

Participants register by submitting an Enrollment Form. Data collection from domestic laboratory participants occurs twice per year. The data collected in this program will include the susceptibility test results of primary and secondary drugs, drug concentrations, and test methods performed by laboratories on a set of performance

evaluation (PE) samples. The PE samples are sent to participants twice a year. Participants also report demographic data such as laboratory type and the number of tests performed annually. Participants report this data every two years. The burden for the Laboratory Practices Questionnaire has been adjusted for the average per year,

since responses are received every other year. Participants may submit changes about their laboratory using the Laboratory Information Change Form. There is no cost to respondents to participate other than their time. The total annualized burden for this information collection request is 166 hours.

*Title:* Application for the Emergency Form for CSBG/ARRA Expenditure Report.

*OMB No.:* 0970-0369.

*Description:* On February 17 2009, President Obama signed into law the

American Recovery and Reinvestment Act of 2009 (Recovery Act). The Recovery Act provided for \$1 billion in additional funds to the Community Services Block Grant (CSBG) program for Federal Fiscal Year 2009; however the grant period runs through FY 2010. As with regularly appropriated CSBG funds, Recovery Act funds may be used for the reduction of poverty, the revitalization of low-income communities, and the empowerment of low-income families and individuals in rural and urban areas to become fully self-sufficient.

To be in compliance with Recovery Act (Pub. L. 111-5) Section 1512(c)(1) through (B) a backup sheet was created to identify the various activities that make up the total Federal share of outlays reported on the 269A Report line 10(a). The CSBG/ARRA Fund

provides resources to States, Territories, and Tribes to support work and families during this difficult economic period. We plan to issue a backup sheet for the 269A Report with instructions for jurisdictions to complete; which would provide detail information to support line 10(a) of the aforementioned document.

Failure to collect this data would compromise ACF's ability to monitor expenditure patterns by the grantees.

Documentation maintenance on financial reporting for the CSBG Fund is governed by 45 CFR 96.30.

*Respondents:* State, Territory, and Tribal agencies administering the Community Service Block Grant(CSBG) Program Fund.
