#### **SUPPLEMENTARY INFORMATION:**

##### **A. Purpose**

To protect the Government's interest  
and to ensure timely delivery of items  
of the requisite quality, contracting  
officers, prior to award, must make an  
affirmative determination that the  
prospective contractor is responsible,  
*i.e.*, capable of performing the contract.  
Before making such a determination, the  
contracting officer must have in his  
possession or must obtain information  
sufficient to satisfy himself that the  
prospective contractor (i) has adequate  
financial resources, or the ability to  
obtain such resources, (ii) is able to  
comply with required delivery  
schedule, (iii) has a satisfactory record  
of performance, (iv) has a satisfactory  
record of integrity, and (v) is otherwise  
qualified and eligible to receive an  
award under appropriate laws and  
regulations. If such information is not in  
the contracting officer's possession, it is  
obtained through a preaward survey  
conducted by the contract  
administration office responsible for the  
plant and/or the geographic area in  
which the plant is located. The  
necessary data is collected by contract  
administration personnel from available  
data or through plant visits, phone calls,  
and correspondence. This data is  
entered on to Standard Forms 1403,  
1404, 1405, 1406, 1407, and 1408 in  
detail commensurate with the dollar  
value and complexity of the  
procurement.

**SUPPLEMENTARY INFORMATION:**

**A. Purpose**

Title III of the Defense Production Act (DPA) of 1950 authorizes various forms of Government assistance to encourage expansion of production capacity and supply of industrial resources essential to national defense. The DPA Amendments of 1992 provide for the testing, qualification, and use of industrial resources manufactured or developed with assistance provided under Title III of the DPA.

FAR 34.1 and 52.234-1 require contractors, upon the direction of the contracting officer, to test Title III industrial resources for qualification, and provide the test results to the Defense Production Act Office. The FAR coverage also expresses Government policy to pay for such testing and provides definitions, procedures, and a contract clause to implement the policy. This information is used by the Defense Production Act Office, Title III Program, to determine whether the Title III industrial resource has been provided an impartial opportunity to qualify.
