#### SUPPLEMENTARY INFORMATION:

##### I. Background

The Transportation Equity Act for the 21st Century (TEA-21), Public Law 105-178, 112 Stat. 107, 241, (as amended by sections 1601-02 of Pub. L. 109-59) established the Transportation Infrastructure Finance and Innovation Act of 1998, authorizing the DOT to provide credit assistance in the form of secured (direct) loans, lines of credit, and loan guarantees to public and private applicants for eligible surface transportation projects. The TIFIA JPO, a component of the FHWA Office of Innovative Program Delivery, has responsibility for coordinating program implementation.

In 2005, Congress enacted the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) (Pub. L. 109-59, 119 Stat. 1144), which made a number of amendments to TIFIA including lowering the thresholds and expanding eligibility for TIFIA credit assistance. Discussions regarding the pending reauthorization of the TIFIA program are anticipated in the coming months, and we are looking to stakeholders to provide feedback on potential program improvements for consideration during reauthorization discussions.
