SUPPLEMENTARY INFORMATION:

A. Background

The GSA is amending the GSAR to update the text addressing GSAR part

511, Describing Agency Needs. This rule is a result of the GSA Acquisition Manual (GSAM) Rewrite initiative undertaken by GSA to revise the GSAM to maintain consistency with the Federal Acquisition Regulation (FAR) and implement streamlined and innovative acquisition procedures that contractors, offerors, and GSA contracting personnel can utilize when entering into and administering contractual relationships. The GSAM incorporates the GSAR as well as internal agency acquisition policy.

The GSA is rewriting each part of the GSAR and GSAM, and as each GSAR part is rewritten, is publishing it in the **Federal Register**.

This rule covers the rewrite of GSAR part 511, entitled “Describing Agency Needs”. Due to scheduling requirements, a proposed rule was published concurrently with the internal GSA comment process. The proposed rule was published in the **Federal Register** at 73 FR 59590 on October 9, 2008.

Discussion

The current GSAR part 511 contains—

- Instructions (that are not a solicitation provision) at GSAR 511.104–70 on information to be included after a brand name or equal item description;
- Prescriptions for seven solicitation provisions and contract clauses for GSAR subpart 511.2, entitled “Using and Maintaining Requirements Documents”;
- Prescriptions for eight solicitation provisions and contract clauses for GSAR subpart 511.4, entitled “Delivery or Performance Schedules”;
- A clause prescription at GSAR 511.503; and
- GSAR subpart 511.6, entitled “Priorities and Allocations”, implementing the Defense Priorities and Allocations System (DPAS) for GSA. There is one clause associated with GSAR subpart 511.6.

In addition to changes made in response to the two public comments received in response to the proposed rule (see section C below), a number of additional changes have been made to the final rule as a result of the GSA internal comment process.

In GSAR subpart 511.1, the instructions at GSAR 511.104–70 have been deleted because they are redundant to instructions in the FAR for use of the FAR clause at 52.211–6, Brand Name or Equal, at FAR 11.104(b) and 11.107(a).

In GSAR subpart 511.2, the solicitation provisions and contract clauses at GSAR 511.204 have been

substantially rewritten to accommodate the incorporation of clauses used by the former Federal Supply Service into the GSAR and to revise prescriptions for certain clauses. The clause at GSAR 552.211-71, Standard References, has been deleted in favor of the clause at GSAR 552.211-72, Reference to Specifications in Drawings, which can now be used in construction contracts as well as supply contracts. Four other clauses currently prescribed in GSAR 511.204 are retained with minor edits; they are—

- GSAR 552.211-73, Marking;
 - GSAR 552.211-75, Preservation, Packaging, and Packing, with its Alternate I;
 - GSAR 552.211-76, Charges for Packaging, Packing, and Marking; and
 - GSAR 552.211-77, Packing List.
- A total of 10 new clauses are added to GSAR subpart 511.2 from the Federal Acquisition Service (formerly Federal Supply Service). These clauses, prescribed at GSAR 511.204, are the following:
- GSAR 552.211-85, Consistent Pack and Package Requirements;
 - GSAR 552.211-86, Maximum Weight Per Shipping Container;
 - GSAR 552.211-87, Export Packing;
 - GSAR 552.211-88, Vehicle Export Preparation;
 - GSAR 552.211-89, Non-Manufactured Wood Packaging Material for Export;
 - GSAR 552.211-90, Small Parts;
 - GSAR 552.211-91, Vehicle Decals, Stickers, and Data Plates;
 - GSAR 552.211-92, Radio Frequency Identification (RFID) Using Passive Tags; and
 - GSAR 552.211-93, Unique Item Identification (UID).
 - GSAR 552.211-94, Time of Delivery.

In addition to GSAR 552.211-71, Standard References, discussed above, GSAR clause 552.211-74, Charges for Marking, has been deleted because its substance was incorporated into GSAR 552.211-76, now titled “Charges for Packaging, Packing, and Marking.”

The material in GSAR subpart 511.4 is at GSAR 511.404, “Contract clauses”. This section has been revised to eliminate redundant GSAR clauses and clarify the use and requirements for existing GSAR clauses. Four clauses have been deleted:

GSAR 552.211-8, Time of Delivery. This clause was transferred to GSAR part 538, Federal Supply Schedule Contracting. A new clause with the same number and title, but a different prescription, has been substituted.

GSAR 552.211-78, Commercial Delivery Schedule (Multiple Award

Schedule). This clause was transferred to GSAR part 538, Federal Supply Schedule Contracting.

GSAR 552.211-82, Notice of Shipment. This clause was deleted because it is redundant to various requirements already addressed in the FAR.

GSAR 552.211-84, Non-Compliance with Contract Requirements. The clause was revised to address construction contracts and transferred to the group revising GSAR part 536, Construction.

Four of the eight GSAR subpart 511.2 clauses are retained, with very minor edits:

- GSAR 552.211-79, Acceptable Age of Supplies.
- GSAR 552.211-80, Age on Delivery.
- GSAR 552.211-81, Time of Shipment.
- GSAR 552.211-83, Availability for Inspection, Testing, and Shipment/Delivery.

The proposed rule added the clause entitled “Liquidated Damages for Phased Completion-Construction,” and its prescription at GSAR 511.503, which are deleted from this final rule because they were transferred to the group rewriting GSAR part 536, Construction and Architect-Engineer Contracts.

GSAR subpart 511.6, entitled “Priorities and Allocations”, has been substantially rewritten and clarified using the Defense Priorities Allocation System (DPAS) delegation to GSA from the Department of Commerce (DOC). Scope of GSAR subpart 511.600, includes language from the delegation to GSA that explains the limitations placed on GSA’s use of this authority by DOC. The definitions at GSAR 511.601 have been deleted as unnecessary. GSAR 511.602, General, has been edited and revised to add the language that specifically limits GSA’s actions and authority under the delegation. The procedures for use of the DPAS, at GSAR 511.603, have been strengthened and clarified. In addition, GSAR 511.603 now makes it clear that GSA is to use the clauses at FAR 52.211-54, Notice of Priority Rating for National Defense, Emergency Preparedness, and Energy Program Use, and FAR 52.211-15, Defense Priority and Allocation Requirements, without supplementation. These FAR clauses include the definitions and procedures necessary for proper use of DPAS. Thus, the clause at GSAR 552.211-15 and its prescription at GSAR 511.604, are deleted.

Discussion of Comments

Two public comments were received in response to the proposed rule.

Comment: One commenter was concerned that the clause text at GSAR 552.211-84, entitled “Non-Compliance with Contract Requirements”, and re-titled “Non-Compliance with Contract Requirements (Phased Completion of Work)” in the proposed rule, did not even mention phased work. The proposed change, the commenter contended, does not clarify, but rather confuses.

Response: The commenter is correct, and this clause and its prescription have been transferred to the GSAR part 536 team, where they have been substantially rewritten and clarified.

Comment: A second commenter believes that the clause entitled “Time of Delivery, does not have a prescription for its use included at the cited location (GSAR 511.404(a)).

Response: The commenter was correct. An appropriate clause prescription has been included in the text at GSAR 511.404(d).

This is not a significant regulatory action and, therefore, was not subject to review under Section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

B. Regulatory Flexibility Act

The General Services Administration certifies that this final rule will not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because while this rule does add new contract clauses, these clauses do not add any new requirements unique to small businesses and have, in fact, been used by what is now the Federal Acquisition Service, formerly the Federal Supply Service, for many years. For these reasons, it is expected that the number of entities impacted by this rule will be minimal.

C. Paperwork Reduction Act

The Paperwork Reduction Act applies, however, these changes to the GSAR do not impose additional information collection requirements to the paperwork burden previously approved under OMB Control Numbers 3090-0203, 3090-0204, and 3090-0246. In fact, two of these information collections are no longer required. GSAR 511.104-70 has been deleted, so OMB Control Number 3090-0203 is no longer required, nor is OMB Control Number 3090-0204, because this rewrite eliminates the former GSAR 511.404(a)(1), 511.404(a)(2), and 511.404(a)(5), 552.211-78, and 552.211-82. However, the information collection

requirement imposed by GSAR 511.204(d), now 511.204(c), has been retained. There are no new information collection requirements in the nine clauses added to those prescribed at GSAR Subpart 511.2.

In supply contracts, the contracting officer shall use the clauses as specified in this section.

(a) *Shelf-life items.* The contracting officer shall use the following clauses in solicitations and contracts that require delivery of shelf-life items within a specified number of months from the date of manufacture or production:

(1) The contracting officer shall insert 552.211–79, Acceptable Age of Supplies, if the required shelf-life period is 12 months or less, and lengthy acceptance testing may be involved. (d) The contracting officer shall insert the clause at 552.211–94, Time of Delivery, in solicitations and contracts for supplies for the Stock Program when neither of the FAR delivery clauses (FAR 52.211–8 or 52.211–9) is suitable.

■ 6. Revise section 511.600 to read as follows:

511.600 Scope of subpart.

Pursuant to the Defense Priorities and Allocations System (DPAS) Delegation 3, the Department of Commerce (DOC) has delegated to GSA the authority to use the DPAS under certain conditions. DPAS Delegation 3 restricts use of DPAS authority to GSA supply system procurement in support of the Department of Defense (DoD), Department of Energy (DoE), and Federal Emergency Management Agency (FEMA) approved programs.

511.601 [Removed and Reserved]

■ 7. Remove and reserve section 511.601.

■ 8. Revise section 511.602 to read as follows:

511.602 General.

(a) The purpose of the DPAS is to assure the timely availability of industrial resources to meet current national defense, energy, and civil emergency preparedness program requirements and to provide an operating system to support rapid industrial response in a national emergency. The primary statutory authority for the DPAS is Title I of the

Defense Production Act of 1950, as amended, with additional authority from the Selective Service Act of 1948 and the Robert T. Stafford Disaster Relief and Emergency Assistance Act. Executive Orders 12919 and 12742 delegate to the DOC authority to administer the DPAS. Within the DOC, the Office of Strategic Industries and Economic Security (SIES) is assigned responsibility for DPAS implementation, administration, and compliance.

(b) The DPAS is published in the Code of Federal Regulations at 15 CFR part 700. This regulation provides an overview, a detailed explanation of operations and procedures, and other implementing guidance, including information on special priorities assistance and compliance.

(c) Orders placed under DPAS are “rated orders.” Rated orders must receive preferential treatment only as necessary to meet delivery requirements. Rated orders are identified by a rating symbol of either “DX” or “DO” followed by a program identification symbol. All “DO” rated orders have equal priority with each other and take preference over unrated orders. All “DX” rated orders have equal priority with each other and take preference over “DO” rated orders and unrated orders. A program identification symbol indicates which approved program is supported by the rated order.

(d) The authority delegated to GSA shall not be used to support the procurement of any items that—

(1) Are commonly available in commercial markets for general consumption;

(2) Do not require major modification when purchased for approved program use;

(3) Are readily available in sufficient quantity so as to cause no delay in meeting approved program requirements; or

(4) Are to be used primarily for administrative purposes (including Federal Supply Classification (FSC) classes, groups, or items), such as for personnel or financial management. The Commissioner, FAS, shall issue additional guidance, as may be necessary, to ensure effective implementation of its delegated DPAS authority.

■ 9. Revise section 511.603 to read as follows:

511.603 Procedures.

(a) A DPAS rating may be placed against an entire contract at time of award or an individual order issued under an existing, otherwise unrated, contract. FAR 11.604 requires

contracting officers to insert the provision at 52.211–14, Notice of Priority Rating for National Defense, Emergency Preparedness, and Energy Program Use, in solicitations when the contract or order to be awarded will be a rated order and to insert the clause at 52.211–15, Defense Priority and Allocation Requirements, in contracts that are rated orders.

(b) In addition to the FAR provision and clause referenced in paragraph (a) of this section, the contract or order must include the following (*see* 15 CFR 700.12):

(1) The appropriate priority rating symbol (*i.e.*, either “DO” or “DX”) along with the program identification symbol. When GSA contracting officers place DO rated orders, they must use program identification symbol “K1”. When placing a DX-rated order for other agencies, GSA contracting officers must use the requesting agency program identification symbol from the DoD Master Urgency List and may only do so when GSA is acting as the procuring agent for DoD or DoE and has received a “DX” rated contract or order from either department.

(2) A required delivery date. The words “as soon as possible” or “immediately” do not constitute a required delivery date. Use of either a specific date or a specified number of days ARO (after receipt of order) is acceptable.

(3) The written signature on a manually placed order, or the digital signature or name on an electronically placed order of an individual authorized to place rated orders.

(4) A statement that reads substantially as follows: “This is a rated order certified for national defense use, and you are required to follow all the provisions of the Defense Priorities and Allocations System regulation (15 CFR part 700)”.

(c) Multiple and Single Award Schedule contracts are not rated at time of award.
