SUPPLEMENTARY INFORMATION: Minidoka Dam impounds Lake Walcott and is a feature of Reclamation's Minidoka Project. They are located on the main stem Snake River about 18 miles northeast from the city of Burley, ID within the Minidoka Wildlife Refuge. After over 103 years of continued use, the over 2000 feet long concrete spillway at the Minidoka Dam has reached the end of its functional lifespan. The concrete that forms the spillway crest and the piers of the pier-and-stoplog structure shows extensive visible deterioration at numerous locations. In addition, the potential for ice damage to the stoplog piers requires that reservoir water levels be dropped each winter. The headgate structures at the North Side Canal and South Side Canal also show serious concrete deterioration similar to that seen along the spillway. The current conditions of the Minidoka Dam spillway and headgate structures present increasingly difficult reliability and maintenance

problems. If structural problems are not corrected there is potential of partial or complete failure of the spillway and headgates. If these failures occur, Reclamation may not be able to meet contractual obligations for water delivery, power generation and Reclamation's commitments to deliver flow augmentation water under the Nez Perce Settlement Agreement and the Endangered Species Act.

Public Involvement

Reclamation will conduct public meetings to solicit input on the DEIS. If you wish to comment, you may provide your comments as indicated under the **ADDRESSES** section. Before including your name, address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment (including your personal identifying information) may be made publicly available at any time. DEPARTMENT OF THE INTERIOR

Bureau of Indian Affairs

No Child Left Behind Act of 2001—Membership of the School Facilities and Construction Negotiated Rulemaking Committee

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice.

SUMMARY: As required by the No Child Left Behind Act of 2001, and in compliance with procedures set out in the Negotiated Rulemaking Act, the Secretary of the Interior has appointed members of the committee to prepare and submit a report or reports regarding Bureau-funded school facilities. The Secretary chose from nominations submitted by Indian tribes and others whose students attend Bureau-funded schools (operated either by the Bureau, or by a tribe through a contract or grant). To the maximum extent possible, the proportional representation of tribes on the committee reflects the proportionate share of students from tribes served by the Bureau-funded school facilities. In addition, the Secretary considered the balance of representation with regard to

geographical location, size, and type of school and facility, as well as the interests of parents, teachers, administrators, and school board members, in selecting tribal committee representatives. Having considered all nominations, the Secretary appoints the persons named in this notice as committee members.

DATES: Comments must be postmarked or faxed no later than January 11, 2010. For the dates of the first committee meeting, please see the information under the "First Committee Meeting" heading in this notice.

ADDRESSES: Send comments to the Designated Federal Official: Michele F. Singer, Director, Office of Regulatory Affairs & Collaborative Action, Office of the Assistant Secretary—Indian Affairs, 1001 Indian School Road, NW., Suite 312, Albuquerque, NM 87104. Or fax to (505) 563-3811. For the location of the first committee meeting, please see the information under the "First Committee Meeting" heading in this notice.

FOR FURTHER INFORMATION CONTACT: Michele F. Singer, Designated Federal Official. Telephone: (505) 563-3805. Fax: (505) 563-3811.

SUPPLEMENTARY INFORMATION:

Background

The No Child Left Behind Act of 2001 (Pub. L. 107-110), which is codified at 25 U.S.C. 2001 *et seq.*, requires the Secretary to establish a negotiated rulemaking committee to issue a report or reports to the Secretary relating to specific areas of Indian education (*see* 25 U.S.C. 2018). The Secretary must follow the procedures of negotiated rulemaking under the Negotiated Rulemaking Act (5 U.S.C. 561 *et seq.*) in a manner that:

(1) Reflects the unique government-to-government relationship between Indian tribes and the United States;

(2) Ensures that the membership of the committee includes only representatives of the Federal Government and of tribes served by Bureau-funded schools;

(3) Ensures, to the maximum extent possible, that the tribal representative membership on the committee reflects the proportionate share of students from tribes served by the Bureau-funded school system; and

(4) Complies with the Federal Advisory Committee Act (5 U.S.C. Appx. 1 *et seq.*).

In the fall of 2006, the Department sought assistance with this effort from the U.S. Institute for Environmental Conflict Resolution (U.S. Institute). The U.S. Institute conducted a convening assessment and contracted with an

independent, impartial convening team, the Consensus Building Institute (CBI), to carry out interviews and prepare a draft convening report. The topics covered in CBI's interviews were: Methods used to catalog school facilities, formulas for prioritizing and funding school replacement construction and new construction, and formulas for prioritizing and funding school renovation and repair. The convening team conducted confidential interviews with tribal officials or their designees, representatives of Bureau-operated or tribally controlled schools, and others with an interest in Bureau-funded school facilities construction. The team also conducted two focus group sessions. Altogether, the team spoke with 198 individuals, representing some 99 different schools. In its final report, CBI provided recommendations to assign committee seats according to the Congressional mandate for proportionality using student enrollment figures from 2006 and also suggested that seats be allocated to other tribes and tribal entities to maximize representation. The Final Convening Report prepared by CBI was released on March 5, 2008, and can be accessed at http://www.ecr.gov/pdf/BIA_FinalConvRpt200803.pdf.

The proposed school facilities negotiated rulemaking committee will prepare and submit to the Secretary of the Interior the following:

(1) A catalog of school facilities that includes the components required by 25 U.S.C. 2005(a)(5)(A)(i)(I)-(V);

(2) A report that determines the school replacement and new construction needs of the interested parties, and a formula for the equitable distribution of funds to address those needs, based on the requirements of 25 U.S.C. 2005(a)(5)(A)(ii);

(3) A report that determines the major and minor renovation needs of the interested parties, and a formula for the equitable distribution of funds to address these needs, based on the requirements of 25 U.S.C. 2005(a)(5)(A)(iii); and

(4) Proposed revisions to the national facilities standards for home-living (dormitory) situations, based on the requirements of 25 U.S.C. 2002(a)(1).

Selection of Committee Members

On October 22, 2008, the Secretary published a request for nominations (73 FR 63008) and, on January 6, 2009, extended the deadline for submitting requests for nominations to January 23, 2009 (74 FR 454). The Secretary received 50 nominations. The Secretary has determined that the proper functioning of the committee requires
