SUPPLEMENTARY INFORMATION:

I. Background

The Health Insurance Portability and Accountability Act of 1996 (HIPAA), codified as Part 7 of Title I of the Employee Retirement Security Act of 1974 (ERISA), was enacted to improve the portability and continuity of health care coverage for participants and beneficiaries of group health plans. In the interest of assuring compliance with Part 7, section 101(g) of ERISA, added by HIPAA, further permits the Secretary of Labor (the Secretary) to require multiple employer welfare arrangements (MEWAs), as defined in section 3(40) of ERISA, to report to the Secretary in such form and manner as the Secretary might determine. The Department published a final rule providing for such reporting on an annual basis, together with a form (Form M-1) to be used by MEWAs for the annual report. The reporting requirement enables the Secretary to determine whether the requirements of Part 7 of ERISA are being carried out. EBSA submitted an ICR for the information collection in Form M-1 to the Office of Management and Budget (OMB) for review and clearance in connection with publication of the final rule, and OMB approved the information collection under OMB control number 1210-0116. This approval is scheduled to expire on February 28, 2010. After considering any comments received in response to this notice, EBSA intends to submit an ICR to OMB to request continuing approval. The public is not required to respond to an information collection unless it displays a valid control

number. No change to the existing ICR is being proposed or made at this time.

II. Desired Focus of Comments

The Department is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., by permitting electronic submission of responses.

III. Current Action

This notice requests comments on an extension of OMB's approval of the information collection included in Form M-1. The Department is not proposing or implementing changes to the existing ICR at this time. A summary of the ICR and the current burden estimates follows:

Type of Review: Extension of a currently approved collection of information.

SUPPLEMENTARY INFORMATION:

I. Background

Section 104(b) of the Employee Retirement Income Security Act of 1974 (ERISA) requires the administrator of an employee benefit plan to furnish plan participants and certain beneficiaries with a Summary Plan Description (SPD) that describes, in language understandable to an average plan participant, the benefits, rights, and obligations of participants in the plan.

The information required to be contained in the SPD is set forth in section 102(b) of ERISA. To the extent that there is a material modification in the terms of the plan or a change in the required content of the SPD, section 104(b)(1) of ERISA requires the administrator to furnish participants and specified beneficiaries a summary of material modifications (SMM) or summary of material reductions (SMR). The Department of Labor (Department) has issued regulations providing guidance on compliance with the requirements to furnish SPDs, SMMs, and SMRs. These regulations, which are codified at 29 CFR 2520.102-2, 102-3, and 29 CFR 104b-2 and 104b-3, contain information collections for which the Department has obtained OMB approval under the OMB Control No. 1210-0039.
