

those projects that meet the goals of the EMDP and the purposes for which Congress provides the appropriations.

Once a tribe has been accepted into the EMDP, the tribe must also submit quarterly reports, which are one- or two-page documents summarizing events, accomplishments, problems and/or results in executing the project. Each report is due two weeks after the end of the fiscal quarter.

The Paperwork Reduction Act of 1995 provides an opportunity for interested parties to comment on proposed information collection requests. The IEED is proceeding with this public comment period as the first step in obtaining an information collection clearance from OMB. Each clearance request contains (1) type of review, (2) title, (3) summary of the collection, (4) respondents, (5) frequency of collection, (6) reporting and recordkeeping requirements.

II. Request for Comments

The IEED requests your comments on this collection concerning: (a) The necessity of this information collection for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden (hours and cost) of the collection of information, including the validity of the methodology and assumptions used; (c) ways we could enhance the quality, utility and clarity of the information to be collected; and (d) ways we could minimize the burden of the collection of the information on the respondents, such as through the use of automated collection techniques or other forms of information technology.

Please note that an agency may not sponsor or request, and an individual need not respond to, a collection of information unless it has a valid OMB Control Number.

It is our policy to make all comments available to the public for review at the location listed in the **ADDRESSES** section. Before including your address, phone number, e-mail address or other personally identifiable information, be advised that your entire comment—including your personally identifiable information—may be made public at any time. While you may request that we withhold your personally identifiable information, we cannot guarantee that we will be able to do so.

III. Data

OMB Control Number: 1076-0XXX.
Type of Review: New.

Title: Energy and Mineral Development Program Grant Solicitation.

Brief Description of Collection: Indian tribes that would like to apply for an EMDP grant must submit an application that includes certain information. A complete application must contain a current, signed tribal resolution that provides sufficient information to authorize the project and comply with the terms of the grant; a proposal describing the planned activities and deliverable products; and a detailed budget estimate. The IEED requires this information to ensure that it provides funding only to those projects that meet the goals of the EMDP and purposes for which Congress provides the appropriation. Upon acceptance of an application, a tribe must then submit one- to two-page quarterly progress reports summarizing events, accomplishments, problems and/or results in executing the project. Approximately 55 tribes apply each year, but IEED accepts approximately 18 of those applications each year. Response is required to obtain a benefit.

Respondents: Indian tribes with trust or restricted land.

Number of Respondents: 55 applicants per year; 18 project participants each year.

Estimated Time per Response: 40 hours per application; 1.5 hours per progress report.

Frequency of Response: Once per year for applications; 4 times per year for progress reports.

Total Annual Burden to Respondents: 2,308 hours (2,200 for applications and 108 for progress reports).

Dated: February 3, 2010.

Alvin Foster,

Acting Chief Information Officer—Indian Affairs.
