**Regulatory Agenda**

**AGENCY:** Department of Energy.

**ACTION:** Notice of semiannual regulatory agenda.

**SUMMARY:** The Department of Energy (DOE) has prepared and is making available its portions of the semiannual Unified Agenda of Federal Regulatory and Deregulatory Actions (Agenda) and The Regulatory Plan (Plan), pursuant to Executive Order 12866 “Regulatory Planning and Review,” 58 FR 51735, and the Regulatory Flexibility Act, 5 U.S.C. 601 et seq.

**SUPPLEMENTARY INFORMATION:** The Agenda is a Governmentwide compilation of upcoming and ongoing regulatory activity taking place over the next 12 months, including a brief description of each rulemaking and a timetable for action. The Agenda also includes a list of regulatory actions completed since publication of the last Agenda. The Department of Energy’s portion of the Agenda includes regulatory actions called for by the Energy Policy Act of 2005, the Energy Independence and Security Act of 2007, and programmatic needs of DOE offices.

The Internet is the basic means for disseminating the Agenda and providing users the ability to obtain information from the Agenda database. DOE’s entire fall 2009 agenda can be accessed online by going to: [www.reginfo.gov](http://www.reginfo.gov). Agenda entries reflect the status of activities as of approximately October 31, 2009.

Publication in the **Federal Register** is mandated by the Regulatory Flexibility Act (5 U.S.C. 602) only for Agenda entries that require either a regulatory flexibility analysis or periodic review under section 610 of that Act. Included in this Agenda is an energy conservation standards rulemaking that required a regulatory flexibility analyses: Energy Efficiency Standards for Refrigerated Bottled or Canned Beverage Vending Machines.

For this edition of DOE’s agenda, the most important of the Department’s significant regulatory actions and a Statement of Regulatory Priorities are included in the Plan, which appears in both the online Agenda and the **Federal Register**.

Issued in Washington, DC, on September 22, 2009.
