SUPPLEMENTARY INFORMATION:

Background

The PCPFS was established as the President's Council on Youth Fitness by President Eisenhower in 1956. The PCPFS operates under Executive Order (E.O.) 13265 continued by E.O. 13446. The Council advises the President, through the Secretary, about progress promoting physical activity, fitness, and sports. Specifically, the Council, as outlined in E.O. 13265, Section (1)(b), is directed to "stimulate and enhance coordination of programs within and among the private and public sectors that promote participation in, and safe and easy access to, physical activity and sports" and Section (1)(c) "expand

availability of quality information and guidance regarding physical activity and sports participation.” In addition, the Council, as stated in Section (3)(d) “shall monitor the need for the enhancement of programs and educational and promotional materials sponsored, overseen, or disseminated by the Council, and shall advise the Secretary as necessary concerning such need.”

The purpose of the President’s Challenge is to motivate individuals six years and older to start and maintain a regular program of physical activity leading to improved health and fitness. Since its inception in 1966, the program has reached millions of American youth. In 2002 the program expanded to include adults aged 18 and older through the Presidential Active Lifestyle Award, Presidential Champions Program, and the Adult Fitness Test. Program materials are available in English and Spanish.

Requirements of Co-Sponsorship: The Office of the PCPFS is seeking a co-sponsoring organization(s) capable of managing the development and distribution of program awards and materials, responding to program inquiries, administering a program website, and identifying ways to enhance the program and participation. Health Resources and Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Health Resources and Services Administration (HRSA) publishes abstracts of information collection requests under review by the Office of Management and Budget (OMB), in compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). To request a copy of the clearance requests submitted to OMB for review, e-mail paperwork@hrsa.gov or call the HRSA Reports Clearance Office on (301) 443-1129.

The following request has been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995:

Proposed Project: Drug Pricing Program Reporting Requirements (OMB No. 0915-0176)—[Extension]

Section 602 of Public Law 102-585, the Veterans Health Care Act of 1992,

enacted section 340B of the Public Health Service Act (PHS Act) "Limitation on Prices of Drugs Purchased by Covered Entities." Section 340B provides that a manufacturer who sells covered outpatient drugs to eligible entities must sign a pharmaceutical pricing agreement with the Secretary of Health and Human Services in which the manufacturer agrees to charge a price for covered outpatient drugs that will not exceed an amount determined under a statutory formula. Covered entities which choose to participate in the section 340B drug discount program must comply with the requirements of 340B(a)(5) of the PHS Act. Section 340B(a)(5)(A) prohibits a covered entity from accepting a discount for a drug that would also generate a Medicaid rebate. Further, section 340B(a)(5)(B) prohibits a covered entity from reselling or otherwise transferring a discounted drug to a person who is not a patient of the entity.

In response to the statutory mandate of section 340B(a)(5)(C) to develop audit guidelines and because of the potential for disputes involving covered entities and participating drug manufacturers, the HRSA Office of Pharmacy Affairs (OPA) developed a dispute resolution process for manufacturers and covered entities as well as manufacturer guidelines for audit of covered entities.
