed Collection; Comment Request**

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of Investor Education and Advocacy, Washington, DC 20549-0213.

Extension:

Rule 23c-3 and Form N-23c-3; SEC File No. 270-373; OMB Control No. 3235-0422.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 350 *et seq.*), the Securities and Exchange Commission (the "Commission") has submitted to the Office of Management and Budget a request for extension of the previously approved collection of information discussed below.

Rule 23c-3 (17 CFR 270.23c-3) under the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*) is entitled: "Repurchase of Securities of Closed-End Companies." The rule permits certain closed-end investment companies ("closed-end funds" or "funds") to offer to repurchase from shareholders a limited number of shares at net asset value. The rule includes several reporting and recordkeeping requirements. The fund must send shareholders a notification that contains specified information each time the fund makes a repurchase offer (on a quarterly, semi-annual, or annual basis, or for certain funds, on a discretionary basis not more often than every two years). The fund also must file copies of the shareholder notification with the Commission (electronically through the Commission's Electronic Data Gathering, Analysis, and Retrieval System ("EDGAR")) attached to Form N-23c-3 (17 CFR 274.221), a filing that provides limited information about the fund and the type of offer the fund is making.¹ The fund must describe in its

¹ Form N-23c-3 requires the fund to state its registration number, its full name and address, the date of the accompanying shareholder notification,

annual report to shareholders the fund's policy concerning repurchase offers and the results of any repurchase offers made during the reporting period. The fund's board of directors must adopt written procedures designed to ensure that the fund's investment portfolio is sufficiently liquid to meet its repurchase obligations and other obligations under the rule. The board periodically must review the composition of the fund's portfolio and change the liquidity procedures as necessary. The fund also must file copies of advertisements and other sales literature with the Commission as if it were an open-end investment company subject to section 24 of the Investment Company Act (15 U.S.C. 80a-24) and the rules that implement section 24.²

The requirement that the fund send a notification to shareholders of each offer is intended to ensure that a fund provides material information to shareholders about the terms of each offer, which may differ from previous offers on such matters as the maximum amount of shares to be repurchased (the maximum repurchase amount may range from 5% to 25% of outstanding shares). The requirement that copies be sent to the Commission is intended to enable the Commission to monitor the fund's compliance with the notification requirement. The requirement that the shareholder notification be attached to Form N-23c-3 is intended to ensure that the fund provides basic information necessary for the Commission to process the notification and to monitor the fund's use of repurchase offers. The requirement that the fund describe its current policy on repurchase offers and the results of recent offers in the annual shareholder report is intended to provide shareholders current information about the fund's repurchase policies and its recent experience. The requirement that the board approve and review written procedures designed to

and the type of offer being made (periodic, discretionary, or both).

² Rule 24b-3 under the Investment Company Act (17 CFR 270.24b-3), however, would generally exempt the fund from that requirement when the materials are filed instead with the Financial Industry Regulatory Authority ("FINRA"). These materials are virtually always submitted to FINRA, instead of the Commission, under FINRA procedures which apply to the underwriter of every fund.

maintain portfolio liquidity is intended to ensure that the fund has enough cash or liquid securities to meet its repurchase obligations, and that written procedures are available for review by shareholders and examination by the Commission. The requirement that the fund file advertisements and sales literature as if it were an open-end investment company is intended to facilitate the review of these materials by the Commission or FINRA to prevent incomplete, inaccurate, or misleading disclosure about the special characteristics of a closed-end fund that makes periodic repurchase offers.

Compliance with the collection of information requirements of the rule and form is mandatory only for those funds that rely on the rule in order to repurchase shares of the fund. The information provided to the Commission on Form N-23c-3 will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

The Commission staff estimates that 31 funds make use of rule 23c-3 annually, including one fund that is relying upon rule 23c-3 for the first time. The Commission staff estimates that on average a fund spends 89 hours annually in complying with the requirements of the rule and Form N-23c-3, with funds relying upon rule 23c-3 for the first time incurring an additional one-time burden of 28 hours. The Commission therefore estimates the total annual burden of the rule's and form's paperwork requirements to be 2787 hours.

Written comments are invited on: (a) Whether the collections of information are necessary for the proper performance of the functions of the Commission, including whether the information has practical utility; (b) the accuracy of the Commission's estimate of the burdens of the collections of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burdens of the collections of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and
