Description of the need for the information and proposed use: HUD and state, local and tribal agencies administering HUD-assisted programs must enforce Federal wage and reporting requirements on covered HUD-assisted construction and maintenance work. Enforcement activities include contacting laborers

and mechanics and requesting information about their employment on covered projects. In addition, HUD and these agencies may be contacted by the workers or by others who wish to file a complaint of labor standards violation(s). HUD has instituted two forms for these collections: an employee questionnaire (in English, Spanish, and electronic versions) and a complaint intake form. The questionnaire may be mailed to employees or may be otherwise provided to them to complete and return to HUD or the agency. The questionnaire is also available on-line through HUD's web site. This version can be completed on-screen for electronic submission or it can be printed for hard-copy submission. Complaint intake forms will be used by HUD and agency personnel to record information provided by complainants about the nature of the alleged violation(s). Both forms may be supplemented with additional pages, as needed. Responses and the provision of supplemental information are voluntary on the part of questionnaire respondents. Questionnaire responses and complaint intake forms must be retained by the HUD and agencies to document the sufficiency of enforcement efforts.
