SMALL BUSINESS ADMINISTRATION

Export Express Pilot Program

AGENCY: U.S. Small Business Administration (SBA).

ACTION: Notice of Pilot Program extension.

SUMMARY: This notice announces the extension of SBA's Export Express Pilot Program until December 31, 2010. This extension will allow time for the Agency to further market and evaluate this specific loan program for exporters and analyze the Program's performance during the next 12 months.

DATES: The Export Express Pilot Program is extended under this notice until December 31, 2010.

FOR FURTHER INFORMATION CONTACT: Patrick Tunison, Office of International Trade, U.S. Small Business Administration, 409 Third Street, SW., Washington, DC 20416; Telephone (202) 205-7429; *Patrick.Tunison@sba.gov*.

SUPPLEMENTARY INFORMATION: Established in 1998, the Export Express Pilot Program assists current and prospective small business exporters, particularly those needing revolving lines of credit. Export Express is an SBA Pilot Program under the Agency's 7(a) lending program that extends a streamlined process to small business exporters and their lenders. The maximum loan amount under this Program is \$250,000. The pilot was scheduled to end on December 31, 2009. This notice announces the extension of SBA's Export Express Pilot Program until December 31, 2010.

SBA estimates that small business exports grew by 58% from 2002 to 2007, from \$300 billion to \$475 billion (Source: SBA, Bureau of Economic Analysis GDP data and Census Bureau *A Profile of US Exporting Companies*). Almost a quarter of a million small businesses export, and they account for 29 percent of all U.S. exports (Source: *A Profile of US Exporting Companies*, Census Bureau). Designed to serve the particular capital needs of small business exporters, the number of Export Express loans approved in 2009 was double those closed in 2008 (227 versus 104) and the approved loan dollar amount increased by more than 91% (\$15M versus \$8M). In addition, the number of lenders delegated the authority to use expedited loan processing was increased by five in 2009. These indicators reflect an increasing utility and need for the Export Express Program. Extension of this pilot program through December 31, 2010 will enable the Agency to analyze performance and refine the elements/

structure of the Export Express Loan Pilot Program.

In prior years, the Agency stated that it would complete an analysis of this program to help determine its long-term viability. This analysis primarily includes lender and borrower participation in the program as well as portfolio performance. Because this year the program was changed through Recovery Act provisions that reduced program fees and increased guarantees, the Agency is unable to separate baseline program statistics from this year's special circumstances and is therefore providing an additional pilot year to review performance.

Authority: 13 CFR 120.3.

Richard Blewett,

Acting Director, Office of Financial Assistance.

SUPPLEMENTARY INFORMATION:

I. Background

On October 28, 2009 (74 FR 55694-01), SBA issued a Notice of Proposed Rulemaking (NPRM). In that document, SBA proposed to make a number of changes to the regulations governing the 8(a) BD Program Regulations and several changes to its Small Business Size Regulations. Some of the changes involve technical issues. Other changes are more substantive and result from SBA's experience in implementing the current regulations. In addition to written comments, SBA is requesting oral comments on the various approaches for the proposed changes.

II. Public Hearings

The public meeting format will consist of a panel of SBA representatives who will preside over the session. The oral and written testimony will become part of the administrative record for SBA's consideration. Written testimony may be submitted in lieu of oral testimony. SBA will analyze the testimony, both oral and written, along with any written comments received. SBA officials may ask questions of a presenter to clarify or further explain the testimony. The purpose of the public meetings is to allow the general public to comment on SBA's proposed rulemaking. SBA requests that the comments focus on the proposed changes as stated in the NPRM. SBA requests that commentors do not raise issues pertaining to other SBA small business programs. Presenters may provide a written copy of their testimony. SBA will accept written material that the presenter wishes to provide that further supplements his or her testimony. Electronic or digitized copies are encouraged.

SBA will hold additional public meetings before the close of the comment period for this rulemaking. In conjunction with the public meetings SBA is conducting tribal consultations prior to the end of the comment period for the proposed rulemaking. The meeting notice for these tribal consultations was published in the **Federal Register** on December 7, 2009 (74 FR 64026).

The public meetings will be held on the dates listed below for each location from 9 a.m. to 4 p.m. each day.
