

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****Notice of Availability of the Draft Environmental Assessment (Draft EA) for the Urban Stream Research Center Proposed To Be Constructed in Unincorporated Warrenville, IL and Request for Comments**

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of Availability of the Draft Environmental Assessment (Draft EA) for the Urban Stream Research Center proposed to be constructed in Unincorporated Warrenville, Illinois and request for comments.

SUMMARY: The National Oceanic and Atmospheric Administration's (NOAA's) Office of Response and Restoration is announcing that a document entitled "Draft Environmental Assessment, Urban Stream Research Center" is available for public review and comment. In this document, that has been prepared under the requirements of the National Environmental Policy Act (42 USC 4321 *et seq.*), NOAA presents the proposal to construct an Urban Stream Research Center along the West Branch of the DuPage River in an unincorporated area of Warrenville, Illinois. In the Draft EA, NOAA considers and discloses any potential significant impacts to the quality of the human environment that may arise from the proposed project. The construction of the Urban Stream Research Center is one component ecological enhancement of a portion of the West Branch DuPage River, proposed to be funded in accordance with NOAA Grant Award No. FNA07NOS4630002, DuPage River Restoration. The purpose of this Notice is to inform the public of the availability of the Draft EA and seek public comment on the proposed project.

FOR FURTHER INFORMATION CONTACT: For further information contact Brendan Bray at 301-713-2989, ext. 122, by fax at 301-713-4389, or e-mail at Brendan.Bray@noaa.gov. Requests for copies of the Draft Environmental Assessment should be sent to Brendan Bray of NOAA, 1305 East West Highway, #10126, Silver Spring, MD 20910 or the document can be viewed online at <http://www.dupageco.org/swm>. Written comments on the plan should be sent to Brendan Bray of NOAA at the address listed above. Comments on the Draft Environmental Assessment must be

submitted in writing on or before 30 days after publication of this notice.

SUPPLEMENTARY INFORMATION: The overall goal of this project is to build a facility that will allow the Forest Preserve District of DuPage County to meet its objectives to: 1. Augment the population densities and increase the diversity of freshwater mussel and non-game fish species that are in decline or extirpated in the West Branch of the DuPage River,

2. Evaluate the success and impacts of ongoing habitat restoration and remediation projects along the river, thereby benefiting fresh water mussel species, other wildlife, habitat areas, and public communities along the West Branch of the DuPage River,

3. Improve the success of urban aquatic habitat restoration and enhancement along the West Branch of the DuPage River, and

4. Provide educational opportunities for the public and other groups.

The grant recipient, DuPage County Stormwater Management Division, proposes to construct a research and education center on the publicly owned Roy C. Blackwell Forest Preserve. The preferred alternative, Urban Stream Research Center—New Constructed Facility, was created through input from the Forest Preserve District of DuPage County, the public, and NOAA.

Currently there are no facilities within Illinois to support common freshwater mussel propagation and augmentation. The Urban Stream Research Center will propagate and augment the population densities and increase the diversity of native freshwater mussel species and non-game fish species. Additionally, the Center will promote and encourage interdisciplinary research between universities and local, state, and federal conservation agencies (*e.g.*, Forest Preserve District of DuPage County, Natural History Survey, Illinois Department of Natural Resources, U.S. Fish and Wildlife Service, U.S. Geological Survey).

The proposed project would not result in significant adverse environmental impacts. Short-term, temporary, and localized construction-related impacts to air quality and increases in noise from the use of construction equipment are anticipated. However, over the long-term, the Center would benefit fish and wildlife, help to enhance the area's natural resources, and provide opportunities for research and educational programs.

Dated: January 5, 2010.

David Westerholm,

Director, Office of Response and Restoration.

Certain Cut-to-Length Carbon-Quality Steel Plate from the Republic of Korea: Extension of the Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* January 14, 2010.

FOR FURTHER INFORMATION CONTACT: Yang Jin Chun, AD/CVD Operations, Office 5, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-5760.

SUPPLEMENTARY INFORMATION:**Background**

On September 24, 2009, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on certain cut-to-length carbon-quality steel plate from the Republic of Korea and intent to rescind the administrative review in part. *See Certain Cut-to-Length Carbon-Quality Steel Plate From the Republic of Korea: Preliminary Results of Antidumping Duty Administrative Review and Intent To Rescind Administrative Review in Part*, 74 FR 48716 (September 24, 2009), as corrected in *Certain Cut-to-Length Carbon-Quality Steel Plate from the Republic of Korea: Correction to the Preliminary Results of Antidumping Duty Administrative Review and Intent to Rescind Administrative Review in Part*, 74 FR 51834 (October 8, 2009). The review covers the period February 1, 2008, through January 31, 2009. The final results of the review are currently due no later than January 22, 2010.

Extension of Time Limit for Final Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to complete the final results within 120 days after the date on which the preliminary results are published. If it is not practicable to

complete the final results within this time period and if the Department did not extend the time for issuing the preliminary results, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the completion of the final results to a maximum of 300 days after the date on which the preliminary results are published.

We determine that it is not practicable to complete the final results of this review within the original time limit because of certain issues involving new factual information submitted in an untimely manner. Therefore, we are extending the time period for issuing the final results of this review by 31 days until February 22, 2010.

This notice is published in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

Dated: January 8, 2010.

John M. Andersen,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Pure Magnesium from the People's Republic of China: Extension of Time for the Preliminary Results of the Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: January 14, 2010.

FOR FURTHER INFORMATION CONTACT: Laurel LaCivita, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-4243.

SUPPLEMENTARY INFORMATION:

Background

On May 1, 2009, the Department of Commerce ("the Department") published in the **Federal Register** a notice for an opportunity to request an administrative review of the antidumping duty order on pure magnesium from the People's Republic of China ("PRC"). See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review*, 74 FR 20278 (May 1, 2009). Respondent, Tianjin

Magnesium International Co., Ltd. ("TMI"), requested a review on May 28, 2009. Alcoa Inc. ("Alcoa"), a U.S. consumer of pure magnesium and importer of the subject merchandise, requested a review of Tianjin Xianghaiqi Resources Import & Export Trade Co., Ltd. ("TXR") on May 29, 2009.

Petitioner, US Magnesium LLC ("US Magnesium") requested a review of TMI, TXR and Pan Asia Magnesium Co., Ltd. on June 1, 2009. The Department published in the **Federal Register** a notice of initiation of an administrative review of TMI for the period May 1, 2008, through April 30, 2009. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 74 FR 30052 (June 24, 2009). Currently, the preliminary results of review are due no later than January 31, 2010.

Extension of Time Limit of Preliminary Results

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), the Department shall make a preliminary determination in an administrative review of an antidumping duty order within 245 days after the last day of the anniversary month of the date of publication of the order. The Act further provides, however, that the Department may extend that 245-day period to 365 days if it determines it is not practicable to complete the review within the foregoing time period.

We determine that completion of the preliminary results of this review within the 245-day period is not practicable because the Department requires additional time to analyze information pertaining to the respondent's sales practices, factors of production, and to issue and review responses to supplemental questionnaires. Therefore, we require additional time to complete these preliminary results. As a result, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time period for completion of the preliminary results of this review by 120 days until May 31, 2010. However, since May 31, 2010, falls on a federal holiday, a non-business day, the deadline for the preliminary determination will now be due no later than June 1, 2010, the next business day.

This notice is published in accordance with sections 751(a)(3)(A) and 777(i) of the Act.

Dated: January 6, 2010.

John M. Andersen,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Ball Bearings and Parts Thereof from France, Germany, Italy, Japan, and the United Kingdom: Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* January 14, 2010.

FOR FURTHER INFORMATION CONTACT: Yang Jin Chun, AD/CVD Operations, Office 5, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-5760.

SUPPLEMENTARY INFORMATION:

Background

At the request of interested parties, the Department of Commerce (the Department) initiated administrative reviews of the antidumping duty orders on ball bearings and parts thereof from France, Germany, Italy, Japan, and the United Kingdom for the period May 1, 2008, through April 30, 2009. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 74 FR 30052 (June 24, 2009), as corrected in *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Deferral of Administrative Review*, 74 FR 37690 (July 29, 2009). The preliminary results of the reviews are currently due no later than February 1, 2010.

Extension of Time Limit for Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to complete the preliminary results within 245 days after the last day of the anniversary month of an order for which a review is requested and the final results within 120 days after the date on which the preliminary results are published. If it is not practicable to complete the review
