Forest Service

Information Collection; Public Attitudes, Beliefs, and Values About National Forest Systems Land Management

AGENCY: Forest Service, USDA.

ACTION: Notice; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Forest Service is seeking comments from all interested individuals and organizations on the extension of a currently approved information collection; Public Attitudes, Beliefs, and Values about National Forest Systems Land Management.

DATES: Comments must be received in writing on or before February 12, 2010 to be assured of consideration. Comments received after that date will be considered to the extent practicable.

ADDRESSES: Comments concerning this notice should be addressed to Dr. Daniel W. McCollum, Rocky Mountain Research Station, 2150-A Centre Ave., Suite 350, Fort Collins, CO 80526.

Comments also may be submitted via facsimile to 970-295-5959 or by e-mail to dmccollum@fs.fed.us.

The public may inspect comments received at Rocky Mountain Research Station, 2150-A Centre Ave., Suite 350, Room 347, Fort Collins, CO, during normal business hours. Visitors are encouraged to call ahead to 970-295-5951 to facilitate entry to the building.

FOR FURTHER INFORMATION CONTACT: Dr. Daniel W. McCollum, Rocky Mountain Research Station, 970-295-5962. Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Relay Service (FRS) at 1-800-877-8339, 24 hours a day, every day of the year, including holidays.

SUPPLEMENTARY INFORMATION:

Title: Public Attitudes, Beliefs, and Values about National Forest Systems Land Management.

OMB Number: 0596-0205.

Expiration Date of Approval: March 31, 2010.

Type of Request: Renewal.

Abstract: The intent of this collection is to obtain information on public attitudes, beliefs, and values toward public land and public land use and how those values are affected by public land management. In addition, the information collected helps determine the acceptable tradeoffs in developing alternative management plans. Surveys completed by the public and specific stakeholder groups assist natural forest land managers and planners with scientifically credible information. This information is critical to planning and implementing public policy related to National forests in the Southwest Region. Renewal of this authority will allow the USDA Forest Service to monitor changes in public attitudes, beliefs, and values over time.

Legal authority for this collection comes from the following sources: The National Environmental Policy Act of 1969, the National Forest Management Act of 1976, and the NFMA Planning Rule. These authorities call for periodic forest plan revision and planning related to management policies and actions in the Southwest Region. The data collected are analyzed and incorporated into these planning and decision making processes. Social science and economic information provide qualitative and quantitative metrics to assist natural forest land managers in developing alternative processes and in evaluating performance.

Monitoring the public with survey instruments over time provides data to compare and evaluate changes in public attitudes, beliefs, and values related to national forest use and management.

Estimate of Annual Burden: 30 minutes for the Mail or Web-based survey; 8 minutes for the telephone survey to non-respondents to mail and Web-based surveys.

Type of Respondents: General public within the administrative boundaries of the Forest Service Southwest Region, Region 3 (New Mexico, Arizona, and a few counties in Texas and Oklahoma).

Estimated Annual Number of Respondents: 20,200 (up to 20,000 mail

or Web-based survey; and 200 for telephone survey).

Estimated Annual Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 10,027 burden hours annually.

Comment is invited on: (1) Whether this collection of information is necessary for the stated purposes and the proper performance of the functions of the Agency, including whether the information will have practical or scientific utility; (2) the accuracy of the Agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the request for Office of Management and Budget approval.

Dated: December 4, 2009.

Ann Bartuska,

Deputy Chief, Research and Development.

Food and Nutrition Service

Emergency Food Assistance Program; Availability of Foods for Fiscal Year 2010

AGENCY: Food and Nutrition Service, USDA.

ACTION: Notice.

SUMMARY: This notice announces the surplus and purchased foods that the Department expects to make available for donation to States for use in providing nutrition assistance to the needy under The Emergency Food Assistance Program (TEFAP) in Fiscal Year (FY) 2010. The foods made available under this notice must, at the discretion of the State, be distributed to

eligible recipient agencies for use in preparing meals and/or for distribution to households for home consumption.

DATES: *Effective Date:* October 1, 2009.

FOR FURTHER INFORMATION CONTACT: Theresa Geldard, Policy Branch, Food Distribution Division, Food and Nutrition Service, U.S. Department of Agriculture, 3101 Park Center Drive, Alexandria, Virginia 22302-1594 or telephone (703) 305-2662.

SUPPLEMENTARY INFORMATION: In accordance with the provisions set forth in the Emergency Food Assistance Act of 1983 (EFAA), 7 U.S.C. 7501, *et seq.*, and the Food and Nutrition Act of 2008, 7 U.S.C. 2036, the Department makes foods available to States for use in providing nutrition assistance to those in need through TEFAP. In accordance with section 214 of the EFAA, 7 U.S.C. 7515, 60 percent of each State's share of TEFAP foods is based on the number of people with incomes below the poverty level within the State and 40 percent on the number of unemployed persons within the State. State officials are responsible for establishing the network through which the foods will be used by eligible recipient agencies (ERA) in providing nutrition assistance to those in need, and for allocating foods among those agencies. States have full discretion in determining the amount of foods that will be made available to ERAs for use in preparing meals and/or for distribution to households for home consumption.

The types of foods the Department expects to make available to States for distribution through TEFAP in FY 2010 are described below.

Surplus Foods

Surplus foods donated for distribution under TEFAP are Commodity Credit Corporation (CCC) foods purchased under the authority of section 416 of the Agricultural Act of 1949, 7 U.S.C. 1431 (section 416) and foods purchased under the surplus removal authority of section 32 of the Act of August 24, 1935, 7 U.S.C. 612c (section 32). The types of foods typically purchased under section 416 include dairy, grains, oils, and peanut products. The types of foods purchased under section 32 include meat, poultry, fish, vegetables, dry beans, juices, and fruits.

In FY 2010, the Department anticipates that there will be sufficient quantities of tomato and mushroom soups, ultra high temperature fluid 1 percent milk, and instant milk to support the distribution of these foods through TEFAP. Other surplus foods may be made available to TEFAP throughout the year. The Department

would like to point out that food acquisitions are based on changing agricultural market conditions; therefore, the availability of foods is subject to change.

Approximately \$138.8 million in surplus foods acquired in FY 2009 are being delivered to States in FY 2010. These foods include fluid and instant milk, lamb leg roasts and chops, walnut pieces, apple juice, blueberries, dried cherries, dry great northern beans, canned pork, frozen pork patties, apricot halves, applesauce, turkey deli meat, turkey roasts, and frozen turkey breasts.

Purchased Foods

In accordance with section 27 of the Food and Nutrition Act of 2008, 7 U.S.C. 2036, the Secretary is directed to purchase \$248 million worth of foods in FY 2010 for distribution through TEFAP. These foods are made available to States in addition to those surplus foods which otherwise might be provided to States for distribution under TEFAP.

For FY 2010, the Department anticipates purchasing the following foods for distribution through TEFAP: dehydrated potatoes, dried plums, raisins, frozen ground beef, frozen whole chicken, frozen ham, frozen turkey roast, blackeye beans, garbanzo beans, great northern beans, light kidney beans, lentils, lima beans, pinto beans, egg mix, shell eggs, lowfat bakery mix, egg noodles, white and yellow corn grits, spaghetti, macaroni, oats, peanut butter, roasted peanuts, rice, whole grain rotini, vegetable oil, ultra high temperature fluid 1 percent milk, bran flakes, corn flakes, oat cereal, rice cereal, corn cereal, and corn and rice cereal; and the following canned items: green beans, blackeye beans, low sodium kidney beans, refried beans, low sodium vegetarian beans, carrots, cream corn, whole kernel corn, peas, sliced potatoes, pumpkin, low sodium spaghetti sauce, spinach, sweet potatoes, tomatoes, diced tomatoes, low sodium tomato sauce, mixed vegetables, reduced sodium tomato soup, reduced sodium vegetable soup, apple juice, cherry apple juice, cran-apple juice, grape juice, grapefruit juice, orange juice, tomato juice, apricots, applesauce, mixed fruit, freestone and cling peaches, pears, beef, beef stew, chicken, pork, and salmon. The amounts of each item purchased will depend on the prices the Department must pay, as well as the quantity of each item requested by the States. Changes in agricultural market conditions may result in the availability of additional types of foods or the non-availability of one or more types listed above.

Dated: December 3, 2009.

Julia Paradis,

Administrator, Food and Nutrition Service.
