Proposal to approve under OMB delegated authority the implementation of the following survey:

Report title: Senior Credit Officer Opinion Survey on Dealer Financing Terms.

Agency form number: FR 2034.

OMB control number: 7100-to be assigned.

Frequency: Up to six times a year.

Reporters: U.S. banking institutions and U.S. branches and agencies of foreign banks.

Estimated annual reporting hours: 450 hours.

Estimated average hours per response: 3 hours.

Number of respondents: 25.

General description of report: This information collection would be voluntary (12 U.S.C. 225a, 248(a)(2), 1844(c), and 3105(c)(2)) and would be given confidential treatment (5 U.S.C. 552(b)(4)).

Abstract: This voluntary survey would be conducted with a senior credit officer at each respondent financial institution up to six times a year. The proposed reporting panel consists of up to 25 U.S. banking institutions and U.S. branches and agencies of foreign banks, the majority of which are affiliated with a Primary Government Securities Dealer¹. The purpose of the proposed survey is to provide qualitative and limited quantitative information on (1) stringency of credit terms, (2) credit availability and demand across the entire range of securities financing and over-the-counter derivatives transactions, and (3) the evolution of market conditions and conventions applicable to such activities. The proposed survey is significantly modeled after the long-established Senior Loan Officer Opinion Survey (FR 2018; OMB No. 7100-0058), which provides qualitative information on changes in the supply of, and demand for, bank loans to businesses and households. A portion of the questions in each administration of the new survey would typically cover special topics of timely interest; however, the

sample survey form includes 38 core questions.

Although the Federal Reserve seeks the authority to conduct the survey up to six times a year, the survey is expected to be conducted only four times a year consistent with the FR 2018. The estimated maximum annual burden, based on six surveys, is 450 hours. Consistent with the FR 2018, other types of respondents, such as other depository institutions, bank holding companies, or other financial entities, may be surveyed if appropriate.

The respondents' answers are intended to provide information critical to the Federal Reserve's monitoring of credit markets and capital market activity. As is currently the case with FR 2018, aggregate results from this survey are expected to be made available to the public on the Federal Reserve Board website. Selected aggregate information from the surveys may also be published annually in *Federal Reserve Bulletin* articles and in the Monetary Policy Report to the Congress.
