

15. The Board, including a majority of the disinterested Board members, will adopt procedures reasonably designed to monitor any purchases of securities by an Index Fund in an Affiliated Underwriting once the investment by a Purchasing Fund in an Index Fund exceeds the limit of section 12(d)(1)(A)(i) of the Act, including any purchases made directly from an Underwriting Affiliate. The Board will review these purchases periodically, but no less frequently than annually, to determine whether the purchases were influenced by the investment by the Purchasing Fund in an Index Fund. The Board will consider, among other things: (a) Whether the purchases were consistent with the investment objectives and policies of the Index Fund; (b) how the performance of securities purchased in an Affiliated Underwriting compares to the performance of comparable securities purchased during a comparable period of time in underwritings other than Affiliated Underwritings or to a benchmark such as a comparable market index; and (c) whether the amount of securities purchased by the Index Fund in Affiliated Underwritings and the amount purchased directly from an Underwriting Affiliate have changed significantly from prior years. The Board will take any appropriate actions based on its review, including, if appropriate, the institution of procedures designed to assure that purchases of securities in Affiliated Underwritings are in the best interest of shareholders of the Index Fund.

16. Each Index Fund will maintain and preserve permanently in an easily accessible place a written copy of the procedures described in the preceding condition, and any modifications to such procedures, and will maintain and preserve for a period of not less than six years from the end of the fiscal year in which any purchase in an Affiliated Underwriting occurred, the first two years in an easily accessible place, a written record of each purchase of securities in Affiliated Underwritings, once an investment by a Purchasing Fund in shares of the Index Fund exceeds the limit of section 12(d)(1)(A)(i) of the Act, setting forth from whom the securities were acquired, the identity of the underwriting syndicate's members, the terms of the purchase, and the information or materials upon which the Board's determinations were made.

17. Before approving any advisory contract under section 15 of the Act, the board of directors or trustees of each Purchasing Management Company, including a majority of the disinterested

directors or trustees, will find that the advisory fees charged under such contract are based on services provided that will be in addition to, rather than duplicative of, the services provided under the advisory contract(s) of any Index Fund in which the Purchasing Management Company may invest. These findings and their basis will be recorded fully in the minute books of the appropriate Purchasing Management Company.

18. No Index Fund will acquire securities of any other investment company or companies relying on sections 3(c)(1) or 3(c)(7) of the Act in excess of the limits contained in section 12(d)(1)(A) of the Act, except to the extent permitted by exemptive relief from the Commission permitting the Index Fund to purchase shares of other investment companies for short-term cash management purposes.

For the Commission, by the Division of Investment Management, under delegated authority.

Deputy Secretary.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to clarify Nasdaq Rule 7023(d) to make clear that Historical ModelView information will be available via NasdaqTrader.com and will contain historical information regarding aggregate displayed and reserve liquidity at each price level directly from the Nasdaq Market Center. Additionally, references to the Historical TotalView data product will be deleted from Nasdaq Rule 7023(d) since it is offered through a technology subsidiary of the Exchange rather than the Exchange itself. ³ Changes are marked to the rules of The NASDAQ Stock Market LLC found at <http://nasdaqomx.cchwallstreet.com>.

TotalView can be created by any vendor that receives the real time data feed and, as such, is not exclusively created through the Exchange.

ModelView is designed to facilitate more efficient trading activity in the Nasdaq Market Center in an environment where trading and order-routing become increasingly automated, and broker-dealers, institutional traders and technology providers are constantly seeking to improve the quality of information upon which trading and order-routing decisions are made. The incremental data in ModelView helps customers give better visibility into data not previously available.

Specifically, ModelView provides the aggregate amount of both displayed and reserve size liquidity in the Nasdaq Market Center at each price level. With this information, developers of automated trading and order-routing models improve their Nasdaq trading efficiency, and the providers of liquidity to the Nasdaq Market Center find greater fill rates and execution quality. ModelView protects the anonymity of the trading strategies of Nasdaq Market Center participants while improving the execution quality of their orders. Also, ModelView does not contain explicit or implicit information regarding the identity of market participants trading in Nasdaq at the relevant time.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁴ in general, and furthers the objectives of Section 6(b)(5) of the Act⁵ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest. The proposed change is designed to clarify the applicability of Nasdaq's rules.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange believes that the foregoing proposed rule change may take effect upon filing with the Commission pursuant to Section 19(b)(3)(A)⁶ of the Act and Rule 19b-4(f)(6)(iii) thereunder⁷ because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest. In addition, at least five days prior to the instant filing, the Exchange provided the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

The Exchange believes that this proposal qualifies for immediate effectiveness as a "non-controversial" rule change under paragraph (f)(6) of Rule 19b-4.⁸

IV. Solicitation of Comments
