

Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. Comments may be filed electronically via the Internet, *see* 18 CFR 385.2001 (a)(1)(iii) and the instructions on the Commission's Web site under the "e-filing" link. The Commission strongly encourages electronic filings. In lieu of electronic filing, an original and eight copies of all documents may be mailed to the Secretary at the address above.

k. *Description of material:* Marquette Board of Light and Power has filed an Environmental Report in support of its plan to repair the Tourist Park Dam at the Tourist Park Development, part of the Marquette Hydroelectric Project (FERC No. 2589). The project consists of two separate developments: Forestville and Tourist Park. The proposed work at the Tourist Park Dam would take place within the Tourist Park Development which is the most downstream of the two developments on the Dead River. The Tourist Park Reservoir is operated in a non-peaking mode to re-regulate flows released from the upstream Forestville Development. In May of 2003, the Silver Lake Storage Reservoir, part of the upstream Dead River Project (FERC No. 10855), experienced a breach which resulted in the release of large quantities of water. The resultant high flows reached the Tourist Park Dam, crested the natural right abutment of the dam, and caused the wash out of the dam abutment which resulted in the release of the Tourist Park Reservoir. Since the time of the breach the development has not been operational. In order to restore the Tourist Park Reservoir and return the development to operational conditions as licensed, the licensee plans to repair the dam by constructing an un-gated concrete ogee spillway within the breach channel. In addition, the licensee plans to construct right and left retaining walls and a new embankment with the existing and new core walls. During construction activities, some recreational use of the development may be limited due to traffic and public safety concerns. Following repair of the dam, the licensee plans to refill the Tourist Park Reservoir and operate the development as licensed.

The Commission intends to prepare an environmental document under the National Environmental Policy Act (NEPA) for the planned Tourist Park Dam repair. The NEPA document will be used by the Commission to identify environmental impacts and to identify measures that would help mitigate the impacts caused by the activities associated with the dam repair.

l. *Locations of the Filing:* A copy of the filing is available for inspection and

reproduction at the Commission's Public Reference Room, located at 888 First Street, NE., Room 2A, Washington, DC 20426. This filing may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. You may also register online at <http://www.ferc.gov/docs-filing/subscription.asp> to be notified via e-mail of new filings and issuances related to this or other pending projects. For assistance, call 1-866-208-3676 or e-mail FERCOnlineSupport@ferc.gov, for TTY, call (202) 502-8659.

m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

n. *Comments:* Anyone may submit comments on the material described in this notice. In completing its environmental review, the Commission will consider all comments filed. Any comments must be received on or before deadline for filing comments specified above.

o. Any filing made with the Commission in response to this notice must bear in all capital letters the title "COMMENTS" and the Project Number: P-2589-057.

p. *Agency Comments:* Federal, State, and local agencies are invited to file comments on the material described in this notice. A copy of the filing may be obtained by agencies directly from the licensee. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the licensee's representatives.

q. Comments may be filed electronically via the Internet in lieu of paper. *See*, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site at <http://www.ferc.gov> under the "e-Filing" link.

Kimberly D. Bose,

Secretary.

Federal Energy Regulatory Commission

[Docket No. EL10-19-000]

Western Grid Development, LLC; Notice of Filing

December 2, 2009.

Take notice that on November 20, 2009, Western Grid Development, LLC (WGD) filed, pursuant to Rule 207 of the Commission's Rules of Practice and Procedure, 18 CFR 385.208, section 219 of the Federal Power Act, 16 U.S.C. 824s, Order No. 679,¹ and section 35.35 of the Commission's regulations, 18 CFR 35.35, a Petition for Declaratory Order: (1) Requesting the Commission to find that the Energy Storage Devices that will be used in WGD's proposed projects are properly classified as wholesale transmission facilities subject to the Commission's jurisdiction; (2) concluding that the WGD projects at locations where transmission reliability is at issue (WGD Projects) are entitled to incentive-based rate treatment pursuant to FERC regulations; (3) authorizing the specific rate incentives described herein for such WGD Projects; and (4) providing insight on whether the Commission perceives any barrier that could prevent the California Independent System Operator from considering the WGD solution on equal footing with other utility and non-utility proposed transmission alternatives to solve reliability problems.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically

¹ *Promoting Transmission Investment Through Pricing Reform*, Order No. 679, FERC Stats. & Regs. ¶ 31,222, *order on reh'g*, Order No. 679-A, FERC Stats. & Regs. ¶ 31,236 (2006), *order on reh'g*, 119 FERC ¶ 61,062 (2007) (Order 679 and Order No. 679-A, respectively).

should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC.
