in their Record of Decision, and would adopt this EIS per 40 Code of Federal Regulations (CFR) 1506.3 if, after an independent review of the document, they conclude that their permitting requirements have been satisfied.

The final EIS addresses the potential environmental effects of the construction and operation of the following project facilities:

- Approximately 301.2 miles of 30-inch-diameter natural gas transmission pipeline;
- One new compressor station totaling 4,700 horsepower of compression: the Hettinger Compressor Station located in Hettinger County, North Dakota;
 - Two new meter stations;
 - Nineteen mainline valves; and
- Three pig ¹ launcher and pig

receiver facilities.

Dependent upon Commission approval, Bison proposes to complete construction and begin operating the proposed Project in November 2010.

The final EIS has been placed in the public files of the FERC and is available for public viewing on the FERC's Web site at http://www.ferc.gov. A limited number of copies are available for distribution and public inspection at: Federal Energy Regulatory Commission, Public Reference Room, 888 First Street, NE., Room 2A, Washington, DC 20426, (202) 502–8371.

Copies of the EIS have been mailed to federal, state, and local government agencies; elected officials; Native American tribes and regional organizations; local libraries and newspapers; parties to this proceeding; and other interested parties. Hard copy versions of the EIS were mailed to those specifically requesting them; all others received a CD–ROM version.

[Docket No. ER10-468-000]

Google Energy LLC; Supplemental Notice That Initial Market-Based Rate Filing Includes Request for Blanket Section 204 Authorization

December 29, 2009.

This is a supplemental notice in the above-referenced proceeding of Google Energy LLC's application for market-based rate authority, with an accompanying rate tariff, noting that such application includes a request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability.

Any person desiring to intervene or to protest should file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is January 19, 2010.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at http://www.ferc.gov. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

The filings in the above-referenced proceeding are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC
