**NATIONAL MEDIATION BOARD****Submission for OMB Review;  
Comment Request**

**AGENCY:** National Mediation Board (NMB).

**ACTION:** Notice.

**SUMMARY:** The Director, Office of Administration, invites comments on the submission for OMB review, in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, May 22, 1995 and 5 CFR 1320). This notice announces that the NMB has submitted to the Office of Management and Budget a request for clearance of one (1) information collection.

**DATES:** Interested persons are invited to submit comments within 30 days from the date of this publication.

**ADDRESSES:** Written comments should be addressed to June D.W. King, Director, Office of Administration, National Mediation Board, 1301 K Street, NW., Suite 250 East, Washington, DC 20005 or should be e-mailed to [king@nmb.gov](mailto:king@nmb.gov).

**SUPPLEMENTARY INFORMATION:** Section 3506 of the Paperwork Reduction Act of 1995 (U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Director, Office of Administration, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection contains the following: (1) Type of review requested, e.g. new, revision extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Record keeping burden. OMB invites public comment.

Dated: November 23, 2009.

**June D.W. King,**

*Director, Office of Administration, National Mediation Board.*

**Application for Alternative Dispute Resolution (ADR) Services**

*Frequency:* On occasion.

*Affected Public:* Airline Carriers, Railroads, and Union Officials.

*Reporting and Recordkeeping Hour Burden:*

*Responses:* Estimate about 45 annually.

*Burden Hours:* 9.

*Abstract:* The Railway Labor Act, 45 U.S.C., 151 a. General Purposes, provides that the purposes of the Act are (1) to avoid any interruption to commerce or to the operation of any carrier engaged therein. \* \* \* (4) to provide for the prompt and orderly settlement of all disputes concerning rates of pay, rules, or working conditions, and (5) to provide for the prompt and orderly settlement of all disputes growing out of grievances or out of the interpretation or application of agreements concerning rates of pay, rules, or working conditions.

In fulfilling its role to administer the Act, the National Mediation Board offers the parties to disputes mediation and arbitration services. On a voluntary basis, training programs in Alternative Dispute Resolution (ADR) and facilitation services are also available. These ADR programs are designed to enhance the bargaining and grievance handling skill level of the disputants and to assist the parties in the resolution of disputes. The impact of these ADR programs is that mediation and arbitration can be avoided entirely or the scope and number of issues brought to mediation or arbitration is significantly reduced.

This collection is necessary to confirm the voluntary participation of the parties in the ADR process. The information provided by the parties is used by the NMB to schedule the parties for ADR training and facilitation. Based on a recent survey of those who participated in the NMB's ADR Programs, 94.6% said they were satisfied with the ADR Programs and said they recommend the program for all negotiators. Collecting the brief information on the Application for ADR Services form allows the parties to voluntarily engage the services of the NMB in the orderly settlement of all disputes and fulfill the purposes of the Act.

Requests for copies of the proposed information collection request should be addressed to Daniel Rainey, Director, Office of Alternative Dispute Resolution Services, National Mediation Board, 1301 K Street, NW., Suite 250 E, Washington, DC 20005 or addressed to the e-mail address [rainey@nmb.gov](mailto:rainey@nmb.gov) or faxed to 202-692-5083. Please specify the complete title of the information collection when making your request.

Comments regarding burden and/or the collection activity requirements should be directed to June D.W. King, Director, Office of Administration at 202-692-5010 or via e-mail address [king@nmb.gov](mailto:king@nmb.gov). Individuals who use a telecommunications device for the deaf (TDD/TDY) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339.

**AGENCY:** Nuclear Regulatory Commission (NRC).

**ACTION:** Solicitation of public comment.

**SUMMARY:** The NRC staff is soliciting public comment on NUREG-0800, "Standard Review Plan for the Review of Safety Analysis Reports for Nuclear Power Plants," (SRP) Appendix 18-A on Guidance for Crediting Manual Operator Actions in Diversity and Defense-in-Depth (D3) Analyses (Agencywide Documents Access and Management System (ADAMS) Accession No. ML092950353). This Appendix defines a methodology for evaluating manual operator action as a diverse means of coping with Anticipated Operational Occurrences and Postulated Accidents that are concurrent with a software Common Cause Failure of the Digital Instrumentation and Control (I&C) Protection System. This Appendix supersedes, and incorporates with limited modifications, the guidance in Section 3 of Digital I&C Interim Staff Guidance (ISG), Digital I&C-ISG-05, Revision 1, Highly Integrated Control Rooms—Human Factors Issues.

The NRC staff issues SRPs to facilitate timely implementation of current staff guidance and to facilitate activities associated with the review of applications for design certification (DC) and combined licenses (COLs) by the Office of New Reactors (NRO). The NRC

staff will also incorporate the revised SRP section and Appendix 18-A into the next revisions of Regulatory Guide 1.206 and any related guidance documents.

**DATES:** Comments must be filed no later than 60 days from the date of publication of this notice in the **Federal Register**. Comments received after this date will be considered, if it is practical to do so, but the Commission is able to ensure consideration only for comments received on or before this date.

**ADDRESSES:** You may submit comments by any one of the following methods. Please include Docket ID: NRC-2009-0515 in the subject line of your comments. Comments submitted in writing or in electronic form will be posted on the NRC Web site and on the Federal rulemaking Web site at <http://www.regulations.gov>. Because your comments will not be edited to remove any identifying or contact information, the NRC cautions you against including any information in your submission that you do not want to be publicly disclosed.

The NRC requests that any party soliciting or aggregating comments received from other persons for submission to the NRC inform those persons that the NRC will not edit their comments to remove any identifying or contact information, and therefore, they should not include any information in their comments that they do not want publicly disclosed.

**SUPPLEMENTARY INFORMATION:** This SRP, NUREG-0800, has been prepared to establish criteria that the NRO staff use to evaluate if DC and COL applications meet the NRC's regulations. The SRP is not a substitute for the NRC's regulations, and compliance with it is not required. However, applicants are required to identify differences in design features, analytical techniques, and procedural measures proposed for a facility and corresponding SRP acceptance criteria, and evaluate how the proposed alternatives to the acceptance criteria provide an acceptable method of complying with the NRC's regulations.

The agency posts its issued staff guidance in the agency external Web page (<http://www.nrc.gov/reading-rm/doc-collections/nuregs/staff/sr0800>).

The NRC staff is issuing this notice to solicit public comments on proposed Appendix 18-A, which is being issued for the first time. After the NRC staff considers any public comments, it will make a determination regarding proposed Appendix 18-A.

Dated at Rockville, Maryland, this 20th day of November 2009.

For the Nuclear Regulatory Commission.
