

overlapping regulatory reports required by various self-regulatory organizations and the Commission and to reduce reporting burdens as much as possible. The Rule also requires the filing of an annual audited report of financial statements.

The FOCUS Report consists of: (1) Part I, which is a monthly report that must be filed by brokers or dealers that clear transactions or carry customer securities; (2) one of three alternative quarterly reports: Part II, which must be filed by brokers or dealers that clear transactions or carry customer securities; Part IIA, which must be filed by brokers or dealers that do not clear transactions or carry customer securities; and Part IIB, which must be filed by specialized broker-dealers registered with the Commission as OTC derivatives dealers;² (3) supplemental schedules, which must be filed annually; and (4) a facing page, which must be filed with the annual audited report of financial statements. Under the Rule, a broker or dealer that computes certain of its capital charges in accordance with Appendix E to Exchange Act Rule 15c3-1(17 CFR 240.15c3-1) must file additional monthly, quarterly, and annual reports with the Commission.

The variation in the size and complexity of brokers and dealers subject to Rule 17a-5 and the differences in the FOCUS Report forms that must be filed under the Rule make it difficult to calculate the cost of compliance. However, we estimate that, on average, each report will require approximately 12 hours. At year-end 2008, the Commission estimates that there were approximately 5,190 brokers or dealers, and that of those firms there were approximately 530 brokers or dealers that clear transactions or carry customer securities. In addition, approximately 220 firms filed annual reports. The Commission therefore estimates that approximately 530 firms filed monthly reports, approximately 4,400 firms filed quarterly reports, and approximately 220 firms filed annual reports. In addition, approximately 5,190 firms filed annual audited reports. As a result, there were approximately 29,530 total annual responses $((530 \times 12) + (4,400 \times 4) + 220 + 5,190 = 29,370)$. This results in an estimated annual burden of 354,360 hours $(29,530 \text{ annual responses} \times 12 \text{ hours} = 354,360)$.

In addition, we estimate that approximately 11 brokers or dealers will

elect to use Appendix E to Rule 15c3-1 to compute certain of their capital charges (as of October 2009, seven brokers or dealers have elected to use Appendix E). We estimate that the average amount of time necessary to prepare and file the additional monthly reports that must be filed by these firms is about 4 hours per month, or approximately 48 hours per year; the average amount of time necessary to prepare and file the additional quarterly reports is about 8 hours per quarter, or approximately 32 hours per year; and the average amount of time necessary to prepare and file the additional supplemental reports with the annual audit required is approximately 40 hours per year. Consequently, we estimate that the total additional annual burden for these 11 brokers or dealers is approximately 1,320 hours $((48 + 32 + 40) \times 11 = 1,320)$.

The Commission therefore estimates that the total annual burden under Rule 17a-5 is approximately 353,800 hours $(352,440 + 1,320 = 353,760)$, rounded to 353,800.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-61072; File No. SR-NYSE-2009-106]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing of Amendment No. 1 and Order Granting Accelerated Approval to a Proposed Rule Change, as Modified by Amendment No. 1 Thereto, Amending Rule 70 in Order To Update d-Quote Functionality and Provide for e-Quotes To Peg to the National Best Bid or Offer

November 30, 2009.

I. Introduction

On October 26, 2009, New York Stock Exchange LLC (“NYSE” or the “Exchange”), filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”) ¹ and Rule 19b-4 thereunder, ² a proposed rule change to amend Rule 70 in order to update d-Quote functionality and provide for e-Quotes to peg to the National best bid or offer. The proposed rule change was published for comment in the **Federal Register** on November 3, 2009. ³ NYSE filed Amendment No. 1 to the proposed rule change on November 19, 2009. ⁴ The Commission received no comment letters on the proposed rule change. This notice and order provides notice of filing of Amendment No. 1 to the proposed rule change, and grants accelerated approval to the proposed rule change, as modified by Amendment No. 1.

Description of the Proposed Rule, as Modified by Amendment No. 1 *Background* ⁵

Rule 70.25 governs the entry, validation, and execution of bids and offers represented electronically by a Floor broker on the Floor of the Exchange that include discretionary instructions as to size and/or price. ⁶ The discretionary instructions that a Floor

⁴ The text of Amendment No. 1 is available on the Exchange’s Web site (<http://www.nyse.com>), at the Exchange, and at the Commission’s Public Reference Room.

⁵ The Notice contains additional discussion and examples regarding the current operation of d-Quotes and e-Quotes. See *supra* note 3.

⁶ For purposes of these rules, floor broker agency interest files (that is, electronic bids or offers from the Floor) are referred to as “e-Quotes.” E-quotes that include discretionary instructions are referred to a “d-Quotes.”

broker may include with an e-Quote can relate to the price range within which the e-Quote may trade and the number of shares to which the discretionary price instruction applies. D-Quote functionality is available for both displayed and reserve interest.

In particular, Rule 70.25(a) provides that d-Quotes are eligible for execution only when they are at or join the existing Exchange BBO, would establish a new Exchange BBO, or at the opening and closing transactions. Under current rules, d-Quotes at or joining the Exchange BBO may be displayed or undisplayed interest. In addition, Rule 70.25(d)(ii) currently provides that, once it has been activated, a d-Quote will automatically execute against a contra-side order if the contra-side order’s price is within the discretionary pricing instructions and the contra-side order’s size meets any minimum or maximum size requirements that have been set for the d-Quote.

Rule 70.26 provides for the entry, validation, and execution of an e-Quote that remains available for execution at the Exchange BBO as the Exchange BBO moves. Floor brokers are able to designate a range of prices within which their e-Quotes and d-Quotes will peg and, as long as the Exchange BBO is within that range, the e-Quote and d-Quote will be included in the quote.

Proposed Amendments ⁷

D-Quotes Active When Their Filed Price is Not at the Exchange BBO

The Exchange proposes to amend Rule 70.25(a)(ii) to provide that d-Quotes would be active and available to execute whenever incoming interest satisfies the discretionary instructions, without regard to whether the d-Quote’s filed price is or becomes the Exchange BBO.

The Exchange also proposes to add clarifying language to Rule 70.25(a)(i) to provide that d-Quotes that exercise discretion would be considered non-displayable interest for purposes of Rule 72, and to amend Rule 70.25(d)(i) (as proposed Rule 70.25(e)(i)) to provide that a d-Quote with discretionary pricing instructions above the best bid if a buy order or below the best offer if a sell order would seek to secure the largest execution for the d-Quote using the least amount of price discretion to exercise at or above the bid if a buy order or at or below the offer if a sell order. The Exchange proposes to further clarify that a d-Quote with discretionary pricing instructions equal to or less than
