Complainant asserts that as a direct result of Respondent’s violations of the Shipping Act, Complainant has had “injury involving customer relations, its reputation in the industry and has been forced to take legal action.” Complainant requests the Commission “deny FMC OTI licenses based upon unsuitable character and violations of the Shipping Act as described herein”; and order Respondents to cease and desist from the above described violations of the Shipping Act.” Complainant requests that the Commission award reparations to Complainant in a sum of no less than \$283,918.95, plus reasonable attorney’s fees, interests and costs; that Respondents pay any other damages that may be determined proper; and that the Commission impose any other relief as the Commission determines to be proper, fair, and just.

This proceeding has been assigned to the Office of Administrative Law Judges. Hearing in this matter, if any is held, shall commence within the time limitations prescribed in 46 CFR 502.61, and only after consideration has been given by the parties and the presiding officer to the use of alternative forms of dispute resolution. The hearing shall include oral testimony and cross-examination in the discretion of the presiding officer only upon proper showing that there are genuine issues of material fact that cannot be resolved on the basis of sworn statements, affidavits, depositions, or other documents or that the nature of the matter in issue is such that an oral hearing and cross-examination are necessary for the development of an adequate record. Pursuant to the further terms of 46 CFR 502.61, the initial decision of the presiding officer in this proceeding shall be issued by February 4, 2011 and the final decision of the Commission shall be issued by June 6, 2011.
