

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

National Institute of Neurological Disorders and Stroke; Notice of Closed Meetings

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of the following meetings.

The meetings will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Institute of Neurological Disorders and Stroke Special Emphasis Panel; Autism Review.

Date: December 17, 2009.

Time: 1:30 p.m. to 4:30 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institutes of Health, Neuroscience Center, 6001 Executive Boulevard, Rockville, MD 20852. (Telephone Conference Call)

Contact Person: Shanta Rajaram, PhD, Scientific Review Administrator, Scientific Review Branch, Division of Extramural Research, NINDS/NIH/DHHS/Neuroscience Center, 6001 Executive Blvd., Suite 3208, MSC 9529, Bethesda, MD 20892, (301) 435-6033, rajarams@mail.nih.gov.

Name of Committee: National Institute of Neurological Disorders and Stroke Special Emphasis Panel; Epilepsy Clinical Trials.

Date: December 18, 2009.

Time: 2 p.m. to 7 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institutes of Health, Neuroscience Center, 6001 Executive Boulevard, Rockville, MD 20852. (Telephone Conference Call)

Contact Person: William C. Benzing, PhD, Scientific Review Administrator, Scientific Review Branch, Division of Extramural Research, NINDS/NIH/DHHS/Neuroscience Center, 6001 Executive Boulevard, Suite 3204, MSC 9529, Bethesda, MD 20892, (301) 496-0660, benzingw@mail.nih.gov.

(Catalogue of Federal Domestic Assistance Program Nos. 93.853, Clinical Research Related to Neurological Disorders; 93.854, Biological Basis Research in the Neurosciences, National Institutes of Health, HHS)

Dated: November 24, 2009.

Jennifer Spaeth,

Director, Office of Federal Advisory Committee Policy.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[LLWO320000 L13300000 PO0000; OMB Control Number 1004-0121]

Information Collection; Leasing of Solid Mineral Other Than Coal and Oil Shale

AGENCY: Bureau of Land Management.

ACTION: 30-day Notice and Request for Comments.

SUMMARY: The Bureau of Land Management (BLM) has submitted an information collection request to the Office of Management and Budget (OMB) for a 3-year extension of OMB Control Number 1004-0121 under the Paperwork Reduction Act. This control number covers paperwork requirements in 43 CFR parts 3500 through 3590, which pertain to leasing of solid minerals other than coal and oil shale.

DATES: The OMB is required to respond to this information collection request within 60 days but may respond after 30 days. Therefore, written comments should be received on or before December 30, 2009.

ADDRESSES: You may submit comments directly to the Desk Officer for the Department of the Interior (OMB #1004-0121), Office of Management and Budget, Office of Information and Regulatory Affairs, fax 202-395-5806, or by electronic mail at oir_docket@omb.eop.gov. Please mail a copy of your comments to: Bureau Information Collection Clearance Officer (WO-630), Department of the Interior, 1849 C Street, NW., Mail Stop 401 LS, Washington, DC 20240. You may also send a copy of your comments by electronic mail to jean_sonneman@blm.gov.

FOR FURTHER INFORMATION CONTACT: Vincent Vogt, Solid Minerals Group, at 202-785-6570 (Commercial or FTS). Persons who use a telecommunication device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) on 1-800-877-8330, 24 hours a day, seven days a week, to contact Mr. Vogt.

SUPPLEMENTARY INFORMATION:

Title: Leasing of Solid Minerals Other Than Coal and Oil Shale (43 CFR 3500-3590).

OMB Number: 1004-0121.

Abstract: This notice pertains to information collections that are necessary for the management of leases and prospecting permits for solid minerals other than coal and oil shale. The BLM manages such leases and permits under the Mineral Leasing Act of 1920, the Mineral Leasing Act for Acquired Lands (30 U.S.C. 351-359), the Multiple Mineral Development Act (30 U.S.C. 521-531), and other statutes that authorize the Secretary of the Interior to regulate the development of mineral deposits on Federal lands. The information collections covered by this notice are found at 43 CFR parts 3500 through 3590, and in the following forms:

- Form 3504-1, Personal Bond and Power of Attorney;
- Form 3504-3, Bond Under Lease;
- Form 3504-4, Statewide or Nationwide Personal Mineral Bond for Prospecting Permits and Leases;
- Form 3510-1, Prospecting Application and Permit;
- Form 3510-2, Phosphate or Sodium Use Permit; and
- Form 3520-7, Lease.

60-Day Notice: As required in 5 CFR 1320.8(d), the BLM published a 60-day notice in the **Federal Register** on June 17, 2009 (74 FR 28718), soliciting comments from the public and other interested parties. The comment period closed on August 17, 2009. The BLM did not receive any comments from the public in response to this notice or unsolicited comments from respondents covered under these regulations.

Current Action: This proposal is being submitted to extend the expiration date of November 30, 2009.

Type of Review: 3-year extension.

Affected Public: Individuals, associations, and corporations seeking authorizations pertaining to solid minerals other than coal and oil shale.

Obligation to Respond: Required to obtain or retain benefits.

Annual Responses: 473.

Annual Burden Hours: 16,346.

Document processing fees are associated with some of these information collections, and publication costs are associated with one of these information collections.

The BLM requests comments on the following subjects:

1. Whether the collection of information is necessary for the proper functioning of the BLM, including whether the information will have practical utility;
2. The accuracy of the BLM's estimate of the burden of collecting the information, including the validity of the methodology and assumptions used;

3. The quality, utility and clarity of the information to be collected; and

4. How to minimize the information collection burden on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other forms of information technology.

Please send comments to the addresses listed under **ADDRESSES**. Please refer to OMB control number 1004-0121 in your correspondence. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Jean Sonneman,

Acting Information Collection Clearance Officer.

BILLING CODE 4310-84-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[FWS-R4-ES-2009-N256; 41910-1112-0000-F2]

Endangered and Threatened Wildlife and Plants; Permit(s); Road Realignment and Construction of Associated Storm Water Retention Ponds in Lake County, FL

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of receipt of application for an incidental take permit (ITP); availability of proposed low-effect habitat conservation plans (HCP); request for comment/information.

SUMMARY: We, the Fish and Wildlife Service (Service), announce the availability of an incidental take permit (ITP) application and habitat conservation plan (HCP). Lake County Public Works (applicant) requests a 5-year ITP under the Endangered Species Act of 1973, as amended (Act). The applicant anticipates taking approximately 0.10 acres (ac) of sand skink (*Neoseps reynoldsi*)—occupied habitat incidental to realignment of Hancock road and construction of three storm water retention ponds in Lake County, Florida (project). The applicant's HCP describes the mitigation and minimization measures the

applicant proposes to address the effects of the project to the sand skink.

DATES: We must receive any written comments on the ITP application and HCP on or before December 30, 2009.

ADDRESSES: If you wish to review the application and HCP, you may write the Field Supervisor at our Jacksonville Field Office, 7915 Baymeadows Way, Suite 200, Jacksonville, FL 32256, or make an appointment to visit during normal business hours. If you wish to comment, you may mail or hand deliver comments to the Jacksonville Field Office, or you may e-mail comments to paula_sisson@fws.gov. For more information on reviewing documents and public comments and submitting comments, see **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT: Paula Sisson, Fish and Wildlife Biologist, Jacksonville Field Office (*see ADDRESSES*); telephone: 904/731-3134.

SUPPLEMENTARY INFORMATION:

Public Availability of Comments

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Please reference permit number TE231577-0 for Lake County Public Works in all requests or comments. If you do not receive a confirmation from us that we have received your e-mail message, contact us directly at the telephone number listed under **FOR FURTHER INFORMATION CONTACT**.

Background

Due to the reduction in quality and acreage of xeric (bare, scrub-like areas with sandy soils, open canopies) upland communities, and the rapid development occurring in these areas, the sand skink is reportedly declining throughout most of its range. By some estimates, as much as 90 percent of the scrub ecosystem has already been lost to residential development and conversion to agriculture, including citrus groves.

Applicant's Proposal

The applicant is requesting take of approximately 0.10 ac of occupied sand skink habitat incidental to the project. The 21.83-ac project is located east of US Highway 27, west of Ronald Reagan Turnpike and north of Old Highway 50,

Section 8, 9, 16, 17, Township 22 South, Range 26 East, Lake County, Florida. The proposed project currently includes realignment of a portion of Turkey Farms Road and the intersection of Old Highway 50 and with the North Hancock Road Extension for safety purposes. The project also includes three storm water retention ponds to address runoff associated with the realigned roadway. The applicant proposes to mitigate for the take of the sand skink at a ratio of 2:1 based on Service Mitigation Guidelines. The applicant proposes to mitigate for 0.10 ac of impacts by purchasing 0.20 ac of occupied sand skink habitat in Polk County, Florida, within the boundaries of the Lake Wales Ridge.

We have determined that the applicant's proposal, including the proposed mitigation and minimization measures, would have minor or negligible effects on the species covered in the HCP. Therefore, we are making a preliminary determination that the ITP is a "low-effect" project and qualifies for categorical exclusion under the National Environmental Policy Act (NEPA), as provided by the Department of the Interior Manual (516 DM 2 Appendix 1 and 516 DM 6 Appendix 1). We may revise this preliminary determination based on our review of public comments we receive in response to this notice. A low-effect HCP is one involving (1) Minor or negligible effects on federally listed or candidate species and their habitats, and (2) minor or negligible effects on other environmental values or resources.

We will evaluate the HCP and comments we receive to determine whether the ITP application meets the requirements of section 10(a) of the Act (16 U.S.C. 1531 *et seq.*). If we determine that the application meets those requirements, we will issue the ITP for incidental take of the sand skink. We will also evaluate whether issuance of the section 10(a)(1)(B) ITP complies with section 7 of the Act by conducting an intra-Service section 7 consultation. We will use the results of this consultation, in combination with the above findings, in our final analysis to determine whether or not to issue the ITP.

Authority

We provide this notice under Section 10 of the Act and NEPA regulations (40 CFR 1506.6).

Dated: November 20, 2009.

David L. Hankla,

Field Supervisor, Jacksonville Field Office.
