Office of Hazardous Materials Safety; Notice of Applications for Modification of Special Permit

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA), DOT.

ACTION: List of applications for modification of special permits.

SUMMARY: In accordance with the procedures governing the application for, and the processing of, special permits from the Department of Transportation's Hazardous Material Regulations (49 CFR Part 107, Subpart B), notice is hereby given that the Office of Hazardous Materials Safety has received the applications described herein. This notice is abbreviated to

expedite docketing and public notice. Because the sections affected, modes of transportation, and the nature of application have been shown in earlier **Federal Register** publications, they are not repeated here. Requests for modification of special permits (e.g. to provide for additional hazardous materials, packaging design changes, additional mode of transportation, etc.) are described in footnotes to the application number. Application numbers with the suffix "M" denote a modification request. These applications have been separated from

the new application for special permits to facilitate processing.
DATES: Comments must be received on or before March 18, 2010.
ADDRESS COMMENTS TO: Record Center, Pipeline and Hazardous Materials Safety Administration, U.S. Department of Transportation, Washington, DC 20590.
 Comments should refer to the application number and be submitted in triplicate. If confirmation of receipt of comments is desired, include a self-addressed stamped postcard showing the special permit number.
FOR FURTHER INFORMATION CONTACT: Copies of the applications are available

for inspection in the Records Center, East Building, PHH-30, 1200 New Jersey Avenue Southeast, Washington DC or at <http://regulations.gov>.

Federal Railroad Administration

Notice of Informational Filing

In accordance with Section 236.913 of Title 49 of the Code of Federal Regulations (CFR), notice is hereby given that the Federal Railroad Administration (FRA) has received an informational filing from the Marquette Rail, LLC to permit field testing of the TrackAccess System in the autonomous mode without a dispatcher. The

informational filing is described below, including the requisite docket number where the informational filing and any related information may be found. The document is also available for public inspection; however, FRA is not accepting public comments.

Marquette Rail, LLC

[Docket Number FRA-2008-0081]

The Marquette Rail, LLC has submitted an informational filing to permit field testing of the software-based dispatch system for low density lines identified as TrackAccess System. The informational filing addresses the requirements under 49 CFR 236.913(j)(1). Specifically, the informational filing contains a description of the TrackAccess product and an operational concepts document, pursuant to 49 CFR 236.913(j)(1).

TrackAccess is an electronic track occupancy system similar to the conventional block register. It is designed to protect the area of exclusive track occupancy given to roadway
