

authorization under this general permit, an alternative permit, or denial of permit coverage.

EPA—Region 1 will provide an opportunity for the public to comment on each NOI that is submitted. Following the public notice, EPA—Region 1 will either authorize the discharge, request additional information, or require the small MS4 to apply for an alternative permit or an individual permit.

Water Quality-Based Effluent Limitations

The draft permit includes provisions to ensure that discharges do not cause or contribute to exceedances of water quality standards. The provisions in Parts 2.1, 2.2, and 2.3 of the general permit constitute the water quality-based effluent limitations of the permit. The purpose of this part of the permit is to establish the board inclusion of water quality-based effluent limitations for those discharges requiring additional controls in order to achieve water quality standards and other water quality related objectives, consistent with 40 CFR 122.44(d). The non-numeric effluent limitation requirements of this permit are expressed in the form of control measures and BMPs (see Part 2.4 of the general permit).

Non-Numeric Effluent Limitations

When EPA has not promulgated effluent limitations for a category of discharges, or if an operator is discharging a pollutant not covered by an effluent limitation guideline, effluent limitations may be based on the best professional judgment (BPJ) of the agency or permit writer. The BPJ limits in the general permit are in the form of non-numeric control measures, commonly referred to as best management practices (BMPs). Non-numeric limits are employed under limited circumstances, as described in 40 CFR 122.44(k). EPA has interpreted the CWA to allow BMPs to take the place of numeric effluent limitations under certain circumstances. 40 CFR 122.44(k) provides that permits may include BMPs to control or abate the discharge of pollutants when: “(1) [a]uthorized under section 304(e) of the CWA for the control of toxic pollutants and hazardous substances form ancillary industrial activities; (2) [a]uthorized under section 402(p) of the CWA for the control of stormwater discharges; (3) [n]umeric effluent limitations are infeasible; or (4) [t]he practices are reasonable to achieve effluent limitations and standards or to carry out the purposes and intent of the

CWA.” The permit regulates stormwater discharges using BMPs. Due to the variability associated with stormwater, EPA believes the use of BMPs is the most appropriate method to regulate discharges of stormwater from municipal systems in accordance with the above referenced regulation.

The draft permit requires small MS4s to continue to control stormwater discharges from the municipal system in a manner designed to reduce the discharge of pollutant to the maximum extent practicable and to protect water quality. The small MS4s are required to implement a SWMP consisting of control measures. These control measures include the following: public education and outreach; public participation; illicit discharge detection and elimination; construction stormwater management; stormwater management in new development and redevelopment; and good housekeeping in municipal operations. Implementation of the SWMP involves the identification of BMPs and measurable goals for BMPs. The draft permit identifies an objective for each control measure. The small MS4 must implement the control measures required by the general permit and document actions in the SWMP that demonstrate progress toward achievement of the objective of the control measure. The permit also contains outfall monitoring requirements that are associated with implementation of the illicit discharge detection and elimination program, recordkeeping and reporting.

Dated: January 25, 2010.

H. Curtis Spalding,

Regional Administrator, Region 1.

Good Neighbor Environmental Board; Notification of Public Advisory Committee Teleconference

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notification of Public Advisory Committee Teleconference.

SUMMARY: Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that the Good Neighbor Environmental Board (GNEB) will hold a public teleconference on February 25, 2010 from 1 p.m. to 3 p.m. Eastern Standard

Time. The meeting is open to the public. For further information regarding the teleconference and background materials, please contact Dolores Wesson at the number listed below.

Background: GNEB is a Federal advisory committee chartered under the Federal Advisory Committee Act, PL 92463. GNEB provides advice and recommendations to the President and Congress on environmental and infrastructure issues along the U.S. border with Mexico.

Purpose of Meeting: The purpose of this teleconference is to continue discussion on the Good Neighbor Environmental Board's Thirteenth Report.

SUPPLEMENTARY INFORMATION: If you wish to make oral comments or submit written comments to the Board, please contact Dolores Wesson at least five days prior to the meeting.

General Information: Additional information concerning the GNEB can be found on its Web site at <http://www.epa.gov/ocem/gneb>.

Meeting Access: For information on access or services for individuals with disabilities, please contact Dolores Wesson at (202) 564-1351 or e-mail at wesson.dolores@epa.gov. To request accommodation of a disability, please contact Dolores Wesson at least 10 days prior to the meeting to give EPA as much time as possible to process your request.

Dated: January 29, 2010.

Dolores Wesson,

Designated Federal Officer.

Notice of Receipt of Several Pesticide Petitions Filed for Residues of Pesticide Chemicals in or on Various Commodities

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces the Agency's receipt of several initial filings of pesticide petitions proposing the establishment or modification of regulations for residues of pesticide chemicals in or on various commodities.

DATES: Comments must be received on or before March 8, 2010.

ADDRESSES: Submit your comments, identified by docket identification (ID)
