Research and Innovative Technology Administration

University Transportation Centers (UTC) Program Grants (49 U.S.C. 5506); Suspension of Competitions

AGENCY: Research and Innovative Technology Administration, DOT.

ACTION: Notice.

SUMMARY: The U.S. Department of Transportation is providing notice that it intends to suspend competitions for its University Transportation Centers (UTC) Program grants (49 USC 5506) pending the enactment of multi-year, surface transportation authorization legislation that is necessary to define the purpose, eligibility, number, and funding amounts of any future grants.

DATES: Dates for future UTC competitions are not known at this time. As more information is available about future grant competitions, it will be posted on the UTC Program's Web site, <http://utc.dot.gov>.

FOR FURTHER INFORMATION CONTACT: Dr. Curtis Tompkins, University Transportation Centers Program, Office of Research, Development and Technology, RDT-30, Research and

Innovative Technology Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590. Telephone Number (202) 366-2125, Fax Number (202) 493-2993 or E-mail curtis.tompkins@dot.gov.

SUPPLEMENTARY INFORMATION:

Background

The Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU, Pub. L. 109-59, as amended by Pub. L. 110-244) requires the Research and Innovative Technology Administration (RITA) of the U.S. Department of Transportation (U.S. DOT) to complete competitions for Regional UTCs by March 31, 2010, and for Tier I UTCs by June 30, 2010. Because there is no surface transportation authorization legislation or other authorizing vehicle yet in place to state the structure and funding of the UTC Program beyond Federal Fiscal Year 2009, and because of the burden that would be placed on applicants to pursue a competition process that has a high likelihood of being voided should a multi-year, surface transportation authorization substantially change the terms and conditions of the UTC Program and grants to be issued under that program, the Research and Innovative Technology Administration is suspending these competitions until such time as a multi-year surface transportation authorization has been enacted.

Issued in Washington, DC, on December 18, 2009.

Peter H. Appel,

Administrator.

FOR FURTHER INFORMATION CONTACT: Coleman Sachs, Office of Vehicle Safety Compliance, NHTSA (202-366-3151).

SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. 30141(a)(1)(A), a motor vehicle that was not originally manufactured to conform to all applicable FMVSS shall be refused admission into the United States unless NHTSA has decided that the motor vehicle is substantially similar to a motor vehicle originally manufactured for importation into or sale in the United States, certified under 49 U.S.C. 30115, and of the same model year as the model of the motor vehicle to be compared, and is capable of being readily altered to conform to all applicable FMVSS.

Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR Part 592. As specified in 49 CFR 593.7, NHTSA publishes notice in the **Federal Register** of each petition that it receives, and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the **Federal Register**.

US SPECS, LLC ("US SPECS"), of Havre de Grace, Maryland (Registered Importer 03-321) has petitioned NHTSA to decide whether non-U.S. certified 2001 and 2002 Ducati MH900e motorcycles are eligible for importation into the United States. The vehicles that US SPECS believes are substantially similar are 2001 and 2002 Ducati MH900e motorcycles that were manufactured for sale in the United States and certified by their manufacturer as conforming to all applicable FMVSS.

The petitioner claims that it carefully compared non-U.S.-certified 2001 and 2002 Ducati MH900e motorcycles to their U.S.-certified counterparts, and found the vehicles to be substantially

similar with respect to compliance with most FMVSS.

US SPECS submitted information with its petition intended to demonstrate that non-U.S. certified 2001 and 2002 Ducati MH900e motorcycles, as originally manufactured, conform to many FMVSS in the same manner as their U.S.-certified counterparts, or are capable of being readily altered to conform to those standards.

Specifically, the petitioner claims that non-U.S. certified 2001 and 2002 Ducati MH900e motorcycles are identical to their U.S.-certified counterparts with respect to compliance with Standard Nos. 116 *Brake Fluid*, 119 *New Pneumatic Tires for Vehicles Other Than Passenger Cars*, and 122 *Motorcycle Brake Systems*.

The petitioner further contends that the vehicles are capable of being readily altered to meet the following standards, in the manner indicated below:

Standard No. 106 Brake Hoses:

Inspection of all vehicles, and replacement of noncompliant brake hoses with U.S.-model hoses on vehicles that are not already so equipped.

Standard No. 108 Lamps, Reflective Devices and Associated Equipment: Installation of the following U.S.-model components on vehicles not already so equipped: (a) Headlamp; (b) front and rear side-mounted reflex reflectors; (c) rear-mounted reflex reflector; (d) turn signal lamps; and (e) taillamp.

Standard No. 111 Rearview Mirrors: Inspection of all vehicles, and replacement of noncompliant mirrors with U.S.-model components on vehicles that are not already so equipped.

Standard No. 120 Tire Selection and Rims for Vehicles Other Than Passenger Cars: Installation of a tire information placard.

Standard No. 123 Motorcycle Controls and Displays: Installation of a U.S.-model speedometer, or modification of the existing speedometer to conform to the requirements of the standard.

Standard No. 205 Glazing Materials: Inspection of all vehicles, and removal of noncompliant glazing or replacement of the glazing with U.S.-model glazing on vehicles that are not already so equipped.

All comments received before the close of business on the closing date indicated above will be considered, and will be available for examination in the docket at the above addresses both before and after that date. To the extent possible, comments filed after the closing date will also be considered. Notice of final action on the petition will be published in the **Federal**

Register pursuant to the authority indicated below.

Authority: 49 U.S.C. 30141(a)(1)(A) and (b)(1); 49 CFR 593.8; delegations of authority at 49 CFR 1.50 and 501.8.

Issued on: January 7, 2010.

Director, Office of Vehicle Safety Compliance.
