Approval and Promulgation of Air Quality Implementation Plans; Virginia; Update to Materials Incorporated by Reference; Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; notice of administrative change; correcting amendment.

SUMMARY: This document corrects errors in the part 52 Identification of Plan tables for Virginia published on July 13, 2009 which summarizes the applicable regulatory, source-specific, and non-regulatory requirements which comprise the current EPA-approved Virginia State Implementation Plan (SIP).

DATES: *Effective Date:* This action is effective December 18, 2009.

ADDRESSES: SIP materials which are incorporated by reference into 40 CFR part 52 are available for inspection at the following locations: Air Protection Division, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103; the Air and Radiation Docket and

SUPPLEMENTARY INFORMATION: On July 13, 2009 (74 FR 33332), EPA published an update of materials submitted by Virginia that are incorporated by reference (IBR) into the Virginia State implementation plan (SIP) as of June 1, 2009. The regulations, source-specific requirements, and non-regulatory requirements affected by this update (summarized in the tables cited as 40 CFR 52.2420(c), (d), and (e) respectively) had been previously submitted by the Virginia Department of Environmental Quality (DEQ) and approved by EPA. In this update action, EPA announced the following revisions to entries listed in the paragraph 52.2420(c), (d) and (e) tables:

- Correction of typographical errors to the text and the dates published in these tables.
- Removal of the quotation marks from the terms listed in the “Explanation [former SIP section]” column.
- Removal of entries 5–80–1835, 5–80–1845, and 5–80–1855, from the paragraph (c) table, since they are designated as “reserved,” and contain no text that is incorporated by reference.
- Correction of the date format in the paragraph (c), (d) and (e) tables so that there were no placeholder zeros in the month or day (e.g., the date format would be 1/1/08, not 01/01/08).

However, the tables cited as 40 CFR 52.2420(c) through (e), and published on pages 33334 through 33364, still contained entries that did not reflect the described revisions. This action corrects those tables in 40 CFR 52.2420(c) through (e), as described herein:

1. Page 33334—a. Entry 5–10–20—in the “Explanation [former SIP citation]” column, remove the quotation marks from “volatile organic compound.”

b. Entries 5–20–203 and 5–20–204—revise the date in the “State effective date” column from “7/29/08” to “12/12/07.”

Section 553 of the Administrative Procedure Act, 5 U.S.C. 553(b)(B), provides that, when an agency for good cause finds that notice and public procedure are impracticable, unnecessary or contrary to the public interest, the agency may issue a rule without providing notice and an opportunity for public comment. We have determined that there is good cause for making today’s rule final without prior proposal and opportunity for comment because this rule is not substantive and imposes no regulatory requirements, but merely corrects a citation in a previous action. Thus, notice and public procedure are unnecessary. We find that this constitutes good cause under 5 U.S.C. 553(b)(B).

All SIP materials incorporated by reference in paragraphs (c) and (d) are available for public inspection at the Air and Radiation Docket and Information Center located at EPA Headquarters in Washington, DC, the EPA Regional Office, and the National Archives and Records Administration.

Statutory and Executive Order Reviews

General Requirements

Under the Clean Air Act, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA’s role is to approve state choices, provided that they meet the criteria of the Clean Air Act. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a “significant regulatory action” subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993);

- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);

- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);

- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);

- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);

- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);

- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);

- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and

- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because the SIP is not approved to apply in Indian country located in the state, and EPA notes that it will not impose substantial direct

costs on tribal governments or preempt tribal law.

The Congressional Review Act (5 U.S.C. 801 *et seq.*), as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. Section 808 allows the issuing agency to make a rule effective sooner than otherwise provided by the CRA if the agency makes a good cause finding that notice and public procedure is impracticable, unnecessary or contrary to the public interest. This determination must be supported by a brief statement. 5 U.S.C. 808(2). As stated previously, EPA had made such a good cause finding, including the reasons therefore, and established an effective date of *December 18, 2009*. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This action to correct the tables in 40 CFR 52.2420(c), (d), and (e) for Virginia is not a “major rule” as defined by 5 U.S.C. 804(2).

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 180

[EPA-HQ-OPP-2009-0009; FRL-8798-1]

Chlorimuron Ethyl; Pesticide Tolerances

AGENCY: Environmental Protection Agency (EPA).
ACTION: Final rule.

SUMMARY: This regulation establishes tolerances for residues of chlorimuron ethyl, including its metabolites and degradates, in or on corn, field, forage; corn, field grain; corn, field, stover; grain, aspirated fractions; soybean, forage; and soybean, hay. In addition, the presently established tolerance term,

“soybean” is being revised to “soybean, seed.” E.I. du Pont de Nemours and Company requested these tolerances under the Federal Food, Drug, and Cosmetic Act (FFDCA).

DATES: This regulation is effective December 18, 2009. Objections and requests for hearings must be received on or before February 16, 2010, and must be filed in accordance with the instructions provided in 40 CFR part 178 (see also Unit I.C. of the **SUPPLEMENTARY INFORMATION**).

ADDRESSES: EPA has established a docket for this action under docket identification (ID) number EPA-HQ-OPP-2009-0009. All documents in the docket are listed in the docket index available at <http://www.regulations.gov>. Although listed in the index, some information is not publicly available, e.g., Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.
