ACTION: 60-Day Notice and Request for Comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the Bureau of Land Management (BLM) is announcing its intention to request reinstatement of an approval to collect information that documents the payment of road use fees for the use of privately owned roads to haul timber sold in accordance with BLM sale contracts. The following information is provided for the information collection:

Title: Road Use Fees Paid Report.

OMB Control Number: 1004–0102.

Summary: Most purchasers of timber from BLM-managed lands use both federal and private roads to haul the timber. In such instances, the timber sale contract with the BLM requires the purchaser to pay private landowners for the use and/or maintenance of their roads. These fees represent the BLM’s share of road construction and maintenance costs under reciprocal right-of-way agreements between the BLM and private landowners. See 43 U.S.C. 1762; 43 CFR subpart 2812. This information collection is a report that timber sale purchasers submit to the BLM to show that they have paid the fees required by their timber sale contracts. The BLM uses the report to ensure compliance with the timber sale contract, and to amortize road construction and maintenance costs among several road users.

Frequency of Collection: On occasion.

Description of Respondents: Timber sale purchasers that haul timber purchased from the BLM over privately

owned roads that are included in reciprocal right-of-way agreements.

Total Annual Responses: 40.

Response Time: 20 minutes.

Total Annual Burden Hours for Respondents: 13 hours.

Jean Sonneman,

Acting Information Collection Clearance Officer, Bureau of Land Management.
