SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. 30141(a)(1)(B), a motor vehicle that was not originally manufactured to conform to all

applicable FMVSS, and has no substantially similar U.S.-certified counterpart, shall be refused admission into the United States unless NHTSA has decided that the motor vehicle has safety features that comply with, or are capable of being altered to comply with, all applicable FMVSS based on destructive test data or such other evidence as NHTSA decides to be adequate.

Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR Part 592. As specified in 49 CFR 593.7, NHTSA publishes notice in the **Federal Register** of each petition that it receives, and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the **Federal Register**.

Red Top Auto Sales (Red Top) of Fort Myers, Florida (Registered Importer 08-354) has petitioned NHTSA to decide whether 2009 AL Spaw EMA Mobile Stage trailers that were not originally manufactured to conform to all applicable FMVSS are eligible for importation into the United States. Red Top contends that these vehicles are eligible for importation under 49 U.S.C. 30141(a)(1)(B) because they have safety features that comply with, or are capable of being altered to comply with, all applicable FMVSS. Red Top submitted information with its petition intended to demonstrate that 2009 AL Spaw EMA Mobile Stage trailers are capable of being modified to comply with all applicable standards.

Specifically, the petitioner claims that 2009 AL Spaw EMA Mobile Stage trailers are capable of being altered to meet the following standards, in the manner indicated:

Standard No. 108 *Lamps, Reflective Devices and Associated Equipment:* installation of conforming rear reflex reflectors, license plate lamps, rear side marker lamps, front side marker lamps, intermediate side markers lamps, rear side reflex reflectors, front side reflex reflectors, intermediate side reflex reflectors, rear identification lamps and rear clearance lamps, to achieve compliance with the standard.

Standard No. 109 *New Pneumatic Tires for Vehicles Other than Passenger Cars:* Inspection of all vehicles and replacement of any non conforming tires with ones that meet the standard.

Standard No. 110 *Tire Selection and Rims for Motor Vehicles Other than*

Passenger Cars: installation of conforming rims and a tire information placard to achieve compliance with the standard.

All comments received before the close of business on the closing date indicated above will be considered, and will be available for examination in the docket at the above address both before and after that date. To the extent possible, comments filed after the closing date will also be considered. Notice of final action on the petition will be published in the **Federal Register** pursuant to the authority indicated below.

Authority: 49 U.S.C. 30141(a)(1)(A) and (b)(1); 49 CFR 593.8; delegations of authority at 49 CFR 1.50 and 501.8.

Issued on: February 22, 2010.
