the preliminary results are published. However, if it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the time period to a maximum of 180 days.

We determine that it is not practicable to complete the final results of this review within the extended time limit because the Department requires additional time to analyze issues raised in parties’ briefs and rebuttal briefs, which were also discussed in meetings with counsel for the parties, such as, surrogate values and third–country processing. Therefore, given the complexity of the issues in this case, we are extending the time limit for completion of the final results by an additional 21 days.

An extension of 21 days from the current deadline of December 5, 2009, would result in a new deadline of December 26, 2009. However, since December 26, 2009, falls on a Saturday, a non–business day, the final results will now be due no later than December 28, 2009, the next business day.

This notice is published pursuant to sections 751(a) and 777(i) of the Act.

Dated: December 1, 2009.

John M. Andersen,
Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

[C–533–825]

Polyethylene Terephthalate (PET) Film, Sheet, and Strip From India: Extension of Time Limit for Final Results of Countervailing Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: Effective Date: December 8, 2009.

FOR FURTHER INFORMATION CONTACT: Elfi Blum, AD/CVD Operations, Office 6, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington DC 20230; telephone: (202) 482–0197.

SUPPLEMENTARY INFORMATION:

Background

On August 7, 2009, the Department of Commerce (the Department) published the preliminary results of the administrative review of the countervailing duty order on polyethylene terephthalate (PET) film, sheet, and strip from India. See Polyethylene Terephthalate Film, Sheet, and Strip From India: Preliminary Results of Countervailing Duty Administrative Review, 74 FR 39631 (August 7, 2009). This administrative review covers the period January 1, 2007 through December 31, 2007. The current deadline for the final results of review is December 5, 2009. This review covers one producer/exporter of the subject merchandise to the United States, Jindal Poly Films Ltd. (Jindal), as well as the Government of India (GOI).

Extension of Time Limit for Final Results

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.213(h)(1), the Department shall issue final results in an administrative review of a countervailing duty order within 120 days after the date on which notice of the preliminary results was published in the Federal Register. However, if the Department determines that it is not practicable to complete the review within the aforementioned specified time limits, section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2) allow the Department to extend the 120-day period to 180 days.

Pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2), we determine that it is not practicable to complete the results of this review within the original time limit. The Department needs additional time to analyze the supplemental questionnaire responses, which were recently submitted, and to determine whether any additional information is required. In accordance with section 751(a)(3)(A) of the Act, the Department has decided to extend the time limit for the final results from 120 days to 180 days; the final results will now be due no later than February 3, 2010.

This notice is issued and published in accordance with sections 751(a)(3)(A) and 777(i)(1) of the Act.

Dated: December 1, 2009.

John M. Andersen,
Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Schedules for Atlantic Shark Identification Workshops and Protected Species Safe Handling, Release, and Identification Workshops

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public workshops.

SUMMARY: NMFS announces free Atlantic Shark Identification Workshops and Protected Species Safe Handling, Release, and Identification Workshops to be held in January, February, and March of 2010. Certain fishermen and shark dealers are required to attend a workshop to meet regulatory requirements and maintain valid permits. Specifically, the Atlantic Shark Identification Workshop is mandatory for all federally permitted Atlantic shark dealers. The Protected Species Safe Handling, Release, and Identification Workshop is mandatory for vessel owners and operators who use bottom longline, pelagic longline, or gillnet gear, and have also been issued shark or swordfish limited access permits. Additional free workshops will be held in 2010 and announced in the Federal Register.

DATES: The Atlantic Shark Identification Workshops will be held January 14, February 11, and March 24, 2010. The Protected Species Safe Handling, Release, and Identification Workshops will be held January 13, January 27, February 17, February 24, March 10, and March 24, 2010.

See SUPPLEMENTARY INFORMATION for further details.

ADDRESSES: The Atlantic Shark Identification Workshops will be held in Manahawkin, NJ; Charleston, SC; and San Juan (Rio Piedras), Puerto Rico. The Protected Species Safe Handling, Release, and Identification Workshops will be held in Clearwater, FL; Manahawkin, NJ; Key Largo, FL; Boston, MA; Galveston, TX; and Ocean City, MD.

See SUPPLEMENTARY INFORMATION for further details on workshop locations.

FOR FURTHER INFORMATION CONTACT: Richard A. Pearson by phone (727) 824–5399, or by fax (727) 824–5398.

SUPPLEMENTARY INFORMATION: The workshop schedules, registration information, and a list of frequently asked questions regarding these
workshops are posted on the internet at: http://www.nmfs.noaa.gov/sfa/hms/workshops/.

Atlantic Shark Identification Workshops

Since December 31, 2007, Atlantic shark dealers have been prohibited from receiving, purchasing, trading, or bartering for Atlantic sharks unless a valid Atlantic Shark Identification Workshop certificate is on the premises of each business listed under the shark dealer permit which first receives Atlantic sharks (71 FR 58057; October 2, 2006). Dealers who attend and successfully complete a workshop are issued a certificate for each place of business that is permitted to receive sharks. These certificate(s) are valid for three years. Approximately 40 free Atlantic Shark Identification Workshops have been conducted since January 2007.

Currently permitted dealers may send a proxy to an Atlantic Shark Identification Workshop. However, if a dealer opts to send a proxy, the dealer must designate a proxy for each place of business covered by the dealer’s permit which first receives Atlantic sharks. Only one certificate will be issued to each proxy. A proxy must be a person who: is currently employed by a place of business covered by the dealer’s permit; is a primary participant in the identification, weighing, and/or first receipt of fish as they are offloaded from a vessel; and fills out dealer reports.

Atlantic shark dealers are prohibited from renewing a Federal shark dealer permit unless a valid Atlantic Shark Identification Workshop certificate for each business location which first receives Atlantic sharks has been submitted with the permit renewal application. Additionally, trucks or other conveyances which are extensions of a dealer’s place of business must possess a copy of a valid dealer or proxy Atlantic Shark Identification Workshop certificate.

Workshop Dates, Times, and Locations

1. January 13, 2010, from 9 a.m. - 5 p.m., Holiday Inn, 3535 Ulmerton Road, Clearwater, FL 33762.
2. January 27, 2010, from 9 a.m. - 5 p.m., Holiday Inn, 151 Route 72 East, Manahawkin, NJ 08050.
3. February 17, 2010, from 9 a.m. - 5 p.m., Holiday Inn, 99701 Overseas Highway, Key Largo, FL 33037.
4. February 24, 2010, from 9 a.m. - 5 p.m., Embassy Suites (at Logan airport), 207 Porter Street, Boston, MA 02128.
5. March 10, 2010, from 9 a.m. - 5 p.m., Holiday Inn Express, 8628 Seawall Boulevard, Galveston, TX 77554.
6. March 24, 2010, from 9 a.m. - 5 p.m., Princess Bayside Hotel, 4801 Coastal Highway, Ocean City, MD 21842.

Registration

To register for a scheduled Atlantic Shark Identification Workshop, please contact Eric Sander by email at esander@peoplepc.com or by phone at (386) 852-8588.

Registration Materials

To ensure that workshop certificates are linked to the correct permits, participants will need to bring the following items to the workshop:

Atlantic shark dealer permit holders must bring proof that the attendee is an owner or agent of the business (such as articles of incorporation), a copy of the applicable permit, and proof of identification.

Atlantic shark dealer proxies must bring documentation from the permitted dealer acknowledging that the proxy is attending the workshop on behalf of the permitted Atlantic shark dealer for a specific business location, a copy of the appropriate valid permit, and proof of identification.

Workshop Objectives

The shark identification workshops are designed to reduce the number of unknown and improperly identified sharks reported in the dealer reporting form and increase the accuracy of species-specific dealer-reported information. Reducing the number of unknown and improperly identified sharks will improve quota monitoring and the data used in stock assessments. These workshops will train shark dealer permit holders or their proxies to properly identify Atlantic shark carcasses.

Protected Species Safe Handling, Release, and Identification Workshops

Since January 1, 2007, shark limited access and swordfish limited access permit holders who fish with longline or gillnet gear, have been required to submit a copy of their Protected Species Safe Handling, Release, and Identification Workshop certificate in order to renew either permit (71 FR 58057; October 2, 2006). These certificate(s) are valid for three years. As such, vessel owners who have not already attended a workshop and received a NMFS certificate, or vessel owners whose certificate(s) will expire before the next permit renewal, must attend a workshop to fish with, or renew, their swordfish and shark limited access permits. Additionally, new shark and swordfish limited access permit applicants who intend to fish with longline or gillnet gear must attend a Protected Species Safe Handling, Release, and Identification Workshop and submit a copy of their workshop certificate before either of the permits will be issued. Approximately 76 free Protected Species Safe Handling, Release, and Identification Workshops have been conducted since 2006.

In addition to certifying permit holders, all longline and gillnet vessel operators fishing on a vessel issued a limited access swordfish or limited access shark permit are required to attend a Protected Species Safe Handling, Release, and Identification Workshop and receive a certificate. The certificate(s) are valid for three years. Vessels that have been issued a limited access swordfish or limited access shark permit may not fish unless both the vessel owner and operator have valid workshop certificates onboard at all times.

Workshop Dates, Times, and Locations

1. January 13, 2010, from 9 a.m. - 5 p.m., Holiday Inn, 3535 Ulmerton Road, Clearwater, FL 33762.
2. January 27, 2010, from 9 a.m. - 5 p.m., Holiday Inn, 151 Route 72 East, Manahawkin, NJ 08050.
3. February 17, 2010, from 9 a.m. - 5 p.m., Holiday Inn, 99701 Overseas Highway, Key Largo, FL 33037.
4. February 24, 2010, from 9 a.m. - 5 p.m., Embassy Suites (at Logan airport), 207 Porter Street, Boston, MA 02128.
5. March 10, 2010, from 9 a.m. - 5 p.m., Holiday Inn Express, 8628 Seawall Boulevard, Galveston, TX 77554.
6. March 24, 2010, from 9 a.m. - 5 p.m., Princess Bayside Hotel, 4801 Coastal Highway, Ocean City, MD 21842.

Registration

To register for a scheduled Protected Species Safe Handling, Release, and Identification Workshop, please contact Angler Conservation Education at (386) 852-9137.

Registration Materials

To ensure that workshop certificates are linked to the correct permits, participants will need to bring the following items with them to the workshop:

Individual vessel owners must bring a copy of the appropriate swordfish and/or shark permit(s), a copy of the vessel registration or documentation, and proof of identification.

Representatives of a business owned or co-owned vessel must bring proof that the individual is an agent of the business (such as articles of incorporation), a copy of the applicable swordfish and/or shark permit(s), and proof of identification.

Vessel operators must bring proof of identification.
**Workshop Objectives**

The protected species safe handling, release, and identification workshops are designed to teach longline and gillnet fishermen the required techniques for the safe handling and release of entangled and/or hooked protected species, such as sea turtles, marine mammals, and smalltooth sawfish. The proper identification of protected species will also be taught at these workshops in an effort to improve reporting. Additionally, individuals attending these workshops will gain a better understanding of the requirements for participating in these fisheries. The overall goal of these workshops is to provide participants with the skills needed to reduce the mortality of protected species, which may prevent additional regulations on these fisheries in the future.

**Grandfathered Permit Holders**

Participants in the industry-sponsored workshops on safe handling and release of sea turtles that were held in Orlando, FL (April 8, 2005) and in New Orleans, LA (June 27, 2005) were issued a NOAA workshop certificate in December 2006 that was valid for three years. These workshop certificates have expired, or will be expiring in 2010. Vessel owners and operators whose certificates expire prior to the next permit renewal must attend a workshop, successfully complete the course, and obtain a new certificate in order to renew their limited access shark and limited access swordfish permits. Failure to provide a valid NOAA workshop certificate could result in a permit denial.

Alan D. Risenhoover, 
Director, Office of Sustainable Fisheries, 
National Marine Fisheries Service.

**DEPARTMENT OF COMMERCE**

**United States Patent and Trademark Office**

[Docket No. PTO–P–2009–0038]

**Pilot Program for Green Technologies Including Greenhouse Gas Reduction**

**AGENCY:** United States Patent and Trademark Office, Commerce.

**ACTION:** Notice.

**SUMMARY:** The United States Patent and Trademark Office (USPTO) is implementing a pilot program in which an applicant may have an application advanced out of turn (accorded special status) for examination, for applications pertaining to green technologies including greenhouse gas reduction (applications pertaining to environmental quality, energy conservation, development of renewable energy resources or greenhouse gas emission reduction). Currently, an application pertaining to environmental quality, or energy conservation, development of renewable energy resources or greenhouse gas reduction will not be advanced out of turn for examination unless it meets the requirements of the accelerated examination program. Under the Green Technology Pilot Program, applications pertaining to environmental quality, energy conservation, development of renewable energy, or greenhouse gas emission reduction, will be advanced out of turn for examination without meeting all of the current requirements of the accelerated examination program (e.g., examination support document). The USPTO will accept only the first 3,000 petitions to make special in previously filed new applications, provided that the petitions meet the requirements set forth in this notice.

**DATES:** Effective Date: December 8, 2009. Duration: The Green Technology Pilot Program will run for twelve months from its effective date. Therefore, petitions to make special under the Green Technology Pilot Program must be filed before December 8, 2010. The USPTO may extend the pilot program (with or without modifications) depending on the feedback from the participants and the effectiveness of the pilot program.

**FURTHER INFORMATION CONTACT:**
Pinchus M. Laufer and Joni Y. Chang, Senior Legal Advisors, Office of Patent Legal Administration, Office of the Associate Commissioner for Patent Examination Policy, by telephone at 571–272–7726 or 571–272–7720; by facsimile transmission to 571–273–7726, marked to the attention of Pinchus M. Laufer; or by mail addressed to: Mail Stop Comments Patents, Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313–1450.

**SUPPLEMENTARY INFORMATION:** New patent applications are normally taken up for examination in the order of their United States filing date. See section 708 of the Manual of Patent Examining Procedure (8th ed. 2001) (Rev. 7, July 2008) (MPEP). The USPTO has a restriction requirement. A petition to make special under the Green Technology Pilot Program, however, will be placed on the examiner’s amended docket, rather than the examiner’s special docket, after the first Office action (which may be an Office action containing only a restriction requirement).

Applicant may participate in the Green Technology Pilot Program by filing a petition to make special that meets all of the requirements set forth in this notice in a previously filed application. No fee is required. The $130.00 fee for a petition under 37 CFR 1.102 and MPEP § 708.02(a). Applications that are accorded special status are generally placed on the examiner’s special docket throughout its entire course of prosecution before the examiner, and have special status in any appeal to the Board of Patent Appeals and Interferences (BPAI) and also in the patent publication process. See MPEP § 708.01 and 1309.
