Federal Register

Vol. 74, No. 238

Monday, December 14, 2009

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect, most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each week.

RIN 1990-AA32

Inflation Adjustment of Civil Monetary Penalties

AGENCY: Office of the General Counsel, U.S. Department of Energy.

ACTION: Final rule.

SUMMARY: The Department of Energy (“DOE”) today publishes this final rule to adjust DOE’s civil monetary penalties (“CMPs”) for inflation as mandated by the Debt Collection Improvement Act of 1996. This rule adjusts CMPs within the jurisdiction of DOE to the maximum extent allowed by the Federal Civil Penalties Inflation Adjustment Act of 1990, as amended by the Debt Collection Improvement Act of 1996.

DATES: This rule is effective January 13, 2010.

FOR FURTHER INFORMATION CONTACT: Preeti Chaudhari, U.S. Department of Energy, Office of the General Counsel, GC-71, 1000 Independence Avenue, SW., Washington, DC 20585, (202) 586-8078.

SUPPLEMENTARY INFORMATION:

- I. Background
- II. Method of Calculation
- III. Summary of Final Rule
- IV. Final Rulemaking
- V. Regulatory Review

I. Background

In order to preserve the deterrent effect of civil penalties and foster compliance with the law, the Federal Civil Penalties Inflation Adjustment Act of 1990, 28 U.S.C. 2461 note, as amended by the Debt Collection Improvement Act of 1996 (Pub. L. 104-134) (“the Act”), requires Federal agencies to regularly adjust each CMP provided by law within the jurisdiction of the agency. Also, the Act in part requires each agency to make further adjustments at least once every four years.

The Act provides that any increase in a CMP due to the calculated inflation adjustments shall apply only to violations that occur after the date the increase takes effect and states that the initial inflation adjustment may not exceed 10 percent of the existing penalty.

II. Method of Calculation

Under the Act, the inflation adjustment for each applicable CMP is determined by increasing the maximum civil penalty amount per violation by the cost-of-living adjustment. The “cost-of-living” adjustment is defined as the amount by which the Consumer Price Index (CPI) for the month of June of the calendar year preceding the adjustment exceeds the CPI for the month of June of the year in which the amount of such civil penalty was last set or adjusted pursuant to law. Any calculated increase under this adjustment is rounded to the nearest—

- (1) Multiple of \$10 in the case of penalties less than or equal to \$100;
- (2) Multiple of \$100 in the case of penalties greater than \$100 but less than or equal to \$1,000;
- (3) Multiple of \$1000 in the case of penalties greater than \$1000 but less than or equal to \$10,000;

(4) Multiple of \$5000 in the case of penalties greater than \$10,000 but less than or equal to \$100,000;

(5) Multiple of \$10,000 in the case of penalties greater than \$100,000 but less than or equal to \$200,000; and

(6) Multiple of \$25,000 in the case of penalties greater than \$200,000. 28 U.S.C. 2461 note, sec. 5.

III. Summary of Final Rule

The following list summarizes the existing DOE regulations containing civil monetary penalties, and the penalties before and after adjustment.

DOE regulation containing civil monetary penalty	Before adjustment	After adjustment
10 CFR 207.7	\$2,750	\$4,000.
10 CFR 218.42	\$5,500	\$8,000.
10 CFR 430.61	\$110	\$200.
10 CFR 490.604	\$5,500	\$8,000.
10 CFR 501.181(c)	—\$27,500	—\$40,000.
	—3.3/mcf	—3.3/mcf.
	—11/bbl	—20/bbl.
10 CFR 601.400 and App A	—minimum \$11,000	—minimum \$15,000.
	—maximum \$110,000	—maximum \$150,000.
10 CFR 820.81 ¹	\$110,000	\$150,000.
10 CFR 824.1 and App A	\$100,000	\$110,000.
10 CFR 824.4 and App A	\$100,000	\$110,000.
10 CFR 851.5 and App B ²	\$70,000	\$75,000.
10 CFR 1013.3	\$5,500	\$8,000.
10 CFR 1017.29 (formerly 10 CFR 1017.18) ...	\$110,000	\$150,000.
10 CFR 1050.303	\$5,500	\$8,000.

¹ The civil penalties under this section and 10 CFR 851.5 encompass the civil penalty authorized by 50 U.S.C. 2731 (formerly 42 U.S.C. 7274d). Title 50 U.S.C. 2731 establishes a maximum civil penalty of \$5,000 per day for failure of any DOE contractor to provide specified training to individuals it employs who are engaged in hazardous substance response or emergency response at DOE nuclear weapons facilities or for failure to certify to DOE that such employees are adequately trained pursuant to orders issued by DOE relating to employee safety training. In corresponding guidance, DOE is today adjusting the civil penalty to a maximum of \$5,500 for each day a violation occurs. The adjusted civil penalty is well under the maximum civil penalty provided under 10 CFR 820.81 and 10 CFR 851.5. This footnote shall not be construed as limiting DOE's discretion to impose civil penalties for violations of training requirements contained in DOE's Nuclear Safety Requirements or 10 CFR Part 851, including training requirements relating to hazardous substance response or emergency response at DOE's nuclear weapons facilities.

² See footnote 1.

IV. Final Rulemaking

In accordance with 5 U.S.C. 553(b), the Administrative Procedure Act, DOE generally publishes a rule in a proposed form and solicits public comment on it before issuing the rule in final. However, 5 U.S.C. 553(b)(B) provides an exception to the public comment requirement if the agency finds good cause to omit advance notice and public participation. Good cause is shown when public comment is “impracticable, unnecessary, or contrary to the public interest.”

DOE finds that providing an opportunity for public comment prior to publication of this rule is not necessary because DOE is carrying out a ministerial, non-discretionary duty specified in an Act of Congress. This rule incorporates requirements specifically set forth in 28 U.S.C. 2461 note requiring DOE to issue a regulation implementing inflation adjustments for all its civil penalty provisions. The formula for the amount of the penalty adjustment is prescribed by Congress. Prior notice and opportunity to comment are therefore unnecessary in this case because these changes are not subject to the exercise of discretion by DOE. These technical changes, required by law, do not substantively alter the existing regulatory framework nor in

any way affect the terms under which DOE assesses civil penalties.

V. Regulatory Review

A. Executive Order 12866

Today's rule has been determined not to be a significant regulatory action under Executive Order 12866, “Regulatory Planning and Review,” 58 FR 51735 (October 4, 1993). Accordingly, this action was not subject to review under that Executive Order by the Office of Information and Regulatory Affairs of the Office of Management and Budget.

B. National Environmental Policy Act

DOE has determined that this final rule is covered under the Categorical Exclusion found in DOE's National Environmental Policy Act regulations at paragraph A.5 of Appendix A to Subpart D, 10 CFR part 1021, which applies to rulemaking that amends an existing rule or regulation which does not change the environmental effect of the rule or regulation being amended. Accordingly, neither an environmental assessment nor an environmental impact statement is required.

C. Regulatory Flexibility Act

The Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) requires preparation of an initial regulatory flexibility

analysis for any rule that by law must be proposed for public comment. As discussed above, DOE has determined that prior notice and opportunity for public comment is unnecessary and contrary to the public interest. In accordance with 5 U.S.C. 604(a), no regulatory flexibility analysis has been prepared for today's rule.

D. Paperwork Reduction Act

This final rule imposes no new information collection requirements subject to the Paperwork Reduction Act.

E. Unfunded Mandates Reform Act of 1995

The Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4) generally requires Federal agencies to examine closely the impacts of regulatory actions on State, local, and tribal governments. Section 201 excepts agencies from assessing effects on State, local or tribal governments or the private sector of rules that incorporate requirements specifically set forth in law. Because this rule incorporates requirements specifically set forth in 28 U.S.C. 2461 note, DOE is not required to assess its regulatory effects under Section 201. Unfunded Mandates Reform Act sections 202 and 205 do not apply to today's action because they apply only to rules for which a general notice of

proposed rulemaking is published. Nevertheless, DOE has determined that today's regulatory action does not impose a Federal mandate on State, local, or tribal governments or on the public sector.

F. Treasury and General Government Appropriations Act, 1999

Section 654 of the Treasury and General Government Appropriations Act, 1999 (Pub. L. 105-277) requires Federal agencies to issue a Family Policymaking Assessment for any proposed rule that may affect family well being. This rule would not have any impact on the autonomy or integrity of the family as an institution. Accordingly, DOE has concluded that it is not necessary to prepare a Family Policymaking Assessment.

G. Executive Order 13132

Executive Order 13132, "Federalism," 64 FR 43255 (August 4, 1999) imposes certain requirements on agencies formulating and implementing policies or regulations that preempt State law or that have federalism implications. Agencies are required to examine the constitutional and statutory authority supporting any action that would limit the policymaking discretion of the States and carefully assess the necessity for such actions. DOE has examined this rule and has determined that it would not preempt State law and would not have a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. No further action is required by Executive Order 13132.

H. Executive Order 12988

With respect to the review of existing regulations and the promulgation of new regulations, section 3(a) of Executive Order 12988, "Civil Justice Reform," 61 FR 4729 (February 7, 1996), imposes on Executive agencies the general duty to adhere to the following requirements: (1) Eliminate drafting errors and ambiguity; (2) write regulations to minimize litigation; and (3) provide a clear legal standard for affected conduct rather than a general standard and promote simplification and burden reduction. With regard to the review required by section 3(a), section 3(b) of Executive Order 12988 specifically requires that Executive agencies make every reasonable effort to ensure that the regulation: (1) Clearly specifies the preemptive effect, if any; (2) clearly specifies any effect on existing Federal law or regulation; (3) provides a clear legal standard for

affected conduct while promoting simplification and burden reduction; (4) specifies the retroactive effect, if any; (5) adequately defines key terms; and (6) addresses other important issues affecting clarity and general draftsmanship under any guidelines issued by the Attorney General. Section 3(c) of Executive Order 12988 requires Executive agencies to review regulations in light of applicable standards in section 3(a) and section 3(b) to determine whether they are met or it is unreasonable to meet one or more of them. DOE has completed the required review and determined that, to the extent permitted by law, this rule meets the relevant standards of Executive Order 12988.

I. Treasury and General Government Appropriations Act, 2001

The Treasury and General Government Appropriations Act, 2001 (44 U.S.C. 3516 note) provides for agencies to review most disseminations of information to the public under guidelines established by each agency pursuant to general guidelines issued by OMB. OMB's guidelines were published at 67 FR 8452 (February 22, 2002), and DOE's guidelines were published at 67 FR 62446 (October 7, 2002). DOE has reviewed today's rule under the OMB and DOE guidelines and has concluded that it is consistent with applicable policies in those guidelines.

J. Executive Order 13211

Executive Order 13211, "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use," 66 FR 28355 (May 22, 2001) requires Federal agencies to prepare and submit to the OMB, a Statement of Energy Effects for any proposed significant energy action. A "significant energy action" is defined as any action by an agency that promulgated or is expected to lead to promulgation of a final rule, and that: (1) Is a significant regulatory action under Executive Order 12866, or any successor order; and (2) is likely to have a significant adverse effect on the supply, distribution, or use of energy; or (3) is designated by the Administrator of OIRA as a significant energy action. For any proposed significant energy action, the agency must give a detailed statement of any adverse effects on energy supply, distribution, or use should the proposal be implemented, and of reasonable alternatives to the action and their expected benefits on energy supply, distribution, and use. Today's regulatory action would not have a significant adverse effect on the supply, distribution, or use of energy

and is therefore not a significant energy action. Accordingly, DOE has not prepared a Statement of Energy Effects.

K. Congressional Notification

As required by 5 U.S.C. 801, DOE will submit to Congress a report regarding the issuance of today's final rule prior to the effective date set forth at the outset of this notice. The report will state that it has been determined that the rule is not a "major rule" as defined by 5 U.S.C. 801(2).

* * * Any person who fails to file the required statement shall be subject to a civil penalty of not less than \$15,000 and not more than \$150,000 for each such failure.

PART 820—PROCEDURAL RULES FOR DOE NUCLEAR ACTIVITIES

14. The authority citation for part 820 continues to read as follows:

Authority: 42 U.S.C. 2201; 2282(a); 7191; 28 U.S.C. 2461 note; 50 U.S.C. 2410.

■ 15. Section 820.81 is amended by revising the first sentence to read as follows:

§ 820.81 Amount of penalty.

Any person subject to a penalty under 42 U.S.C. 2282a shall be subject to a civil penalty in an amount not to exceed \$150,000 for each such violation.

PART 824—PROCEDURAL RULES FOR THE ASSESSMENT OF CIVIL PENALTIES FOR CLASSIFIED INFORMATION SECURITY VIOLATIONS

■ 16. The authority citation for part 824 continues to read as follows:

Authority: 42 U.S.C. 2201, 2282b, 7101 et seq., 50 U.S.C. 2401 et seq.

■ 17. Section 824.1 is amended by revising the second sentence to read as follows:

§ 824.1 Purpose and scope.

Subsection a. provides that any person who has entered into a contract or agreement with the Department of Energy, or a subcontract or subagreement thereto, and who violates (or whose employee violates) any applicable rule, regulation or order under the Act relating to the security or safeguarding of Restricted Data or other classified information, shall be subject to a civil penalty not to exceed \$110,000 for each violation.

■ 18. Section 824.4 is amended by revising paragraph (c) to read as follows:

§ 824.4 Civil penalties.

(c) The Director may propose imposition of a civil penalty for violation of a requirement of a regulation or rule under paragraph (a) of this section or a compliance order issued under paragraph (b) of this section, not to exceed \$110,000 for each violation.

■ 19. Appendix A to part 824 is amended by:

a. Revising the fourth and sixth sentences of paragraph 2.e., "Civil Penalty," in section VIII "Enforcement Actions"; and

b. Revising the last sentence of paragraph 3.d., "Adjustment Factors," in section VIII titled "Enforcement Actions".

The revisions read as follows:

Appendix A to Part 824—General Statement of Enforcement Policy

* * * * *

VIII. Enforcement Actions

* * * * *

2. Civil Penalty

* * * * *

e. In no instance will a civil penalty for any one violation exceed the \$110,000 statutory limit per violation. Thus, the per violation cap will not shield a DOE contractor that is or should have been aware of an ongoing violation and has not reported it to DOE and taken corrective action despite an opportunity to do so from liability significantly exceeding \$110,000.

* * * * *

3. Adjustment Factors

* * * * *

d. Based on the degree of such factors, DOE may escalate the amount of civil penalties up to the statutory maximum of \$110,000 per violation per day for continuing violations.

* * * * *

PART 851—WORKER SAFETY AND HEALTH PROGRAM

■ 20. The authority citation for part 851 continues to read as follows:

Authority: 42 U.S.C. 2201(i)(3), (p); 42 U.S.C. 2282c; 42 U.S.C. 5801 et seq.; 42 U.S.C. 7101 et seq.; 50 U.S.C. 2401 et seq.

■ 21. Section 851.5 is amended by revising the first sentence of paragraph (a) to read as follows:

§ 851.5 Enforcement.

(a) A contractor that is indemnified under section 170d. of the AEA (or any subcontractor or supplier thereto) and that violates (or whose employee violates) any requirement of this part shall be subject to a civil penalty of up to \$75,000 for each such violation.

* * * * *

* * * * *

■ 22. Appendix B to part 851 is amended by:

a. Revising the last sentences of paragraphs (b)(1) and (b)(2) in section VI;

b. Revising paragraph 1.(e)(1) in section IX ; and

c. Revising the fourth sentence in paragraph 2.(f) in section IX.

The revisions read as follows:

Appendix B to Part 851—General Statement of Enforcement Policy

* * * * *

VI. Severity of Violations

(b) * * *

(1) A Severity Level I violation would be subject to a base civil penalty of up to 100% of the maximum base civil penalty of \$75,000.

(2) A Severity Level II violation would be subject to a base civil penalty up to 50% of the maximum base civil penalty (\$37,500).

* * * * *

IX. Enforcement Actions

* * * * *

1. Notice of Violation

* * * * *

(e) * * *

(1) DOE may assess civil penalties of up to \$75,000 per violation per day on contractors (and their subcontractors and suppliers) that are indemnified by the Price-Anderson Act, 42 U.S.C. 2210(d). See 10 CFR 851.5(a).

* * * * *

2. Civil Penalty

* * * * *

(f) In no instance will a civil penalty for any one violation exceed the statutory limit of \$75,000 per day.

[Docket No. FAA-2007-0083; Directorate Identifier 2006-NM-266-AD; Amendment 39-16137; AD 2009-26-02]

RIN 2120-AA64

Airworthiness Directives; Empresa Brasileira de Aeronautica S.A. (EMBRAER) Model EMB-135BJ, -135ER, -135KE, -135KL, -135LR, -145, -145ER, -145MR, -145LR, -145XR, -145MP, and -145EP Airplanes

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Final rule.

SUMMARY: We are adopting a new airworthiness directive (AD) for the products listed above. This AD results from mandatory continuing airworthiness information (MCAI) originated by an aviation authority of another country to identify and correct an unsafe condition on an aviation product. The MCAI describes the unsafe condition as:

It has been found the occurrence of engine anti-ice system valve failure, where the valve spring seat has broken and obstructed the anti-ice system venturi tube. * * * Therefore, should the aircraft encounter icing conditions, ice may accrete in the engine inlet lip and be ingested through the air inlet, resulting in possible engine damage and flame-out.

We are issuing this AD to require actions to correct the unsafe condition on these products.

DATES: This AD becomes effective January 19, 2010.

The Director of the Federal Register approved the incorporation by reference of certain publications listed in this AD as of January 19, 2010.

ADDRESSES: You may examine the AD docket on the Internet at <http://www.regulations.gov> or in person at the U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC.

SUPPLEMENTARY INFORMATION:

Discussion

We issued a second supplemental notice of proposed rulemaking (NPRM) to amend 14 CFR part 39 to include an AD that would apply to the specified products. That second supplemental NPRM was published in the **Federal Register** on September 25, 2009 (74 FR 48877). That second supplemental NPRM proposed to correct an unsafe condition for the specified products. The MCAI states:

It has been found the occurrence of engine anti-ice system valve failure, where the valve spring seat has broken and obstructed the anti-ice system venturi tube. Aircraft dispatch with that failure may be allowed by the operator Minimum Equipment List (MEL), [if] the engine anti-ice system valve [is] locked in the OPEN position. However, there is no readily available means to make sure the anti-ice system tubing is free of debris, allowing unrestricted hot airflow to the piccolo tube on the engine inlet lip. Therefore, should the aircraft encounter icing conditions, ice may accrete in the engine inlet lip and be ingested through the air inlet, resulting in possible engine damage and flame-out.

The required actions include an inspection to determine the part number of the engine anti-icing system valves; repetitive inspections of certain engine anti-icing system valves and tubes to

detect damage, and replacement of the valves if damage is found; and eventual replacement of certain anti-icing system valves. You may obtain further information by examining the MCAI in the AD docket.

Comments

We gave the public the opportunity to participate in developing this AD. We received no comments on the second supplemental NPRM or on the determination of the cost to the public.

Conclusion

We reviewed the available data and determined that air safety and the public interest require adopting the AD as proposed.

Differences Between This AD and the MCAI or Service Information

We have reviewed the MCAI and related service information and, in general, agree with their substance. But we might have found it necessary to use different words from those in the MCAI to ensure the AD is clear for U.S. operators and is enforceable. In making these changes, we do not intend to differ substantively from the information provided in the MCAI and related service information.

We might also have required different actions in this AD from those in the MCAI in order to follow our FAA policies. Any such differences are highlighted in a Note within the AD.

Costs of Compliance

We estimate that this AD will affect 697 products of U.S. registry. We also estimate that it will take about 2 work-hours per product to comply with the basic requirements of this AD. The average labor rate is \$80 per work-hour. Based on these figures, we estimate the cost of this AD to the U.S. operators to be \$111,520, or \$160 per product.

We also estimate that the replacement specified in this AD will affect up to 306 parts. We estimate that it will take about 5 work-hours per part to comply with the replacement requirements of this AD. (Some airplanes have no affected parts and other airplanes have either one or two affected parts.) The cost of each required part is \$27,507. Where the service information lists required parts costs that are covered under warranty, we have assumed that there will be no charge for these costs. As we do not control warranty coverage for affected parties, some parties may incur costs higher than estimated here. Based on these figures, we estimate the cost of the replacement specified in the AD on U.S. operators to be \$8,539,542, or \$27,907 per part.
