

Respondent also holds both an allopathic physician's license and a controlled substance registration as an allopathic physician which have been issued by the Rhode Island Board of Medical Licensure and Discipline. On January 24, 2008, Respondent entered into a consent order with the Rhode Island Board; the order suspended Respondent's Rhode Island licenses based on the July 30, 2007 order of the New York Department of Health, State Board of Professional Medical Conduct, which had revoked his New York medical license on fourteen different grounds. The Rhode Island Board's order became effective on February 13, 2008. According to the online records of the Rhode Island Board, the suspension remains in effect as of the date of this Decision and Final Order. The Rhode Island Board's online records further indicate that Respondent's state controlled substances registration is inactive, because a prerequisite (*i.e.*, his state medical license) is inactive. I therefore find that Respondent is not currently authorized under Rhode Island law to dispense controlled substances.

Discussion

Under the Controlled Substances Act (CSA), a practitioner must be currently authorized to handle controlled substances in "the jurisdiction in which he practices" in order to maintain a DEA registration. See 21 U.S.C. 802(21) ("[t]he term 'practitioner' means a physician * * * licensed, registered, or otherwise permitted, by * * * the jurisdiction in which he practices * * * to distribute, dispense, [or] administer * * * a controlled substance in the course of professional practice"). See also *id.* § 823(f) ("The Attorney General shall register practitioners * * * if the applicant is authorized to dispense * * * controlled substances under the laws of the State in which he practices."). As these provisions make plain, possessing authority under state law to handle controlled substances is an essential condition for holding a DEA registration.

Accordingly, DEA has held repeatedly that the CSA requires the revocation of a registration issued to a practitioner whose state license has been suspended or revoked. *Scott Sandarg*, 74 FR 17528, 17529 (2009); *Sheran Arden Yeates*, 71 FR 39130, 39131 (2006); *Dominick A. Ricci*, 58 FR 51104, 51105 (1993); *Bobby Watts*, 53 FR 11919, 11920 (1988). See also 21 U.S.C. 824(a)(3) (authorizing the revocation of a registration "upon a finding that the registrant * * * has had his State license or registration suspended [or] revoked * * * and is no

longer authorized by State law to engage in the * * * distribution [or] dispensing of controlled substances").

As found above, Respondent currently lacks authority to dispense controlled substances in Rhode Island, the State in which he holds his DEA registration. Because Respondent no longer meets the CSA's fundamental requirement for holding a registration, see 21 U.S.C. 823(f), his registration will be revoked.

Order

Pursuant to the authority vested in me by 21 U.S.C. 823(f) & 824(a), as well as 28 CFR 0.100(b) & 0.104, I order that DEA Certificate of Registration, BW6030857, issued to Dwayne LaFrantz Wilson, M.D., be, and it hereby is, revoked. I further order that any pending application of Dwayne LaFrantz Wilson, M.D., to renew or modify his registration, be, and it hereby is, denied. This Order is effective March 29, 2010.

Dated: February 13, 2010.

Deputy Administrator.

BILLING CODE 4510-29-P

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA)

publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. They authorize the preservation of records of continuing value in the National Archives of the United States and the destruction, after a specified period, of records lacking administrative, legal, research, or other value. Notice is published for records schedules in which agencies propose to destroy records not previously authorized for disposal or reduce the retention period of records already authorized for disposal. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

DATES: Requests for copies must be received in writing on or before March 29, 2010. Once the appraisal of the records is completed, NARA will send a copy of the schedule. NARA staff usually prepare appraisal memorandums that contain additional information concerning the records covered by a proposed schedule. These, too, may be requested and will be provided once the appraisal is completed. Requesters will be given 30 days to submit comments.

ADDRESSES: You may request a copy of any records schedule identified in this notice by contacting the Life Cycle Management Division (NWML) using one of the following means:

Mail: NARA (NWML), 8601 Adelphi Road, College Park, MD 20740-6001.

E-mail: request.schedule@nara.gov.

FAX: 301-837-3698.

Requesters must cite the control number, which appears in parentheses after the name of the agency which submitted the schedule, and must provide a mailing address. Those who desire appraisal reports should so indicate in their request.

FOR FURTHER INFORMATION CONTACT:

Laurence Brewer, Director, Life Cycle Management Division (NWML), National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001. Telephone: 301-837-1539. E-mail: records.mgt@nara.gov.

SUPPLEMENTARY INFORMATION: Each year Federal agencies create billions of records on paper, film, magnetic tape, and other media. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA's approval, using the Standard Form (SF) 115, Request for

Records Disposition Authority. These schedules provide for the timely transfer into the National Archives of historically valuable records and authorize the disposal of all other records after the agency no longer needs them to conduct its business. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

The schedules listed in this notice are media neutral unless specified otherwise. An item in a schedule is media neutral when the disposition instructions may be applied to records regardless of the medium in which the records are created and maintained. Items included in schedules submitted to NARA on or after December 17, 2007, are media neutral unless the item is limited to a specific medium. (See 36 CFR 1225.12(e).)

No Federal records are authorized for destruction without the approval of the Archivist of the United States. This approval is granted only after a thorough consideration of their administrative use by the agency of origin, the rights of the Government and of private persons directly affected by the Government's activities, and whether or not they have historical or other value.

Besides identifying the Federal agencies and any subdivisions requesting disposition authority, this public notice lists the organizational unit(s) accumulating the records or indicates agency-wide applicability in the case of schedules that cover records that may be accumulated throughout an agency. This notice provides the control number assigned to each schedule, the total number of schedule items, and the number of temporary items (the records proposed for destruction). It also includes a brief description of the temporary records. The records schedule itself contains a full description of the records at the file unit level as well as their disposition. If NARA staff has prepared an appraisal memorandum for the schedule, it too includes information about the records. Further information about the disposition process is available on request
