These threat trees feed into the Risk Assessment tool that will be used by the EAC and NIST in their work with the Voluntary Voting System Guidelines.

The EAC Standards Board Virtual Meeting Room was established to enable the Standards Board to conduct business in an efficient manner in a public forum, including being able to review and discuss draft documents, when it is not feasible for an in-person board meeting. The Standards Board will not take any votes or propose any resolutions during the 12-day forum of February 8–February 19, 2010. Members will post comments about Phase II of the Election Operations Assessment.
