SUPPLEMENTARY INFORMATION:

Regulatory Information

On September 29, 2009 we published a notice of proposed rulemaking (NPRM) entitled Safety Zone; San Diego Parade of Lights Fireworks; San Diego, CA in the **Federal Register** (74 FR 49831). We received no comments on the proposed rule. Additionally, no public meeting was requested, and none was held.

Background and Purpose

Fireworks & Stage FX Inc is sponsoring the San Diego Parade of Lights Fireworks, which will include a fireworks presentation from a barge in San Diego Bay. This temporary safety zone is necessary to provide for the safety of the crew, spectators, participants, and other vessels and users of the waterway.

Discussion of Comments and Changes

No comments were submitted in response to the NPRM. After publication of the NPRM, the sponsor informed the Coast Guard that changes to the fireworks show plans required enlargement of the safety zone. The NPRM described a *safety zone extending in a 400 foot radius around a barge in approximate position 32°43'23" N, 117°11'57" W. Instead, in order to protect members of the public from the hazards associated with fireworks displays, the zone will extend in a 600 foot radius from the same approximate position. Vessel traffic will continue to be able to pass safely around the zone, and no other negative impacts are expected to result from this change.*

Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on 13 of these statutes or executive orders.

Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order.

We expect the economic impact of this proposed rule to be so minimal that

a full Regulatory Evaluation is unnecessary. This determination is based on the size and location of the safety zone. Commercial vessels will not be hindered by the safety zone. Recreational vessels will not be allowed to transit through the designated safety zone during the specified times unless authorized to do so by the Captain of the Port or his designated representative.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

This rule will affect the following entities, some of which may be small entities: The owners or operators of vessels intending to transit or anchor in a portion of the San Diego Bay from 5:30 p.m. to 10 p.m. on December 13 and 20, 2009.

This safety zone will not have a significant economic impact on a substantial number of small entities for the following reasons. Vessel traffic can pass safely around the zone. Additionally, before the effective period, the Coast Guard will publish a local notice to mariners (LNM).

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), in the NPRM we offered to assist small entities in understanding the rule so that they could better evaluate its effects on them and participate in the rulemaking process.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247). The Coast Guard will not retaliate against small entities that question or
