Corrected Notice of Lodging of Proposed Consent Decree Under the Comprehensive Environmental Response Compensation and Liability Act

Notice is hereby given that on December 23, 2009, a proposed Consent Decree was filed with the United States District Court for the District of Idaho in *United States v. Union Pacific Railroad Company*, No. 10-2009-0082 (D. Idaho). The proposed Consent Decree entered into by the United States, the State of Idaho, and two railroads (Union Pacific Railroad Company and BNSF Railway Company), resolves the United States' claims against the railroads under Sections 106 and 107 of the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. 9606, 9607. Under the terms of the Consent Decree, Union Pacific Railroad Company will pay the United States \$655,094 and BNSF Railway Company \$427,000 in past costs incurred in addressing the contamination at the Wallace Yard and Spur Lines Site within the larger Bunker Hill Mining Site in the C'ouer d'Alene Basin of Idaho. In addition to payments for past response costs, the Consent Decree requires the railroads to perform certain clean up actions selected by EPA and identified in the Statement of Work attached to the Consent Decree. Further, the settlement requires the railroads to contribute to the Basin-wide cleanup program to address contamination of residential properties.

The Department of Justice will receive comments relating to the proposed Consent Decree for an additional period of thirty (30) days from the date of this publication. SUPPLEMENTARY INFORMATION:

I. Background

Job Corps is an intensive, residential training program for at-risk youth age 16 through 24 to address multiple barriers to employment faced by youth throughout the United States. Job Corps is authorized by Title I, Subtitle C, of the Workforce Investment Act (WIA) of 1998. The program is principally carried out through a nationwide network of 123 Job Corps centers. The centers are located at facilities either owned or leased by the Federal Government. The Department has a direct role in the operation of Job Corps, and does not serve as a pass-through agency for this program. It is the Department's

responsibility to establish Job Corps centers and to select operators for them. Of the 123 current centers, 28 are operated by the Departments of Agriculture and the Interior, through interagency agreements. These centers are located on Federal lands controlled by these two agencies. The remaining 95 centers are managed and operated by large and small corporations and nonprofit organizations selected by the Department in accordance with the Federal Acquisition Regulations, and in most cases through a competitive procurement process. Many of the current contractors manage and operate more than one center.

II. Review Focus

The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

ETA form No.	Total number of respondents	Frequency	Average time per respondent	Total burden hours	Currently approved hours	NET change
